Dr. Seuss (Theodor Geisel) Tanya Anderson, 2013-11

Becoming Dr. Seuss Brian Jay Jones, 2019 The definitive, fascinating, all-reaching biography of Dr. Seuss Dr. Seuss is a classic American icon. His work has defined our childhoods and the childhoods of our own children. More than twenty-five years after his death, his books continue to find new readers, now grossing over half a billion dollars in sales. His whimsical illustrations and silly, simple rhymes are timeless favorites because, quite simply, he makes us laugh. Theodor Geisel, however, led a life that goes much deeper than the prolific and beloved children's book author. In fact, the allure and fascination of Dr. Seuss begins with this second, more radical side. He had a successful career as a political cartoonist, and his political leanings can be felt throughout his books--remember the environmentalist of *The Lorax*? Geisel was a complicated man, who introduced generations to the wonders of reading while teaching young people about empathy and how to treat others well--

Famous Author-illustrators for Young People Norah Smaridge, 1973 Brief biographies of nineteen author-illustrators include Roger Duvoisin, Dr. Seuss, Kate Greenaway, Lois Lenski, and Tomi Ungerer.

Dr. Seuss and Mr. Geisel Judith Morgan, Neil Morgan, 1996-08-22 Horton, Thidwick, Yertle, the Lorax, the Grinch, Sneetches, and the Cat in the Hat are just a handful of the bizarre and beloved characters Theodor S. Geisel (1904-1991), alias Dr. Seuss, created in his forty-seven children's books, from 1937's *And to Think That I Saw It on Mulberry Street* to 1990's *Oh, the Places You'll Go!* During his lifetime Dr. Seuss was honored with numerous degrees, three Academy Awards, and a Pulitzer, but the man himself remained a reclusive enigma. In this first and only biography of the good doctor, the authors, his close friends for almost thirty years, have drawn on their firsthand insights as well as his voluminous papers; the result is an illuminating, intimate portrait of a dreamer who saw the world through the wrong end of a telescope, and invited us to enjoy the view.

Nurturing Your Child's Math and Literacy in Pre-K-Fifth Grade Mary Mueller, Alisa Hindin, 2016-11-23 With recent changes in the curriculum and standards in language arts and mathematics, parents often are challenged to find ways to help their children be successful in their learning endeavors. While parents want to be involved in their children's education, they are often unsure of their role in their children's learning and the best ways to help their children to succeed academically. Moreover, with the changes in how math and literacy are being taught, parents often struggle with helping even first grade children with their homework. In this book we set out to alleviate this struggle, by offering parents a resource they can use to navigate their child's education, communicate with teachers, and support their children in learning mathematics and literacy. After providing an overview of the current educational climate and tips for communication with teachers, we share strategies and suggestions parents can use to assist their children in language arts and mathematics. We provide detailed descriptions of activities, games, books, and conversations that connect with what children will be learning at each grade level.

Read Me, Liberals! Stacey Smith, 2023-08-11 Read Me, Liberals is an attempt to awaken a certain class of people that are morally at risk. The modern United States political system is dominated by a two-party system, Democrats and Republicans. Either party is perfect nor will the ever be perfect, but the Democratic party has gone so far left it is a threat to the freedom and safety of American citizens. The modern Democratic party and their allies want to dramatically alter the United States to their fascist ideology. They want total control of you and I by any means necessary. They want to control how you think and

what you can say. Most importantly they want you to be submissive to a complete totalitarian government control. This book exposes all the hypocrisy, corruption, and moral insanity that comes from the left. Most importantly it exposes the two-tiered justice system, one for Democrats and one for the rest of us. This book is meant to target liberals, democrats, and independents but will help educate conservatives and Republicans as well. I challenge anyone that loves the United States to read this and help save this country while we still can. Liberals will continue to push their one-world order agenda until they get what they want. The United States is more politically divided than any other time in history and we need to come together somehow.
