The Korean War and Postmemory Generation Dong-Yeon Koh, 2021-07-30 This pioneering volume navigates cultural memory of the Korean War through the lens of contemporary arts and film in South Korea for the last two decades. Cultural memory of the Korean War has been a subject of persistent controversy in the forging of South Korean postwar national and ideological identity. Applying the theoretical notion of “postmemory,” this book examines the increasingly diversified attitudes toward memories of the Korean War and Cold War from the late 1990s and onward, particularly in the demise of military dictatorships. Chapters consider efforts from younger generation artists and filmmakers to develop new ways of representing traumatic memories by refusing to confine themselves to the tragic experiences of survivors and victims. Extensively illustrated, this is one of the first volumes in English to provide an in-depth analysis of work oriented around such themes from 12 renowned and provocative South Korean artists and filmmakers. This includes documentary photographs, participatory public arts, independent women’s documentary films, and media installations. *The Korean War and Postmemory Generation* will appeal to students and scholars of film studies, contemporary art, and Korean history.

From Pearl Harbor to Saigon Toshio Whelchel, 1999-06-17 Among Vietnam veterans, Japanese Americans have remained largely silent about their wartime experiences. Until now. In this groundbreaking book, many of them talk for the first time about their struggle for identity in the US and how this affected their participation in the Vietnam War.

How Nature Works Sarah Besky, Alex Blanchette, 2019-10-15 We now live on a planet that is troubled—even overworked—in ways that compel us to reckon with inherited common sense about the relationship between human labor and nonhuman nature. In Paraguay, fast-growing soy plants are displacing both prior crops and people. In Malaysia, dispossessed farmers are training captive orangutans to earn their own meals. In India, a prized dairy cow suddenly refuses to give more milk. Built from these sorts of scenes and sites, where the ultimate subjects and agents of work are ambiguous, *How Nature Works* develops an anthropology of labor that is sharply attuned to the irreversible effects of climate change, extinction, and deforestation. The authors of this volume push ethnographic inquiry beyond the anthropocentric documentation of human work on nature in order to develop a language for thinking about how all labor is a collective

ecological act.

US Army's First, Last, and Only All-Black Rangers Edward L. Posey,2009-06-23 Finalist, Army Historical Foundation Distinguished Book Award: An account of this elite unit serving in the last days of a segregated military: "Riveting." —The Journal of African American History The 2nd Ranger Infantry Company (Airborne) was the first and only all-black Ranger unit in the history of the United States Army. The company's life span covered ten months, from selection and training through a seven-month combat deployment in Korea, after which the unit was deactivated. The 2nd and 4th Rangers were among the units initially assigned to the Eighth Army and were considered to be "combat ready." The 2nd Ranger Company battled North Korean and Communist Chinese forces near Tangyang, Majori-ri, and Chechon; conducted the first airborne assault in Ranger history near the town of Munsan-ni; and executed the heroic attack and defense of Hill 581. In their short time together, these men demonstrated courage, served with honor, and achieved a magnificent combat record. This is the first complete history of this elite all-volunteer unit whose members were drawn from the 3rd Battalion of the 505th Airborne Infantry Regiment and the 80th Airborne Anti-Aircraft Battalion. As a member of the unit, Edward L. Posey bases his account on firsthand experience, official records, interviews with survivors, and other material to produce a rich and worthy addition to the growing literature on the Korean War. Posey's study explains the obstacles these patriotic men faced, their sacrifices, and their courageous actions on the far side of the world. "Outstanding . . . a shining example of what Americans are capable of accomplishing." —John Conyers, Jr.

Historical Occurrences of the Lrrp/Rangers of the 1St Cavalry Division During the Vietnam War John LeBrun,Bill Carpenter,2019-12-09 Many books have been written about the Vietnam War. Most of them are just overviews of events and often focus on the political aspect of the conflict. Rarely is an individual under the rank of general mentioned, except for a paragraph or two about individuals who earned the Medal of Honor. Some books have been written by individuals who actually saw combat. They often name people who engaged the enemy. These are people whose boots were not spit shined and uniform did not have starched creases. This book contains stories by, and about, the men who served in one company, the 1st Cavalry Division's LRRP/Rangers Company in the Vietnam War.
