ED. GOODALL

Dead of Winter Darcy Coates, 2023-07-11 USA TODAY BESTSELLER * JULY 2023 LIBRARYREADS SELECTION Eight strangers. One killer. Nowhere left to run. A fast-paced thriller aimed at readers who enjoy a hunt. —Kirkus Reviews When Christa joins a tour group heading deep into the snowy expanse of the Rocky Mountains, she's hopeful this will be her chance to put the ghosts of her past to rest. But when a bitterly cold snowstorm sweeps the region, the small group is forced to take shelter in an abandoned hunting cabin. Despite the uncomfortably claustrophobic quarters and rapidly dropping temperature, Christa believes they'll be safe as they wait out the storm. She couldn't be more wrong. Deep in the night, their tour guide goes missing...only to be discovered the following morning, his severed head impaled on a tree outside the cabin. Terrified, and completely isolated by the storm, Christa finds herself trapped with eight total strangers. One of them kills for sport...and they're far from finished. As the storm grows more dangerous and the number of survivors dwindles one by one, Christa must decide who she can trust before this frozen mountain becomes her tomb. Praise for *Dead of Winter*: Coates's latest is a compelling page-turner for readers of horror and thriller fiction, in the vein of Dean Koontz and Stephen King. The writing is magnetic and descriptive in a way that will have readers shivering from both the cold and outright fear. — Library Journal The execution is fresh, scary, and—especially for readers who are even a little claustrophobic—deeply unsettling. Coates' writing is so vivid that we can hear the winds buffeting the cabin, we can feel the bone-chilling cold, and we can smell the fear. Fine work. — Booklist A fast-paced thriller aimed at readers who enjoy a hunt. — Kirkus Reviews _____ Keywords: Thriller, horror, suspense, serial killer, blizzard, murder mystery, psychological suspense, suspense fiction, psychological thrillers, dark fiction, revenge, vengeance, crime, gritty mysteries, survival, horror survival, winter, snowstorm, locked room mystery, murder, hypothermia, axe murder, butcher, winter cabin, crime mystery, wilderness survival

Ghost Station S.A. Barnes, 2024-04-09 “Relentlessly creepy and fantastically atmospheric...*Ghost Station* is space horror at its best.”—The New York Times A crew must try to survive on an ancient, abandoned planet in the latest space horror novel from S.A. Barnes, acclaimed author of *Dead Silence*. An abandoned planet. A hidden past. A deadly danger. Psychologist Dr. Ophelia Bray has dedicated her life to the study and prevention of Eckhart-Reiser syndrome (ERS)—the most famous case of which resulted in the brutal murders of twenty-nine people. It's personal to her, and when she's assigned to a small exploration crew who recently suffered the tragic death of a colleague, she wants to help. But as they begin to establish

residency on an abandoned planet, it becomes clear that the crew is hiding something. And Ophelia's crewmates are far more interested in investigating the eerie, ancient planet and unraveling the mystery behind the previous colonizers' hasty departure than opening up to her. That is, until their pilot is discovered gruesomely murdered. Is this Ophelia's worst nightmare starting—a wave of violence and mental deterioration from ERS? Or is it something even more sinister? Terrified that history will repeat itself, Ophelia and the crew must work together to figure out what's happening. But trust is hard to come by...and the crew members aren't the only ones keeping secrets. Also by S.A. Barnes: *Dead Silence Cold Eternity* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
