Dreams of a Lifetime Karen A. Cerulo, Janet M. Ruane, 2022-06-21 How social status shapes our dreams of the future and inhibits the lives we envision for ourselves Most of us understand that a person's place in society can close doors to opportunity, but anything is possible when we dream about what might be, or so we think. Dreams of a Lifetime reveals that what and how we dream—and whether we believe our dreams can actually come true—are tied to our social class, gender, race, age, and life events. Karen Cerulo and Janet Ruane argue that our social location shapes the seemingly private and unique life of our minds. We are all free to dream about possibilities, but not all dreamers are equal. Cerulo and Ruane show how our social position ingrains itself on our mind's eye, quietly influencing the nature of our dreams, whether we embrace dreaming or dream at all, and whether we believe that our dreams, from the attainable to the improbable, can become realities. They explore how inequalities stemming from social disadvantages pattern our dreams for ourselves, and how sociocultural disparities in how we dream exacerbate social inequalities and limit the life paths we believe are open to us. Drawing on a wealth of original interviews with people from diverse social backgrounds, Dreams of a Lifetime demonstrates how the study of our dreams can provide new avenues for understanding and combatting inequality—including inequalities that precede action or outcome.

Self-Action Leadership (Volume II) Jordan R. Jensen, 2019-08-30 *Self-Action Leadership* (Volumes 1 and 2) provides the

first, and only, books of their kind in the academic world today. This two volume set single-handedly carves out a new and unique scholarly niche by providing the first comprehensive and secular manual to holistically address society's universal need for personal leadership and character education. Its single-minded aim is the global promotion and proliferation of leadership, character, and life skills education in nations, communities, organizations, schools, homes, and individual lives everywhere. The concept of Self-Action Leadership (SAL) is rooted in 30 years of extensive research spanning the fields of self-leadership, leadership, action research, character education, and autoethnography. In addition to drawing on the scholarship of these extant fields, SAL simultaneously builds upon them by introducing an original theory and model that executives, administrators, scholars, teachers, and practitioners alike can universally utilize to their own advantages and to the benefit of their colleagues, subordinates, and students. Volume II—The Self-Action Leadership Model—contains the last four book sections and the appendices for the combined volumes, including the Freedom Focused Corporate Declaration of Independence and Constitution.

Never Give Up Your Dream Pierre A a Kandorfer, PH D,2023-03-16 A dream is an inspiring picture of the future that energizes our mind, will, and emotions. Dreaming is a library of the unexpected that scares many people, but dreamers thrive and pride themselves on pursuing it. A big dream is your internal compass that guides you through your life's journey. However, many people give up on their dreams. They think they aren't creative enough. Truth is that our dreams are the most important priorities in our lives. Following dreams gives us our life significance, enables us to think beyond ourselves, inspire us, promotes our enthusiasm, and generates optimism. Never give up your dream! Dreams give you an unmistakable feeling of self-awareness. Admit to be scared, reject social pressures, forget out of your comfort zone, forget your past, celebrate your uniqueness, and live for the future. Follow your passion. Dream big, the reality will adjust it if necessary. If you can dream it, you can do it.

Life Without Limits Lucinda Bassett,2001-12-24 In *Life Without Limits*, Bassett asks, If you could have, do, and be anything right now, what would you ask for? Eight out of ten people are unable to answer this simple question. How about you? Do you know how to get what you want? Do you even know what you want? What do you see when you look in the mirror? A self-confident, radiant person who is living life to the fullest? Or do you see a frustrated, insecure, dissatisfied person who doesn't know how to change things? Bassett says, In my work, I am continually amazed at the number of people who are personally, professionally, and financially frustrated. But the worst part is, if they could change things, they aren't sure how, or even what they would change. People stop dreaming, settling for a life that is neither satisfying nor rewarding because their fears and insecurities prevent them from seeing what they want in life, and how to get it. Acquiring happiness, wealth, or success on any level is difficult when you aren't clear about what you want and you don't have a plan. Before you know it, years pass by, and you're looking back with regrets. In my work over the past fourteen years, I have encountered two types of people. The first group is the doers. They are the movers and the shakers. They plan their life and are strongly motivated. They are on a clear path, know exactly what they want, and they are willing to take the risks to get it. The second group is the drifters. They drift through life with no real sense of direction, ending up frustrated. This can happen to people

in the most prestigious occupations. The drifters have a hard time establishing a sense of true happiness, satisfaction, or security because they know they aren't where they should be, but they don't know what to do about it. Life Without Limits helps you clarify what you want in every area of your life. By using Bassett's powerful techniques you will change, therefore your life will change. Your thoughts are magnets attracting everything from the type of people you meet to the types of opportunities that come your way. Your thinking must be clear, distinct, and sharply defined. Your focused thoughts elicit emotion; your emotions ignite your actions and have a tremendous effect on the universal energy that surrounds you. You control your life. You control your destiny. And only you can take steps to change it. Life Without Limits helps you take back your power. Life Without Limits is the complete guide to attaining abundance in every area of your life. It will help you to achieve satisfaction and fulfillment personally, professionally, and financially. Once you have defined what success means for you, you will clarify your dreams and start pursuing them. Opportunities will present themselves, new doors will open, and you will begin to live the life you were meant to live: a life without limits. Begin now to change the person you are into the person you know you have the potential to become. -- Lucinda Bassett
