Disney Voice Actors Thomas S. Hischak,2011-10-06 This biographical dictionary is devoted to the actors who provided voices for all the Disney animated theatrical shorts and features from the 1928 Mickey Mouse cartoon Steamboat Willie to the 2010 feature film Tangled. More than 900 men, women, and child actors from more than 300 films are covered, with biographical information, individual career summaries, and descriptions of the animated characters they have performed. Among those listed are Adriana Caselotti, of Snow White fame; Clarence Nash, the voice of Donald Duck; Sterling Holloway, best known for his vocal portrayal of Winnie the Pooh; and such show business luminaries as Bing Crosby, Bob Newhart, George Sanders, Dinah Shore, Jennifer Tilly and James Woods. In addition, a complete directory of animated Disney films enables the reader to cross-reference the actors with their characters.

Italian Americans Eric Martone,2016-12-12 The entire Italian American experience—from America's earliest days through the present—is now available in a single volume. This wide-ranging work relates the entire saga of the Italian-American experience from immigration through assimilation to achievement. The book highlights the enormous contributions that Italian Americans—the fourth largest European ethnic group in the United States—have made to the professions, politics, academy, arts, and popular culture of America. Going beyond familiar names and stories, it also captures the essence of everyday life for Italian Americans as they established communities and interacted with other ethnic groups. In this single volume, readers will be able to explore why Italians came to America, where they settled, and how their distinctive identity was formed. A diverse array of entries that highlight the breadth of this experience, as well as the multitude of ways in which Italian Americans have influenced U.S. history and culture, are presented in five thematic sections. Featured primary documents range from a 1493 letter from Christopher Columbus announcing his discovery to excerpts from President Barack Obama's 2011 speech to the National Italian American Foundation. Readers will come away from this book with a broader understanding of and greater appreciation for Italian Americans' contributions to the United States.

Tiempos de ninguna edad Antonio Santos,2019-03-28 Partiendo de los modelos clásicos de Huxley y Orwell, en un itinerario que nos llevará desde Metrópolis hasta el OASIS de Ready Player One, el presente volumen notificará, a partir de una variada selección filmográfica, el fracaso de estos modelos de sociedad rígidos y reglamentados. Recuperar el

pensamiento utópico hoy supone enfrentarlo con los problemas de nuestro tiempo en un mundo real donde individuo y comunidad puedan convivir sin fricciones. El cine contribuye poderosamente a mantener vivo este relato, pues uno y otro se sitúan bajo el mismo entorno del sueño.
