**New Forms of Self-Narration** Ana Belén Martínez García, 2020-08-21 This book is a timely study of young women's life writing as a form of human rights activism. It focuses on six young women who suffered human rights violations when they were girls and have gone on to become activists through life writing: Malala Yousafzai, Hyeonseo Lee, Yeonmi Park, Bana Alabed, Nujeen Mustafa, and Nadia Murad. Their ongoing life-writing projects diverge to some extent, but all share several notable features: they claim a testimonial collective voice, they deploy rights discourse, they excite humanitarian emotions, they link up their context-bound plight with bigger social justice causes, and they use English as their vehicle of self-expression and self-construction. This strategic use of English is of vital importance, as it has brought them together as icons in the public sphere within the last six years. *New Forms of Self-Narration* is the first ever attempt to explore all these activists' life-writing texts side by side, encompassing both the written and the audiovisual material, online and offline, and taking all texts as belonging to a unique, single, though multifaceted, project.

**The Semantics and Pragmatics of Quotation** Paul Saka, Michael Johnson, 2017-12-07 The chapters in this volume address a variety of issues surrounding quotation, such as whether it is a pragmatic or semantic phenomenon, what varieties of quotation exist, and what speech acts are involved in quoting. Quotation poses problems for many prevailing theories of language. One fundamental principle is that for a language to be learnable, speakers must be able to derive the truth-conditions of sentences from the meanings of their parts. Another popular view is that indexical expressions like I display a certain fixity -- that they always refer to the speaker using them. Both of these tenets appear to be violated by quotation. This volume is suitable for scholars in philosophy of language, semantics, and pragmatics, and for graduate students in philosophy and linguistics. The book will also be useful for researchers in other fields that study quotation, including psychology and computer science.

**August Rebellion** Ronald Marshall, 2017-07-14 Thirty years ago, Gramma Tubman and Poppa George barely escaped an FBI assault at their hiding place in Louisiana. Since then, they've recuperated and only become more focused on retaliation. The Society of Slave Masters, the White Supremacist organization that ordered the assault, is due for some upheaval, and

Gramma and Poppa are just the activists for the job. Influenced by ideologies of the Spirits in the Shadows a Black Militant organization formulated by her defiant ancestors Gramma Tubman educates her grandchildren in the ways of radical upheaval in the hopes of pushing prison reform to the top of Louisiana's political agenda. However, the Society of Slave Masters won't go down without a bloody fight. With a billion-dollar financial interest in the prison-for-profit industry, Slave Masters unleash its own method of violence to maintain Louisiana's high incarceration rate. Oppressed African Americans go head-to-head against the ruling elite of Politicians and FBI agents. The state of Louisiana has two options: reform or face mass rebellion.

*The Moment* Bakari Sellers, 2024-04-23 "Toni Morrison once said, 'The function, the very serious function of racism is distraction.' In *The Moment*, Bakari Sellers brilliantly and precisely cuts through the noise of the calculated, well-financed, and relentless campaign by conservative media, think tanks, and politicians to end the post-George Floyd 'racial reckoning' and reverse the civil rights victories of the past fifty years. This is a must-read!"—Joy-Ann Reid, New York Times bestselling author and host of MSNBC's *The Reid Out* The New York Times bestselling author of *My Vanishing Country* examines the modern political landscape and policies that are impacting Black families and communities and offers solutions for a better tomorrow. In late May in 2020, while discussing the murder of George Floyd on CNN, Bakari Sellers spoke from the heart sharing devastating insight that touched millions around the world: "It's just so much pain. You get so tired. We have black children. I have a 15-year-old daughter. I mean, what do I tell her? I'm raising a son. I have no idea what to tell him. It's just—it's hard being black in this country when your life is not valued and people are worried about the protesters and the

looters. And it's just people who are frustrated for far too long and not have their voices heard." In this powerful and persuasive book, Sellers expands on the issues he addressed in his New York Times bestseller *My Vanishing Country*, examining national politics and policies that deeply impact not only Black people in his home state of South Carolina but the lives of millions of African Americans in communities across the nation. Four years later, Sellers has an answer to the question he raised on CNN, offering much-needed prescriptions to help all Black American lives. Sellers explores inequities in healthcare, education, early childhood education, and policing, drawing on interviews with numerous thought leaders such as pioneering voting rights and poverty activist the Rev. William Barber, and Ben Crump, the civil rights legend who successfully uses the law to achieve justice for people of color in racially charged cases. He also shares his thoughts on conservative media and the forces and dark money behind firebrands such as Tucker Carlson. This thoughtful and practical work is a timely meditation on the state of our world today and how we can all play a part in making it better for tomorrow.

**Christ in Crisis?** Jim Wallis, 2019-09-24 Writing in response to our current "constitutional crisis," New York Times bestselling author and Christian activist Jim Wallis urges America to return to the tenets of Jesus once again as the means to save us from the polarizing bitterness and anger of our tribal nation. In *Christ in Crisis* Jim Wallis provides a path of spiritual healing and solidarity to help us heal the divide separating Americans today. Building on "Reclaiming Jesus"—the declaration he and other church leaders wrote in May 2018 to address America's current crisis—Wallis argues that Christians have become disconnected from Jesus and need to revisit their spiritual foundations. By pointing to eight questions Jesus asked or is asked, Wallis provides a means to measure whether we are truly aligned with the moral and spiritual foundations of our Christian faith. "Christians have often remembered, re-discovered, and returned to their obedient discipleship of Jesus Christ—both personal and public—in times of trouble. It's called coming home," Wallis reminds us. While he addresses the dividing lines and dangers facing our nation, the religious and cultural commentator's focus isn't politics; it's faith. As he has done throughout his career, Wallis offers comfort, empathy, and a practical roadmap. *Christ in Crisis* is a constructive field guide for all those involved in resistance and renewal initiatives in faith communities in the post-2016 political context.

**Sovereignty, Colonialism and the Indigenous Nations** Robert Odawi Porter, 2005 This book is an extensive compilation of readings focused on the meaning of sovereignty and self-determination in relation to Indigenous nations and

peoples in the United States. The overall purpose of the book is to afford readers the opportunity to study and analyze the interplay of legal, political, economic, and cultural factors that contribute to the debate surrounding the status of Indigenous nations and peoples within American society. The book is divided into three parts, with each part prefaced by a set of questions for the reader to consider. The first part explores the meaning of Indigenous nation sovereignty from three different perspectives--the Indigenous nations and peoples, the colonizing peoples, and the international community. The second part then addresses the different ways in which this sovereignty is threatened. The last part of the book explores the variety of approaches by which Indigenous nation sovereignty may be preserved and strengthened in the future. The readings included are extraordinarily broad in scope and are designed to promote vigorous student inquiry and discussion. In addition to including a wide variety of authors, the works include speeches, testimony, policy statements, law cases, statutes, articles, book chapters, and newspaper stories. The materials are extensively edited (with few footnotes and citations) so as to focus the reader on important concepts and to facilitate overall understanding. The book is intended for use in both law school and non-law school courses relating to law and policy dealing with Indigenous nations and peoples, American history, and international law and policy governing minorities and Indigenous peoples. The book is also designed for use in undergraduate courses and seminars.
