Police and Community Relations on Crime Prevention and Control in Nigeria Aliyu Ishaq Abdullahi,2023-12-21
Bachelor Thesis from the year 2023 in the subject Politics - Region: Africa, grade: B, , course: Sociology, language: English, abstract: The aim of this study is to assess the efforts of the Nigerian Police Force and community members towards crime prevention in Bosso Local Government Area of Niger State. The objectives are to examine the collaboration between Nigerian Police Force and community members on crime prevention and control in Bosso Local Government Area, Niger State and to find out the role of community members towards crime prevention and control in the study area. Furthermore the paper wants to identify the challenges faced by the Nigerian Police Force towards crime prevention and control in the study area and to understand the problems faced by community members towards crime prevention and control in the study area. Crime in every society portrays a great effect capable of disturbing peaceful co-existence and development of the society. No one feels safe in a society that is characterized by criminality. For this, every society adopts measures it deems fit for addressing it. Crime itself is a fuzzy phenomenon as criminologist and sociologist contend with what action or inaction account for a crime as it is diverse, subjective, relative, and depends largely on perspectives, events or legal analysis. Regardless of these complexities, crime refers to a negation of what the law of a society states or an aberration of expected societal conduct. In recent years, the international community has recognized that development in general, and the achievement of the Millennium Development Goals (MDG) in particular are contingent on the establishment of safety and securities in societies. High level of violence in cities and communities are detrimental to social and economic progress as well as the well-being of citizens. As stated in the report of the Secretary General on the Rule of Law and Transitional Justice in Post Conflict Societies: prevention is the first imperative of the Criminal Justice.
