Olympic Opening Ceremonies Daniel Malanski, 2025-04-25 This is the first book to unpack the history and significance of the opening ceremony of the Olympic Games, the frontispiece of the most watched event on Earth. Covering the period from the Moscow Olympics in 1980 to Tokyo 2020, the book examines when, how and why the Olympic opening ceremonies' artistic programme became the multi-act spectacles seen today. It argues that the embedded nationalistic, ethnic and environmental discourses contained in opening ceremonies have much to tell us about national narratives, memory and myth-making, about the history of representation, and about how the Olympics and the spectacle of mega-events are prisms through which local and global socio-political issues are refracted, from the climate crisis and the struggle for minority rights to the emergence of a multi-polar world. This book is fascinating reading for anybody with an interest in the sociology, culture, history or politics of sport and events, geopolitics or performance studies.

**The Song Index of the Enoch Pratt Free Library** Ellen Luchinsky, 2020-12-23 The Song Index features over 150,000 citations that lead users to over 2,100 song books spanning more than a century, from the 1880s to the 1990s. The songs cited represent a multitude of musical practices, cultures, and traditions, ranging from ethnic to regional, from foreign to American, representing every type of song: popular, folk, children's, political, comic, advertising, protest, patriotic, military, and classical, as well as hymns, spirituals, ballads, arias, choral symphonies, and other larger works. This comprehensive volume also includes a bibliography of the books indexed; an index of sources from which the songs originated; and an alphabetical composer index.

The Man from Snowy River/Jessica's Theme Sheet Music Bruce Rowland, 1994-05-01 (Piano Solo). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

**Australian Film** Brian Reis,1997 Contains entries, many with descriptive annotations, on books, book chapters, periodical articles, government reports, academic theses, films, videos, and audio recordings published in Australia and elsewhere from 1988 to the early and mid 1990s. Works cited embrace all aspects of Australian film considered as art, industry, and sociological phenomenon, except extremely technical aspects of filmmaking. Categories include film archives and libraries, production, super-8mm film, government and film, history and criticism, ethnographic film, biographies, and film criticism and reviews. Includes author, book title, and film title indices. Distributed by Books International. Annotation copyrighted by Book News, Inc., Portland, OR

**Girls at the Piano** Virginia Lloyd,2018-03-28 Virginia Lloyd spent much of her childhood and adolescence learning and playing the piano and thought she would make a career as a pianist. When that didn't happen, she spent a long time wondering about those years of study: had they been wasted? What was their purpose? This intriguing memoir explores those questions and investigates the mystery of the author's very musical and deeply unhappy grandmother Alice, and how their lives--both at and away from the piano--intersected and diverged. Girls at the Piano also explores the changing relationship between women and the piano over the course of the instrument's history, taking us from the salons of 18th-century Europe to an amateur jazz workshop in Manhattan in the early 21st century. Funny, tender and fascinating, Girls at the Piano is an elegant and multi-layered meditation on identity, ambition and doubt, and on how learning the piano had a profound effect on two women worlds and generations apart. It is essential reading for music lovers everywhere, and for anyone who has undertaken their own voyage around a piano.

**Poetry of American Farm Life** George Earle Shankle,1926

**The A to Z of Australian Radio and Television** Albert Moran,Chris Keating,2009-08-04 Australians have become

increasingly visible outside of the country as speakers and actors in radio and television, their media moguls have frequently bought up foreign companies, and people around the world have been able to enjoy such Australian productions as *The Flying Doctors*, *Neighbours*, and *Kath and Kim*. The origins, early development, and later adaptations of radio and television show how Australia has gone from being a minor and rather parochial player to being a significant part of the international scene. *The A to Z of Australian Radio and Television* provides essential facts and information concerning the Australian radio and television industry. This is accomplished through the use of a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on directors, producers, writers, actors, television and radio series, and television and radio stations.

*Tourism and National Identities* Elspeth Frew, Leanne White, 2011-03-15 By understanding tourist destinations through the lens of national identity, the tourist may develop a deeper appreciation of the destination. Further, tourism marketers and planners may be better equipped to promote and manage the destination, particularly with regard to expectations of the potential visitor. *Tourism and National Identities* is the first volume to fully explore the relationship between tourism and national identities and the multiple ways in which cultural tourism, events and celebrations contribute to national identity. It examines core topics critical to understanding this relationship including: tourism branding, stereotyping and national identity; tourism-related representation and experience of national identity; tourism visitation/site/event management and the relationship to cultural tourism. The book looks at a range of international tourist sites and events, combines multidisciplinary perspectives and international cases to provide a thorough academic analysis. The interconnecting area of cultural tourism and national identity has been largely overlooked in the academic literature to date. This book gives considerable analysis to the complex relationship between the two domains and indeed, the multifaceted strategies used to define that relationship. Written by an international team of leading academics, *Tourism and National Identities* will be of interest to students, researchers and academics in tourism and related disciplines such as events, cultural studies and geography.
