The Immediacy of Mystical Experience in the European Tradition Miklós Vassányi, Enikő Sepsi, Anikó Daróczy, 2017-01-19 This volume examines mystical experiences as portrayed in various ways by "authors" such as philosophers, mystics, psychoanalysts, writers, and peasant women. These "mystical authors" have, throughout the ages, attempted to convey the unsayable through writings, paintings, or oral stories. The immediate experience of God is the primary source and ultimate goal of these mystical expressions. This experience is essentially ineffable, yet all mystical authors, either consciously or unconsciously, feel an urge to convey what they have undergone in the moments of rapture. At the same time they are in the role of intermediaries: the goal of their self-expression - either written, painted or oral - is to make others somehow understand or feel what they have experienced, and to lead others toward the spiritual goal of human life. This volume studies the mystical experiences and the way they have been described or portrayed in West-European culture, from Antiquity to the present, from an interdisciplinary perspective, and approaches the concept of "immediate experience" in various ways.

February 18: Unlocking the Secrets of Your Birthdate Robert J Dornan, 2025-09-08 What if your birthday was more than a date on the calendar—what if it was a map? This isn't your grandmother's astrology book, and it's not a recycled "one-size-fits-all" horoscope either. Each day of the year gets its own deep dive, written in plainspoken, funny, and emotionally honest language designed to feel like a conversation with your smartest (and slightly sarcastic) friend. Whether you're reading about yourself, someone you love, or just snooping on your crush's birthday, you'll find insights that actually make sense in the real world. Inside, you'll discover: Life Path numbers and destiny breakdowns that are finally accurate (no recycled math mistakes here). Creative and career guidance written for people who live in the 21st century, not the Middle Ages. Relationships and compatibility chapters that trade clichés for real-life dynamics you'll actually recognize. Colors, stones, and scents with

fascinating history, from Cleopatra's amethyst to why frankincense still feels grounding after thousands of years. Past life echoes and lunar cycle insights that turn déjà vu and timing into something you can work with. Luck, legacy, and growth practices explained with wit, warmth, and a little bite—because inspiration lands better when it doesn't sound like a motivational poster. Every chapter blends ancient traditions with modern humor, historical facts with clever storytelling, and cosmic symbolism with grounded advice. The result is a guide that feels timeless and surprisingly personal. Whether you dip into your own birthday, check out friends' and family's dates, or just binge through for fun, you'll find patterns, stories, and insights that stick with you long after you've closed the book. Here's the truth: your birthday isn't just the day you showed up—it's a mirror, a rhythm, and a reminder. And this book? It's here to make sure you see it all, laugh at it, and maybe even use it to live a little better.
