Emerging Perspectives on Chinua Achebe Ernest Emenyonu, Iniobong I. Uko, 2004 Chinua Achebe's influence on contemporary African literature is as much in evidence in his art of the novel as his theory of African literature and literary criticism. ISINKA (Igbo term for artistic purpose') establishes Achebe's legacy as a literary theorist and critic. In these essays scholars from around the globe assess and establish how much Achebe's extra-fictional ideas about African literature and literature in general are justified in his own creative works.'

**Narratology in Practice** Mieke Bal, 2021-09-13 Narratology in Practice draws on various cultural domains to explain the ways in which theory illuminates the presence of narrative.

Orson Welles and the Unfinished RKO Projects Marguerite H Rippy, 2009-04-21 Orson Welles and the Unfinished RKO Projects: A Postmodern Perspective traces the impact of legendary director Orson Welles on contemporary mass media entertainment and suggests that, ironically, we can see Welles's performance genealogy most clearly in his unfinished RKO projects. Author Marguerite H. Rippy provides the first in-depth examination of early film and radio projects shelved by RKO or by Welles himself. While previous studies of Welles largely fall into the categories of biography or modernist film studies, this book extends the understanding of Welles via postmodern narrative theory and performance analysis, weaving his work into the cultural and commercial background of its production. By identifying the RKO years as a critical moment in performance history, Rippy synthesizes scholarship that until now has been scattered among film studies, narrative theory, feminist critique, American studies, and biography. Building a bridge between auteur and postmodern theories, Orson Welles and the Unfinished RKO Projects offers a fresh look at Welles in his full complexity. Rippy trains a postmodern lens on Welles's early projects and reveals four emerging narrative modes that came to define his work: deconstructions of the first-person singular; adaptations of classic texts for mass media; explorations of the self via primitivism; and examinations of the line between reality and fiction. These four narrative styles would greatly influence the development of modern mass media entertainment. Rippy finds Welles's legacy alive and well in today's mockumentaries and reality television. It was in early, unfinished projects where Welles first toyed with fact and fiction, and the pleasure of this interplay still resonates with contemporary culture. As Rippy suggests, the logical conclusion of Welles's career-long exploration of "truthiness" lies in the laughs of fake news shows. Offering an exciting glimpse of a master early in his career, Orson Welles and the Unfinished

RKO Projects documents Welles's development as a storyteller who would shape culture for decades to come.

New Perspectives on Dystopian Fiction in Literature and Other Media Saija Isomaa, Jyrki Korpua, Jouni Teittinen, 2020-08-27 This collection of essays examines various forms of dystopian fiction in literature, television, and digital games. It frames the timely trend of dystopian fiction as a thematic field that accommodates several genres from societal dystopia to apocalyptic narratives and climate fiction, many of them examining the hazards of science and technology to human societies and the ecosystem. These are genres of the Anthropocene par excellence, capturing the dilemmas of the human condition in the current, increasingly precarious epoch. The essays offer new interpretations of classical and contemporary works, including the canonised prose of Orwell, Atwood and Cormac McCarthy, modern pop culture classics like *Battlestar Galactica*, *Fallout* and *Hunger Games*, and the work of Johanna Sinisalo, a pioneer of Finnish speculative fiction. From Thomas Pynchon to *Watership Down*, the volume's multifaceted approach offers fresh perspectives to those already familiar with existing research, but it is no less accessible for newcomers to the ever-expanding field of dystopian studies.

Heart of Darkness Robert Burden, 1991 The first part of the book comprises a survey of the criticism written on Conrad's novel to date. Psychoanalytical, political and stylistic aspects are covered. In the second part the author pursues a reading based on discourse theory and assesses the place of the book in a post-colonial world.

**A 'crisis of Whiteness' in the 'heart of Darkness'** Felix Lösing, 2020 The British and U.S.-American Congo Reform Movement has been praised for its confrontation of colonial atrocities. Its commitment to white supremacy, however, continues to be overlooked. Through a thorough analysis of contemporary sources, Felix Lösing unmasks the colonial and racist formation of the modern human rights discourse.

**At the Heart of Darkness** Matthew William Craig, 1997

Cliffs Notes on Conrad's Heart of Darkness & Secret Sharer Joseph Conrad, Norma Youngbirg, 1965 Heart of darkness tells of a powerful European, Kurtz, who reverts to awful savagery on an isolated native trading post. The secret sharer describes the conflict of a young captain torn between his duty to his ship and his loyalty to a young officer.

*SpaceTime of the Imperial* Holt Meyer, Susanne Rau, Katharina Waldner, 2016-11-07 This volume works through spatio-temporal concepts to be found in imperial practices and their representations in a wide range of media. The individual cases investigated in the volume cover a broad spectrum of historical periods from ancient times up to the present. Well-known international scholars treat special cases of the topic, using cutting-edge theory and approaches stemming from historical, cartographic, religious, literary, media studies, as well as ethnography.
