It was discovered by Hemingway's widow, Mary, among 332 different works left unfinished at his death and, as with Hemingway's previous works, draws heavily on his personal relationships and experiences during the Second World War. Beginning in the 1930s, *Islands in the Stream* follows the fortunes of Thomas Hudson, from his experiences as a painter on the Gulf Stream island of Bimini through his antisubmarine activities off the coast of Cuba during World War II. Hemingway is at his mature best in this beguiling tale.

**Ernest Hemingway** Mark Cirino, 2012-07-16 Ernest Hemingway's groundbreaking prose style and examination of timeless themes made him one of the most important American writers of the twentieth century. Yet in Ernest Hemingway: Thought in Action, Mark Cirino observes, "Literary criticism has accused Hemingway of many things but thinking too deeply is not one of them." Although much has been written about the author's love of action—hunting, fishing, drinking, bullfighting, boxing, travel, and the moveable feast—Cirino looks at Hemingway's focus on the modern mind, paralleling the interest in consciousness of such predecessors and contemporaries as Proust, Joyce, Woolf, Faulkner, and Henry James. Hemingway, Cirino demonstrates, probes the ways his character's minds respond when placed in urgent situations or when damaged by past traumas. In Cirino's analysis of Hemingway's work through this lens—including such celebrated classics as *A Farewell to Arms*, *The Old Man and the Sea*, and "Big Two-Hearted River" and less-appreciated works including *Islands in the Stream* and "Because I Think Deeper"—an entirely different Hemingway hero emerges: intelligent, introspective, and ruminative.
