The Secret Book of John ,2006 A translation and annotation of the Gnostic religion by the author of The Gospel of Thomas.

The Eclipses of John's Book of Revelation Matko Utrobičić,2024-03-15 Who is the beast in Revelation? What does the number 666 mean? Who are the four horsemen of the apocalypse? Who is the author of Revelation? When was it created? Where will be the battle of the judgment day? And when? This book contains the answers to these questions. Events and visions are connected in a clear and logical explanation that corresponds with known historical events. This book is a rational and reasoned interpretation based on the analysis of the text within the book of Revelation itself and its comparison with other religious systems, written with the aim of offering essential answers.

The Use of Scripture in the Apocryphon of John David Creech,2017-08-01 David Creech explores at length the Apocryphon of John's ambivalent treatment of the Jewish and Christian scriptures. Although Moses is explicitly corrected at five points in the text, Genesis' account of creation is nonetheless the basis for the Apocryphon's cosmogony and anthropogony. Its uneven treatment of the biblical text is the result of a dispute between the authors of the Apocryphon and other early Catholics. At the earliest stage of the text the Christians who wrote and read the Apocryphon worshiped alongside other early catholic Christians without any sense of contradiction or inconsistency. The key shift in the Apocryphon occurred after Irenaeus of Lyons' assault on Knowledge Falsely So-Called. In response to his concerted effort to bring the church under the authority of early catholic bishops, the framers inserted corrections to Moses. The corrections are primarily rhetorical and used to refute early catholic identity markers.

Bad Faith Tom Drake-Brockman,2019-01-18 Jesus was murdered by the Jewish religious leaders whose power base was the temple of Jerusalem. Saul of Tarsus—later the Paul of Christianity—was one of these, and his brand of faith theology mirrored their theology of covenantal entitlement. Thus, Christianity's basic theological principles derive from those who killed Jesus. This is just one of many challenging propositions backed with strong evidence that appear in this book. Jesus, like most Jews, was attuned to faithfulness rather than pure faith, to ethical behavior based on human empathy rather than metaphysical beliefs and rituals. The central focus of Jesus was hesed, the heart of the Jewish covenant with God which linked God's mercy to human compassion and forgiveness, making both mutually interactive. This hesed forgiveness was

anathema to the temple's faux forgiveness and threatened its very existence. Therefore, Jesus came not to save us, but to show us how to save ourselves. Reinterpreting a key parable of Jesus in this light, the Parable of the Tares, Jesus can be most plausibly understood as an incarnation of Adam, the original prototype human who God, in Genesis, appointed to oversee his creation and guide our spiritual evolution. His mission was not about any sacrificial death, but about establishing the spiritual humanism of Judaic hesed as the central purpose of human existence.

Cyber Worship in Multifaith Perspectives Mohamed Taher,2006-08-17 Cyber Worship in Multifaith Perspectives, as is implied by its name, explores worship (i.e., Prayer, Praise, Scripture, Sacrament, Rituals, Confessions, Eucharist, Rites,

Pilgrimages, Reflection, Contemplation, etc.) on the Internet. It is not an everything you need to know guide about the subjects of faith and belief, religions-online, religions on the Net, or religions in cyberspace. Rather, it is a book about religious and spiritual experience under the rubric, cyber worship, which is the variety of ways religious devotion is performed and carried out on the Internet. The term 'Cyber Worship' is a catchall phrase, which includes variants such as online worship, virtual worship, electronic prayer, cyber puja, cyber synagogue, and so on. Dr. Mohamed Taher has thus assembled a quick reference for two groups: those communities that are involved in Cyber Worship and business Webs that collaborate in sustaining wired environments. As such, this book provides an interesting and current perspective on a practice that will continue to grow in the future.

Containing Multitudes Eva Nyström, 2009 This study employs as its primary source a codex from Uppsala University Library, Codex Upsaliensis Graecus 8. Its aim is to contribute to a better understanding of the Late Byzantine and post-Byzantine miscellaneous book. It is argued that multitext books reflect the time and society in which they were created. A thorough investigation of such books sheds light on the interests and concerns of the scribes, owners, and readers of the books. Containing some ninety texts of different character and from different genres, Codex Upsaliensis Graecus 8 is a complex creation, but still an example of a type of book that was common during the Middle Ages and the Renaissance. This

study takes a comprehensive view of the book in its entirety, making sense of its different parts in relation to the whole with the help of codicology and textual analysis. With that approach the original idea of the book is brought to the fore, and the texts are studied in the same context that the main scribe Theodoros chose and the early owners and readers of the book encountered. Through a systematic codicological analysis, the overall structure of the codex is explored and suggestions are made concerning the provenance. The examination of the scribal work procedure becomes a means to profile this otherwise fairly unknown scribe. The texts are grouped and characterized typologically to illustrate connections throughout the whole book as well as in relation to the separate structural units. The role of micro-texts and secondary layers of inscription is also considered. From the perspective of usability the texts are divided into four categories: narrative texts, rhetorical texts, philosophical-theological texts, and practical texts. Three texts are studied in greater depth, as examples of the width of the scribe's interests and the variety of the book's contents.

The Apocryphon of John Christi Checkett, 2015-04-03 Jesus said, Say unto the men of the world, 'Be ye diligent, that ye may receive the mysteries of light, and enter into the height of the Kingdom of Light. They are to be gentle, peacemakers, merciful, compassionate, to minister unto the poor and sick and afflicted, be loving unto God, and righteous, and live the life of absolute self-renunciation. These are all the boundary marks of the paths of them that are worthy of the mysteries of light. Unto such and such only are the mysteries to be given; the absolute condition is that they make this renunciation and repent. It is because of sinners that I have brought these mysteries into the world, for the remission of all the sins which they have committed from the beginning. Wherefore have I said unto you aforetime, I came not to call the righteous. Gnostic origen

The Twenty-First-Century Parson's Handbook Jared C. Cramer, 2025-01-30 When first published at the end of the nineteenth century, The Parson's Handbook went on to go through twelve editions, the final of which was published in 1932, four years before the death of its author, Percy Dearmer. In 1965, a thirteenth edition was published by Dearmer's student Cyril Pocknee. Now, nearly a hundred years after the publication of Dearmer's twelfth edition, Jared Cramer provides a new version of this work that will bring the insights of Dearmer's distinctively Anglican approach to worship to bear on the ministry of clergy and lay leaders in the twenty-first century. Entirely revised and rewritten with attention to the principals of modern liturgical theology and history, along with the ecumenical and multicultural context of today's Christian worship, this book demonstrates that the principles at the core of Dearmer's approach still can be of tremendous value to anyone who seeks to provide beautiful, dignified, and collaborative worship in the Anglican prayer book tradition.
