Simple Hospitality Jane Jarrell, 2005-06-05 What images come to mind when you think about hospitality? June Cleaver with a plate of warm cookies as Beaver arrives home from school? Susie Homemaker with a meal to deliver to a new mother? An immaculate home with no dust bunnies or cheese puff-encrusted toys? More than a chicken casserole and a bag of salad, writes Jane Jarrell, hospitality is kindness in its simplest form—loving others where they are with what God has given you. Dubbed the Queen of Hospitality, Jane is passionate about creating an environment of love and encouragement, even in today's hectic world of monstrous to-do lists and worn out soccer moms. Packed with possibility, each chapter examines a different facet of lifestyle hospitality offering ideas, testimonials, and triumphs in the satisfying skill of kindness in action. With emphasis on keeping it simple, Jane provides fresh ideas in a light, humorous tone, along with easy instructions, quick recipes, time saving lists, and fun illustrations.

"If you read one book on healing, this is it!"—Marilyn Paul, PhD, bestselling author of *An Oasis in Time* Almost half of Americans struggle with illness—everything from heart disease, diabetes, and lupus to fibromyalgia, rheumatoid arthritis, cancer, or chronic pain. More than a third of our population is obese. As a nation, we are sick—and getting sicker, but it doesn't have to be that way. So instead of prescribing a specific treatment, diet, or exercise routine, *Everyday Healing* provides daily action steps to help you eliminate old habits and establish new paths to health. It offers practical guidance on overcoming healing challenges—from organizing your kitchen in order to cook healthier meals and boosting your confidence that you can heal, to having a tough conversation with an unsupportive spouse. Readers of *Everyday Healing* will find: Personal stories and medical studies that demonstrate the power of each daily action step. Tips to effectively research and evaluate new treatment options. Tools to manage tough emotions and create a fabulous support team. Organizing principles to routinize healthy eating, sleeping, and exercise. Instead of giving you a one-size-fits-all prescription, Janette lovingly provides the tools to find your own path to health and stick to it. It's a must-read for anyone seeking real healing."—Andrew D. Shiller, MD, founder of Integrative Rehabilitation Medicine

The Happiness Project Gretchen Rubin, 2012-06-26 What if you could change your life--without changing your life? Gretchen had a good marriage, two healthy daughters, and work she loved--but one day, stuck on a city bus, she realized that time was flashing by, and she wasn't thinking enough about the things that really mattered. "I should have a happiness project," she decided. She spent the next year test-driving the wisdom of the ages, current scientific studies, and lessons from popular culture about how to be happier. Each month, she pursued a different set of resolutions: go to sleep earlier, quit nagging, forget about results, or take time to be silly. Bit by bit, she began to appreciate and amplify the happiness that already existed in her life. Written with humour and insight, Gretchen's story will inspire you to start your own happiness project. Now in a beautiful, expanded edition, Gretchen offers a wealth of new material including happiness paradoxes and practical tips on many daily matters: being a more light-hearted parent, sticking to a fitness routine, getting your sweetheart to do chores without nagging, coping when you forget someone's name and more.

The Happiness Project, Tenth Anniversary Edition Gretchen Rubin, 2018-10-30 Drawing at once on cutting-edge science, classical philosophy, and real-world applicability, Rubin dedicated a year to her happiness project—an attempt to discover what leads to true contentment. In this lively and compelling account, Rubin chronicles her adventures during the twelve months she spent test-driving the wisdom of the ages, current scientific research, and lessons from popular culture about how to be happier. Among other things, she found that novelty and challenge are powerful sources of happiness; that money can help buy happiness, when spent wisely; that outer order contributes to inner calm; and that the very smallest of changes can make the biggest difference.
