Nuevos ensayos mexicanos Friedrich Katz, 2014-05-15 Los ensayos incluidos en este libro abarcan seis siglos de historia de la región que hoy día constituye México. Se comparan el imperio azteca y el de los incas; se estudia el efecto que tuvieron sobre México cinco conflagraciones, desde la guerra mexicano-estadounidense de 1847 hasta la Segunda Guerra Mundial, se contrasta la Revolución Mexicana con la revolución rusa y la revolución cultural china, y se intenta mostrar cómo la política mexicana durante la Guerra Fría fue a la vez similar y distinta de la del resto del continente. Se presentan también ensayos sobre Benito Juárez, la República Restaurada, el fin del régimen en las haciendas porfirianas, la política exterior de Cárdenas, entre otros temas.

Diez ensayos liberales Carlos Rodríguez Braun, 2008-05 Carlos Rodríguez Braun analiza la sociedad libre y sus enemigos, y defiende la libertad desde perspectivas poco habituales, como la moral.

El mundo hispanohablante contemporáneo Clara Mojica-Díaz, Lourdes Sánchez-López, 2015-10-05 El mundo hispanohablante contemporáneo: historia, política, sociedades y culturas is a comprehensive and innovative book for advanced students of Spanish. Offering a constructivist approach to the study of the civilizations, cultures and histories of the contemporary Spanish-speaking world, the book focuses on learning as an active process that enables learners to develop high-level critical thinking skills through the exposure, research, examination and discussion of a variety of authentic films,

songs and literary texts. Divided into twelve chapters, each chapter begins with an introduction to the general topic followed by various activities that lead students to critically analyse a range of authentic materials. Learners are able to practice higher level critical-thinking and linguistic skills through a wealth of tasks and exercises which culminate in a capstone section that requires the application of the concepts learned and sources utilized throughout the lesson. El mundo hispanohablante contemporáneo: historia, política, sociedades y culturas offers great flexibility and adaptability to suit advanced courses in Hispanic culture and civilization. Each chapter is methodologically designed with a balanced mix of activities for individual and teamwork. Additional resources are available online for both instructors and students. These include an instructor's guide with answer key, a grammar supplement and links to the authentic materials referenced within the book.

Ensayos sobre población y sociedad Víctor L. Urquidi,Francisco Alba,2010 El presente volumen recoge una selección de la obra de Urquidi en materia de población y desarrollo. Su visión al respecto era amplia como lo eran su pensamiento sobre el desarrollo económico y las estrategias para lograrlo. De hecho, el término de desarrollo para él era un concepto comprensivo que, de asociarse con algunos calificativos, incluía los de económico, social, equitativo y sustentable. Por lo anterior, el material seleccionado en este volumen trasciende la que sería una definición estrecha de la cuestión poblacional desde la perspectiva del desarrollo. De ahí, también, que el título de este volumen sea Ensayos sobre población y sociedad.

Ensayos sobre subversión H. A. Murena,2002 La pregunta por la identidad latinoamericana, la cuestión del ser de América, recorre toda la obra de Héctor Álvarez Murena. No es, en su caso, una pregunta retórica pues parte de una subjetividad crítica sobre la actual sociedad, no se pierde en el lamento ni en la anécdota sino que va a las cuestiones más cruciales: la técnica y el lenguaje, y anticipa la crítica de la sociedad tecnocrática y de sus ideologías. Pensamiento a destiempo, anacrónico -como Murena gustaba decir- fuera de modas, para indagar con libertad sobre la idea de progreso y de sentido, sobre la condición humana.
