**Guillaume Favre**

**Everything I Want To Do Is Illegal** Joel Salatin, 2007-07-24 Drawing upon 40 years' experience as an ecological farmer and marketer, Joel Salatin explains with humor and passion why Americans do not have the freedom to choose the food they purchase and eat. From child labor regulations to food inspection, bureaucrats provide themselves sole discretion over what food is available in the local marketplace. Their system favors industrial, global corporate food systems and discourages community-based food commerce, resulting in homogenized selection, mediocre quality, and exposure to non-organic farming practices. Salatin's expert insight explains why local food is expensive and difficult to find and will illuminate for the reader a deeper understanding of the industrial food complex.

*The Small-Scale Poultry Flock* Harvey Ussery, 2011-10-07 The most comprehensive guide to date on raising all-natural poultry for the small-scale farmer, homesteader, and professional grower. The Small-Scale Poultry Flock offers a practical and integrative model for working with chickens and other domestic fowl, based entirely on natural systems. Readers will

find information on growing (and sourcing) feed on a small scale, brooding (and breeding) at home, and using poultry as insect and weed managers in the garden and orchard. Ussery's model presents an entirely sustainable system that can be adapted and utilized in a variety of scales, and will prove invaluable for beginner homesteaders, growers looking to incorporate poultry into their farm, or poultry farmers seeking to close their loop. Ussery offers extensive information on: The definition of an integrated poultry flock (imitation of natural systems, integrating patterns, and closing the circle) Everything you need to know about your basic chicken (including distinctive points about anatomy and behavior that are critical to management) Extended information on poultry health and holistic health care, with a focus on prevention Planning your flock (flock size, choosing breeds, fowl useful for egg vs. meat production, sourcing stock) How to breed and brood the flock (including breeding for genetic conservation), including the most complete guide to working with broody hens available anywhere Making and mixing your own feed (with tips on equipment, storage, basic ingredients, technique, grinding and mixing) Providing more of the flock's feed from sources grown or self-foraged on the homestead or farm, including production of live protein feeds using earthworms and soldier grubs Using poultry to increase soil fertility, control crop damaging insects, and to make compost-including systems for pasturing and for tillage of cover crops and weeds Recipes for great egg and poultry dishes (including Ussery's famous chicken stock!) And one of the best step-by-step poultry butchering guides available, complete with extensive illustrative photos. No other book on raising poultry takes an entirely whole-systems approach, or discusses producing homegrown feed and breeding in such detail. This is a truly invaluable guide that will lead farmers and homesteaders into a new world of self-reliance and enjoyment.

**Party Food** Rebecca Harris,2021-01-01 “Voting with your fork” is a common mantra for those concerned with food politics. However, real voting requires one to choose between Democrats and Republicans—and most food voters do not know the partisan history of food politics. *Party Food* is written for farmers and foodies who want to understand the political history of food policy. Harris is a political scientist who is also a commercial farmer. Her expertise in both fields offers fresh, professional insight into the lay of the land in American food politics. In *Party Food*, Harris unpacks the political foundations of contemporary farm policy and expertly explains the “team sport” of partisan politics as it plays out in the food politics landscape. In *Party Food* she introduces the Democratic and Republican Heroes (and Villains!) of food politics, and offers an accessible insight into each political party’s policy “menu” and team play in Presidential and Congressional politics. In this way, *Party Food* offers foodies and farmers a food politics primer on Democrats & Republicans and fills an important gap in the food politics discussion.
