The Bar Code Tattoo (The Bar Code Trilogy, Book 1) Suzanne Weyn, 2012-10-01 Individuality vs. conformity. Identity vs. access. Freedom vs. control. The bar code tattoo. The bar code tattoo. Everybody's getting it. It will make your life easier, they say. It will hook you in. It will become your identity. But what if you say no? What if you don't want to become a code? For Kayla, this one choice changes everything. She becomes an outcast in her high school. Dangerous things happen to her family. There's no option but to run . . . for her life. Individuality vs. conformity.. Identity vs. access. Freedom vs. control. The bar code tattoo.

The Bar Code Tattoo ,2012 The first book in the exciting Bar Code series. Individuality vs. conformity. Identity vs. access. Freedom vs. control. The bar code tattoo. The barcode tattoo. Everybody's getting it. It will make your life easier, they say. It will hook you in. It will become your identity. But what if you say no? What if you don't want to become a code? For Kayla, this one choice changes everything. She becomes an outcast in her high school. Dangerous things start happening to her family. There's no option but to run . . . for her life. Individuality vs. conformity. Identity vs. access. Freedom vs. control. The barcode tattoo.

The Bar Code Rebellion (The Bar Code Trilogy, Book 2) Suzanne Weyn, 2012-10-01 The second book in the action-packed Bar Code series. They want your identity. They want your freedom. They can't have them. The bar code rebellion. Kayla has resisted getting the bar code tattoo, even though it's mean forfeiting a normal life. Without the tattoo, she's an exile. But she can't stay an exile for long. . . . For reasons she doesn't completely understand--but will soon discover--Kayla is at the center of a lethal conspiracy that will soon threaten the very notion of freedom. Kayla can either give in to the bar code, or she can join the resistance and fight it. The choice, for her, is clear: It's time to fight. They want your identity. They want your freedom. They can't have them. The bar code rebellion.

The Bar Code Prophecy Suzanne Weyn, 2012-11-01 In the third novel of this YA dystopian series, a teen goes up against a global organization trying to control humans through a bar code tattoo. The year is 2025 and the mysterious, ubiquitous, and seemingly omnipotent multi-national corporation, Global 1 is still in power. A power Grace Morrow is okay with—until she meets her biological father, who is the head of Global 1's nanobot injection project. When he warns Grace not to get the anticipated bar code tattoo when she turns seventeen, Grace is stunned by his revelations. Then she goes home to find her

adoptive family vanished. Determined to find them, she turns to the anti-bar-code group Decode. Going undercover for Decode, Grace is on a mission to figure out what Global 1 is up to and ultimately, to shut the organization down for good.

Alternate Realities Chris Rawlings, 2011-10-28 Have you ever wondered whether or not our destiny is predetermined, or how much of a choice do we really have when it comes to free will in shaping our own lives, especially while society and government continues to limit our circumstances? This book attempts to answer these questions and more. In a world set thousands of years and several millennia in the future, we might find that many problems and issues we face today will persist unless we change the way we look at our world. In the year 3333 A.D. on Planet Zeon, where the sky is no longer the limit, a nonconformist philosopher goes up against all odds to revive the importance of artists in a society filled with laser bolts and launch pads, where original ideas are becoming a rare commodity in the face of fast paced technological mass production. Will commercial materialism dominate ethical values, or can people regain their spiritual independence? If a picture is worth a thousand words then this book might be worth millions. It is a must read for anyone who has ever struggled to be recognized for their artistic integrity in order to survive amidst such a competitive corporate world, dominated by greed. Its for anyone who has ever worked hard for their dreams to come true.

The Order and the Other Joseph W. Campbell, 2019-10-08 In the mid- to late 2000s, the United States witnessed a boom in dystopian novels and films intended for young audiences. At that time, many literary critics, journalists, and educators grouped dystopian literature together with science fiction, leading to possible misunderstandings of the unique history, aspects, and functions of science fiction and dystopian genres. Though texts within these two genres may share similar settings, plot devices, and characters, each genre's value is different because they do distinctively different sociocritical work in relation to the culture that produces them. In *The Order and the Other: Young Adult Dystopian Literature and Science Fiction*, author Joseph W. Campbell distinguishes the two genres, explains the function of each, and outlines the different impact each has upon readers. Campbell analyzes such works as Lois Lowry's *The Giver* and James Dashner's *The Maze Runner*, placing dystopian works into the larger context of literary history. He asserts both dystopian literature and science fiction differently empower and manipulate readers, encouraging them to look critically at the way they are taught to encounter those who are different from them and how to recognize and work within or against the power structures around them. In doing so, Campbell demonstrates the necessity of both genres.

Bionic Suzanne Weyn, 2016-10-25 From the author of *The Bar Code Tattoo* comes an exciting look at the not too distant future. Mira has always almost had it all... until it all crashes and burns. She's hurt in a horrible car accident, and the only way the doctors can help is to try experimental prosthetics and chips that are implanted directly into her brain. It's a huge

risk, but after months of testing and therapy, Mira is back, and better than ever. But soon her friends turn against her as their parents call her on unfair advantages and get her cut from lacrosse and the scholarships she was depending on for college. And with her enhanced hearing, she knows how many people in her school and her town are calling her a robot, a cyborg. Is that true? Is Mira human, or is she somehow something other? How can she overcome the ways people see her and just be herself... especially if she's not really sure who that is anymore? Suzanne Weyn is always at the cutting edge when it comes to new tech and the questions it raises about the world we live in.

Girl Anatomy Rebecca Bloom, 2013-03-05 The hip and heart-warming story of what it means to be a girl and what it takes to become a woman. When Lilly's best friend, Maya, gets engaged, the tenuous peace treaty Lilly thought she had finally established with her perennially single self shows itself to be as long-lasting as shoulder pads and frozen yoghurt. Wavering wildly between ecstasy and envy, serial dater and retail-therapy shopper, Lilly vows to get her life together. While sipping lattes from the Coffee Bean and planning forever with Maya, Lilly embarks on an uproariously comical and strikingly poignant ride of transformation, told through a series of delightfully engaging interior monologues. Travelling the byways of her own past, Lilly learns to be optimistic about her future and relish her new-found 'chic-dom'. In a voice that grows stronger, louder and more articulate than she ever imagined, Lilly ultimately comes to embrace her on-the-verge-of-womanhood status in all its uncertain yet exciting glory. Depicting the comic adventures of being a grown-up still coming of age, Rebecca Bloom evocatively and enthusiastically reveals tender truths about friendship and true love.

Gracie Suzanne Weyn, 2007-05-29 The only tie-in book to the summer family movie about a 16-year-old girl who fought for and won the right for girls everywhere to play competitive soccer, inspired by one family's real story. Set in 1978 in South Orange, New Jersey, Gracie tells the moving story of 16-year-old Gracie Bowen (Carly Schroeder of TV's *Lizzie McGuire*), whose middle-class family life revolves almost entirely around soccer. Tragedy unexpectedly strikes when Gracie's older brother, star of the high school varsity team and her closest confidant, is killed in a drunk-driving accident. Wracked with

grief over her family's loss, Gracie decides to fill the void left on her brother's team by petitioning the local school board to allow her to play in the boys' soccer league. At first, no one can understand what Gracie is up to, not her mom (Elisabeth Shue), her former soccer star dad (Dermot Mulroney), the team or school officials. Everyone warns Gracie that pursuing her dream is a waste of time—that soccer is a sport for boys and boys only. Undeterred, Gracie finds reserves of strength she never knew existed, and persists in changing everyone's beliefs in what she is capable of, including her own. Based on true events in the lives of the Shue family (producer and co-star Andrew Shue, Academy Award®-nominated actress Elisabeth Shue and their family), Gracie is an exciting and emotional sports story that marks the dramatic feature debut of Academy Award®-winning director Davis Guggenheim (An Inconvenient Truth). This young adult novel includes an eight-page color photo section and a Q&A with Andrew Shue and Elisabeth Shue about the real-life story behind the film. 8-page color photo insert.
