Thanks for the Memories Brice Taylor, 1999

The Paranormal and the Paranoid Aaron Gulyas, 2015-06-11 Toward the end of the twentieth century, science fiction television took a dark turn. Series like *The X-Files*, *Millennium*, and *Dark Skies* wove menacing technologies, paranormal forces, and shadowy government agencies into complex tales of corruption and cover-ups. Mind control, alien abductions, secret government laboratories, and implacable “men in black” moved from the fringes to the mainstream of American culture, making weekly appearances in living rooms everywhere. Other series that played on fears of new technologies—such as virtual reality—set the stage for unfamiliar kinds of exploitation, while *Dark Angel* offered glimpses of a near-future wasteland devastated by a technological catastrophe. In *The Paranormal and the Paranoid: Conspiratorial Science Fiction Television*, Aaron John Gulyas explores the themes that permeated and defined science fiction television at the turn of the millennium. The author traces the roots of this phenomenon in an earlier generation of series including *The Invaders*, *Kolchak: The Night Stalker*, and *Project U.F.O.* and examines how changes in the cultural landscape led to the proliferation of these types of shows. This book delves into the internal mythology of shows like *The X-Files*, resurrects now-forgotten series like *Wild Palms* and *VR.5*, and provides an important glimpse into American culture at the close of the twentieth century. While exploring the pervasive grimness of these shows, Gulyas also examines how they offer hope in the form of heroes—like agents Scully and Mulder—who relentlessly dug through the tissue of lies and distortions to find and expose the truth. *The Paranormal and the Paranoid* will appeal to scholars of media studies, sociology, and science fiction—not to mention fans of these programs and even conspiracy theorists.

Conspiracy Theories Aaron John Gulyas, 2016-02-22 Narratives based on conspiratorial and paranoid thinking have become increasingly prominent throughout the 20th and 21st centuries. From the prosaic to the outlandish, conspiracy theories involve aliens and Nazis, underground bases and mind control technology. They range from sinister tales of malevolent reptilian beings infiltrating our government to fears of the New World Order rounding up patriotic Americans and putting them into internment camps. These stories and their underlying concerns have a long history in the U.S. and have often been bolstered by revelations of real conspiracies and cover-ups by private and public entities. This book examines conspiracy theories and the narratives constructed by those who believe and propagate them, providing a unique view of U.S.

history and highlighting fears both founded and unfounded.

Consensus Trance Paul Bondarovski, Walter H. Bowart, H. P. Albarelli Jr., Jerry E. Smith, Jüri Lina, Michael Nield, Ron Patton, Dick Sutphen, Hans Ruesch, Dani Veracity, Walter C. Vetsch, 2016-12-20 Most of us live in consensus trance - a state of consciousness produced by ideological blunting of our intellect through intensive manipulation (brainwashing), which forces us to accept false conception of reality. And the worst is that we very rarely know if the thoughts in our head are ours or have been skillfully suggested by someone or something else (e.g., subliminals hidden behind music, or flashed on a screen so fast that you don't consciously see them, or cleverly incorporated into a picture). In the entire history of man, no one has ever been brainwashed and realized, or believed, that he had been brainwashed. This book is composed of the articles which present the Big Picture of mass and individual mind control and its various techniques.

There Are Save Two Churches Only, Volume II D. Christian Markham, 2015-11-09 A journey through disturbing yet crucial matters that must be considered prior to End Times and Christ's return. This second volume takes a different approach from the first. It is a journey, not a pick-and-choose buffet. It begins by taking the reader where the first volume left off, down the rabbit hole. The journey concludes in confronting the LDS reader with a crucible, wherewith one's faith and trust in Christ (and in Christ alone) will be put to the ultimate test. There are save two churches only: Which one does your everyday mindset, and your personal and professional choices, testify that you are a member of? What is the foundation upon which you anchor your sacred testimony? How close, how intimate, how cherished is your relationship with Jesus Christ? If you are not prepared to answer these questions with full conviction of heart, then you are not ready to contemplate the contents of this book.

Growing Up with Audrey Hepburn Rachel Moseley, 2002 The first full length academic study of Hepburn's star persona and films featuring reseach into the experience of British women who have admired her in the 1950s, 1960s and the 1990s. Examines the historical specificity of discourses of feminity circulating around Hepburn and her female fans, suggesting that the flexibility of Hepburn's image has contributed to her enduring appeal. Makes a significant contribution to the growing field of star studies. Argues that class and gender are siginifcant factors in the relationship between stars and audiences.

England's Lost Eden Philip Hoare,2005 A kaleidoscopic story of myth, Spiritualism, and the Victorian search for Utopia from one of the brightest and most original non-fiction writers at work today. In 1872 there was a bizarre eruption of religious mania in Hampshire's New Forest. Its leader was Mary Ann Girling, a Suffolk farmer's daughter who claimed to be the female Christ and whose sect, the Children of God, lived in imminent anticipation of the Millennium. It was rumoured that Mrs Girling mesmerised her supporters, literally hypnotising them to keep them in her power, other reports claimed that the sect danced naked, and murdered their illegitimate offspring in their Utopian home at 'New Forest Lodge.' Through Mary Ann's story and the spiritual vortex around her, Philip Hoare takes us deeper into the pagan heart of the New Forest.
