Les programmes politiques Karim Fertikh, Mathieu Hauchecorne, Nicolas Bué, 2016 4e de couv. indique : Les programmes politiques Genèses et usages Les programmes politiques sont au coeur de la vie politique des démocraties contemporaines : les promesses que l'on tient, ou que l'on trahit, les débats sur le réalisme des propositions des candidats nourrissent discours politiques et commentaires journalistiques. Cet ouvrage entend ouvrir un nouveau chantier de recherche portant sur l'invention et les usages des programmes depuis le 19e siècle. Comment et pourquoi les programmes sont-ils apparus et comment ont-ils été codifiés et diffusés jusqu'à devenir incontournables dans l'action politique? Quels sont les acteurs (intellectuels, experts, think tanks, sondeurs ...) qui interviennent dans leur production? Comment les candidats et militants des partis les utilisent-ils, et les appliquent-ils? Politistes ou historiens, les auteurs de cet ouvrage privilégient une approche empirique sous la forme d'études de cas relatives à différentes époques ou pays. En se penchant sur la genèse historique des programmes, sur leurs usages et conditions de production, et sur les programmes de la gauche française durant les années 1970 et 1980, les études réunies montrent que, loin de constituer de simples catalogues de mesures d'action publique bien identifiables et stabilisées, les programmes et leurs significations sont sans cesse retravaillés et modifiés, interprétés et défaits par ceux qui les mobilisent. L'étude des programmes politiques proposée dans cet ouvrage renouvelle ainsi le regard

qui est porté sur la vie politique et sur les idées politiques.
