The Lost Fleet: Beyond the Frontier: Dreadnaught Jack Campbell,2011-04-26 View our feature on Jack Campbell's *The Lost Fleet: Beyond the Frontier: Dreadnaught*. The New York Times bestselling series that delivers edge-of- your-seat combat (Elizabeth Moon, author of the Vatta's War series). The Alliance woke Captain John Black Jack Geary from cryogenic sleep to take command of the fleet in the century-long conflict against the Syndicate Worlds. Now Fleet Admiral Geary's victory has earned him the adoration of the people-and the enmity of politicians convinced that a living hero can be a very inconvenient thing. Geary knows that members of the military high command and the government question his loyalty to the Alliance and fear his staging a coup-so he can't help but wonder if the newly christened First Fleet is being deliberately sent to the far side of space on a suicide mission.

The Saga of Harmin Race Robert L. Lanese,2011-08-29 One might think that a book titled *Invasion* would be a story of hundreds of war ships invading a Planet. In part this is true, there is a massive deployment of war ships on all the borders of their Galaxy staging the largest invasion known. But this is only a small part of this story. The boys do battle with Pirates, Drug Lords, and Slavers. There is also the largest Wedding ever held on Lantis 4, when our heroes get married. But the most important two words in the entire book are spoken in the last paragraph of the book. These two words determine the future of *The Saga Of Harmin Race*. Stay on board and learn the future..

Before Jutland James V Goldrick,2015-05-15 *Before Jutland* is a definitive study of the naval engagements in northern European waters in 1914-15 when the German High Sea Fleet faced the Grand Fleet in the North Sea and the Russian Fleet

in the Baltic. Author James Goldrick reexamines one of the key periods of naval operations in the First World War, arguing that a focus on the campaign on the western front conceals the reality that the Great War was also a maritime conflict. Combining new historical information from primary sources with a comprehensive analysis of the operational issues, this book is an extensive revision of *The King's Ships Were at Sea*, Goldrick's earlier work on this naval campaign. In all, *Before Jutland* shows not only what happened, but how the various navies evolved to meet the challenges that they faced during the Great War and whether or not that evolution was successful.
