

Facolt Teologica Italia Settentrionale

Giuseppe Ghiberti, Gian Maria Zaccone

Rosmini's Suspended Middle Fernando Bellelli, 2024-01-10 Antonio Rosmini (1797-1855) was a genius who combined science and sanctity. His contribution turns on the theory of the suspended middle of the original relationship between the natural and the supernatural, which he experienced and elaborated. The device of the relationship between the original metaphysical-affective-symbolic structure of the believing conscience and the affective turn in metaphysics, intrinsically linked to his trinitarian ontology, allowed Rosmini to elaborate theories and epistemologies from a unitary perspective in various fields of knowledge. This volume indicates the implications of the unbreakable bond between Rosmini's philosophy and theology in disciplines such as pedagogical science, political science, and juridical science. Following the favorable resolution of the "Rosminian question" the Catholic Church beatified Rosmini in 2007 and in 2018 indicated his theoretical-practical approach as a universal education model to be followed. Through essays by major experts in Rosmini's thought, this curatorship offers an international public a brief, reasoned overview of Rosmini's thinking on these disciplines, finally translated into English, so that this perspective can be understood and explored with particular regard to the possibility of encouraging ecumenical comparison between Rosmini's suspended middle and, for example, that of Radical Orthodoxy.

Interpretationen einer gemeinsamen Welt. Von der Antike bis zur Moderne. Festschrift für Jure Zovko Evandro Agazzi, Andreas Arndt, Hans-Peter Grosshans, 2022 Die zweiundzwanzig Autorinnen und Autoren entfalten in ihren – dem kroatischen Philosophen Jure Zovko gewidmeten – Beiträgen zur Philosophie der Antike, des Deutschen Idealismus und des 20. Jahrhunderts, sowie zur Hermeneutik, zur Erkenntnis- und Wissenschaftstheorie, zur Metaphysik und zur Religionsphilosophie die Philosophie als Interpretation einer gemeinsamen Welt. Dabei wird deutlich: die Philosophie bleibt auch in der Vielfalt ihrer Stimmen letztlich immer Eine, wie auch die Welt als Bezugspunkt menschlichen Handelns und Denkens nur eine ist, die wir miteinander teilen und die wir zu erkennen und zu erhalten haben. In their contributions - dedicated to the Croatian philosopher Jure Zovko - on the philosophy of antiquity, German Idealism and the 20th century, as well as on hermeneutics, the theory of knowledge and science, metaphysics and the philosophy of religion, the twenty-two authors unfold philosophy as the interpretation of a common world. In the process, it becomes clear that philosophy, even in the diversity of its voices, ultimately always remains one, just as the world as a point of reference for human action and thought is only one, which we share with each other and which we have to recognise and preserve.

The Crisis of Representation Kurt Appel, Isabella Guanzini, Christian Danz, Hans Gerald Hödl, Rudolf Langthaler, Rüdiger Lohlker, Sigrid Müller, Richard Potz, Sieglinde Rosenberger, Hans Schelkshorn, Lukas Pokorny, Jakob Helmut Deibl, 2019-01-21 The term "Crisis of Representation" rose to fame through Michel Foucault. The crisis, in the context of this issue, has not only a political and economic dimension, but a cultural, aesthetic and religious one as well. Thus, a serious inquiry into this complex and multidimensional phenomenon requires an interdisciplinary approach. The issue targets the phenomena at hand through 15 contributions - all with unique and innovative approaches to the topic. One common aim that holds the issue together is the analysis of the nature of the crisis, which helps to find suitable theoretical frameworks. On the other hand, the term itself functions as a tool that enables the analysis of specific societal developments. Contributing authors brought with them expertise from their respective fields including philosophy, political sciences, theology, Islamic studies and religious studies. This allowed for a cross-disciplinary approach on the phenomenon with special foci on politics, religions, societies and finance, as well as theoretical developments on current philosophical and post-colonial discourses.

"Il Verbo di Dio è vivo" José Enrique Aguilar Chiu, 2007 I trentasei studi sul Nuovo Testamento qui raccolti sono espressione di gratitudine al Cardinal Albert Vanhoye. S.I., esempio di una vita totalmente spesa a servizio della Chiesa di Cristo, nell'insegnamento competente della sacra Scrittura, nella ricerca instancabile e nella zelante predicazione del Verbo di Dio, nonché nella sua attività di consigliere saggio e discreto presso vari dicasteri della Curia Romana. E un omaggio ad un uomo di fede, che ha infaticabilmente indagato la Sacra Scrittura, sia per trovarvi il fondamento della propria esistenza che per annunziare agli altri la parola di vita (Fil 2.16). Il libro intende essere uno strumento per proseguirne la medesima indagine e lo stesso annuncio.

Religion, Transformation and Gender Kurt Appel, Isabella Guanzini, 2017-10-02 The fifth issue of the Interdisciplinary Journal for Religion and Transformation in Contemporary Society (J-RaT) centers on the topic of religion, transformation and sex/gender. The focal point will be on religious and cultural transformation processes and their repercussions on gender roles, constructs and representations on the one hand, and on sex and/or gender transformations which are embedded in the context of specific religious traditions on the other. Transformation is understood here as change, alteration and reformatting. The multifaceted connections between religion, transformation and sex/gender are concretized in an abundance of material and symbolic phenomena and are examined starting from different subject-specific and methodical approaches.

"Perché stessero con Lui" Klemens Stock,2010 Scritti in onore del prof. Klemens Stock S.J. nel suo 75 compleanno. In occasione del settantacinquesimo compleanno del professor Klemens Stock S.J., questa raccolta non vuole essere soltanto un ricordo formale, ma intende diventare un contributo significativo alla ricerca biblica attraverso i diversi studi scientifici che si susseguono nelle quattro sezioni del volume. Un omaggio al paziente e meticoloso lavoro di ricerca sul Vangelo che esprime chiaramente la Sua vocazione al servizio della Chiesa militante, come direbbe s. Ignazio: non è facile applicare la critica razionale alla metodologia biblica senza scendere a compromessi con la fede e con l'integrità della vita religiosa. Senz'altro, P. Stock ha saputo coniugare la Sua forza di credente con la fede e con la scienza. Ci auguriamo che quest'opera possa attrarre nuove vocazioni al servizio della Parola e dello studio esegetico.
