*Movie Quotes for Special Occasions* James Scheibli,2020-08-20 Film buffs—find the perfect words for any special occasion in this handy movie quotation reference guide. Whether it's Casablanca, Cabaret, Clueless, or The Cable Guy, you probably have favorite flicks you often quote. And it's true, "We'll always have Paris." From A Man Called Horse to Zoolander and everything in between, our beloved films have excellent writing and memorable dialogue; we have talented Hollywood screenwriters to thank for the brilliant one-liners we love. Movie quotes have become an integral part of our culture and expression. The movie quotes that often show up on "best of" lists rarely lend themselves to important moments in life. On how many special occasions can you say "May the Force be with you"? Open up most movie quote lists or books and you're likely to see "Play it again, Sam," or "There's no place like home." Yet there are so many lines just under the radar that are the stuff of pure poetry and sheer genius. That's where cinephile and true movie buff James Scheibli comes in! In *Movie Quotes for Special Occasions*, he has scoured the movies of the world to track down the most fitting and fabulous movie quotes for every special occasion. From graduations to birthdays to wedding toasts to golden anniversaries, film scholar James Scheibli provides cinematic quotes that are moving, memorable, inspirational, and deeply meaningful. These quips, quotes, and scene-stealing lines do more than just remind us of the movies they came from. They transcend their stories and enrich your life. Whether from blockbuster megahits or forgotten indies, *Movie Quotes for Special Occasions* has the right quote for the right occasion—and it's a great gift for movie lovers, anniversary gift, or coffee table book for your friends and family to enjoy.

**Animals in Person** John Knight,2020-08-29 Our relationship with animals is complex and contradictory; we hunt, kill and eat them, yet we also love, respect and protect them. This ambivalent relationship is further complicated by the fact that we attribute human emotions and intelligence to animals. We even go as far as likening them to children and treating them as family members. Drawing on a diverse range of case studies, *Animals in Person* attempts to unravel our close and fascinating link with the animal kingdom. This book highlights the theme of cross-species intimacy in contexts such as livestock care, pet keeping, and the use of animals in tourism. The studies draw on data from different parts of the world, including New Guinea, Nepal, India, Japan, Greece, Britain, The Netherlands and Australia. *Animals in Person* documents the existence of relations between humans and animals that, in many respects, recall relations among humans themselves.
