CliffsNotes on Ibsen's Plays I: A Doll's House & Hedda Gabler Marianne Sturman, 2017-04-25 The original CliffsNotes study guides offer a look into critical elements and ideas within classic works of literature. CliffsNotes on A Doll's House & Hedda Gabler takes you into Henrik Ibsen's dramatic plays, controversial theater productions that inflamed audience reactions in the nineteenth century. A Doll's House follows the story of a housewife who emerges from the confinement of her married life to confront the conditions of the outside world. Typical of Ibsen's dramas, Hedda Gabler portrays a depraved world in which women in particular submit to unsatisfying socially imposed roles. Summaries and expert commentaries cover each act within both plays; other features that help you figure out these important works include Life and background of the playwright Summary of Ibsen's most famous plays Analysis of the plays' structure, themes, and characters A complete list of Ibsen's drama Sample exam questions and essay topics Classic literature or modern-day treasure—you'll understand it all with expert information and insight from CliffsNotes study guides.

Ibsen: A Doll's House Egil Törnqvist, 1995-04-27 This 1995 critical study of Ibsen's A Doll's House addresses fundamental questions of text, reception and performance. What is the definitive 'version' of A Doll's House: original text, translation, stage presentation, radio version, adaptation to film or television? What occurs when a drama intended for recipients in one language is translated into another, or when a play written for the stage is adapted for radio, television or film? And to what extent do differences between the media and between directorial approaches influence the meaning of the play text? Discussions of these issues include an internal analysis of the dramatic text and comparative performance analysis, framed by the biographical background to the play and its impact on dramas by Strindberg, Shaw and O'Neill and on films by Ingmar Bergman. The book concludes with a list of productions and a select bibliography.

Tools and Techniques for Character Interpretation Robert Blumenfeld,2006-03 (Limelight). A must for both the aspiring and seasoned artist. Uniquely geared to the work of theatre and film artists, this book, for the first time, sets out clearly and concisely the ideas, principles, and character typology of various psychological schools from Freudian, Kleinian, and Jungian to contemporary developments. The practical uses and applications of their theories are graphically demonstrated throughout the book by means of numerous examples and in-depth analyses drawn from classic and contemporary theatrical and cinematic literature. Stanislavskian methods are also discussed. An immensely useful, essential tool for character creation and analysis. Features a foreword by noted acting teacher Alice Spivak.

A Doll's House and Other Plays Henrik Ibsen,2016-09-13 Four of Ibsen's most important plays in superb modern translations, part of the new Penguin Ibsen series. With her assertion that she is "first and foremost a human being," rather than a wife, mother or fragile doll, Nora Helmer sent shockwaves throughout Europe when she appeared in Henrik Ibsen's greatest and most famous play, A Doll's House. Ibsen's follow-up, Ghosts, was no less radical, with its unrelenting investigation into religious hypocrisy, family secrets, and sexual double-dealing. These two masterpieces are accompanied here by The Pillars of Society and An Enemy of the People, both exploring the tensions and dark compromises at the heart of society.
