CL Gary

**A Special Place for Women** Laura Hankin, 2022-05-24 As seen on Good Morning America as a Summer Reads Pick “One of the smartest, sharpest, and funniest books I’ve read in years... Some books are meant to be devoured—this one does the devouring.”—Emily Henry, #1 New York Times bestselling author of *People We Meet on Vacation* One of Summer 2021's Most Anticipated Novels Good Morning America, Cosmopolitan, Good Housekeeping, Real Simple, theSkimm, E! Online, Oprah Daily, The New York Post, Woman's Day, Parade, Bustle, Yahoo!, The Stripe, Popsugar, Medium, Lithub, Book Riot, The Nerd Daily, and more! It's a club like no other. Only the most important women receive an invitation. But one daring young reporter is about to infiltrate this female-run secret society, whose bewitching members are caught up in a dark and treacherous business. From the author of *Happy and You Know It*. For years, rumors have swirled about an exclusive, women-only social club where the elite tastemakers of NYC meet. People in the know whisper all sorts of claims: Membership dues cost \$1,000 a month. Last time Rihanna was in town, she stopped by and got her aura read. The women even handpicked the city's first female mayor. But no one knows for sure. That is, until journalist Jillian Beckley decides she's going to break into the club. With her career in freefall, Jillian needs a juicy scoop, and she has a personal interest in bringing these women down. But the deeper she gets into this new world—where billionaire girlbosses mingle with witchy Bohemians—the more Jillian learns that bad things happen to those who dare to question the club's motives or giggle at its outlandish rituals. The select group of women who populate the club may be far more powerful than she ever imagined. And far more dangerous too.

**Gendering Politics** Hanna Herzog, 2010-05-25 What are the cultural and structural mechanisms that exclude women from politics in general and from local politics in particular? What meaning is ascribed to women's political activity? *Gendering Politics* explores the place of women in democratic politics by means of a detailed study of women in Israeli politics who were elected to municipal councils from 1950 to 1989. Drawing from a variety of sources, including questionnaires, interviews, newspaper coverage, and existing statistical data, as well as examinations of studies of the role of women in politics in other democracies, Herzog analyzes the extent of success and failure of women in Israeli elections. She then explores reasons why female participation in Israeli politics has been relatively slight, despite historical precedents and social circumstances that would indicate otherwise. The author examines the gendered bias of the power structure as it is

shaped by basic cultural organizing principles. She exposes hidden assumptions--and notes the overt assumptions--which by definition exclude women from politics. The author also looks at the structure of opportunities within the prevailing political system, uncovering the relevant blocking and facilitating elements. Gendering Politics will be of interest to students and scholars of women's studies, Israeli studies, political sociology, and political science. Hanna Herzog is Associate Professor of Sociology, Tel Aviv University.

Out in the Center Harry C. Denny, Robert Mundy, Liliana M. Naydan, Richard Sévère, Anna Sicari, 2019-03-01 Out in the Center explores the personal struggles of tutors, faculty, and administrators in writing center communities as they negotiate the interplay between public controversies and features of their own intersectional identities. These essays address how race, ethnicity, gender, sexuality, class, faith, multilingualism, and learning differences, along with their intersections, challenge those who inhabit writing centers and engage in their conversations. A diverse group of contributors interweaves personal experience with writing center theory and critical race theory, as well as theories on the politics and performance of identity. In doing so, Out in the Center extends upon the writing center corpus to disrupt and reimagine conventional approaches to writing center theory and practice. Out in the Center proposes that practitioners benefit from engaging in dialogue about identity to better navigate writing center work—work that informs the local and carries forth a social and cultural impact that stretches well beyond academic institutions. Contributors: Allia Abdullah-Matta, Nancy Alvarez, Hadi Banat, Tammy S. Feminism Without Illusions Elizabeth Fox-Genovese, 1991 In arguing that feminism has neither adequately acknowledged its ties to individualism nor squarely faced the extent to which many of its campaigns for social justice are based on the insistence of rights for the individual over good of the community, thi

**Female Celebrity and Ageing** Deborah Jermyn, 2016-04-29 Female Celebrity and Ageing: Back in the Spotlight interrogates the myriad ways in which celebrity culture constructs highly visible ideologies of femininity and ageing, and how ageing female celebrities have negotiated the media in a variety of industrial, historical and national contexts. In the era when the 'baby boomers' have started drawing their pensions, the boundaries of what constitutes 'old age' have never seemed more fluid, and ageing has never been presented by advertisers and marketers in a more dynamic fashion. However, the fact remains that ageing is still widely feared, and growing old is an inherently gendered process, in which ageing women are paradoxically both rendered invisible and subjected to damning scrutiny. Nowhere is this conflicting state of affairs more evident than in celebrity culture, where ageing female stars are praised for 'growing old gracefully' one moment, and condemned for 'letting themselves go' the next, when they fail to age 'appropriately'. Examining a variety of themes and

ageing women in the spotlight, from Barbara Stanwyck to Madonna to Charlotte Rampling, the essays collected here forge new critical and conceptual insights into how women grow older in the media, and the implications of this for what Susan Sontag memorably called the double standard of ageing. This book is based on a special issue of *Celebrity Studies*.

**X-Rays, Spirits, and Witches** Julian M. Murchison,2017-09-15 Based on primary research conducted in Tanzania over the last fifteen years, *X-Rays, Spirits, and Witches*, provides an ethnography specifically designed for use in medical anthropology classes. The text is organized around four key topics that are recurrent themes in medical anthropology across diverse settings: medical pluralism, illness narratives, embodied experiences of health and illness, and the multilayered ways that power dynamics influence healthcare. In addition to telling an engaging story of health, illness, and medical treatment as experienced in a real-world setting, the chapters link anthropological terms and concepts to specific events. Unobtrusive in-text definitions as well as a complementary glossary of terms help students recognize and employ the language of medical anthropology. Short pull-out boxes explore key concepts (such as the idea of “the medical gaze”) and highlight for further consideration issues which are of particular relevance in the medical anthropology classroom. Such pedagogical elements are designed to complement but not bog down the ethnography—enabling students to make better connections between real-world research and core textbook concepts.
