In Search of Captain Zero Allan Weisbecker,2002-09-17 In 1996, Allan Weisbecker sold his home and his possessions, loaded his dog and surfboards into his truck, and set off in search of his long-time surfing companion, Patrick, who had vanished into the depths of Central America. In this rollicking memoir of his quest from Mexico to Costa Rica to unravel the circumstances of Patrick's disappearance, Weisbecker intimately describes the people he befriended, the bandits he evaded, the waves he caught and lost en route to finding his friend. In Search of Captain Zero is, according to Outside magazine, A subtly affecting tale of friendship and duty. [It] deserves a spot on the microbus dashboard as a hell of a cautionary tale about finding paradise and smoking it away. In Search of Captain Zero: A Surfer's Road Trip Beyond the End of the Road is a Booksense 76 Top Ten selection for September/October.

**World War Iii: Nuclear War** Gary L. Wilson,2017-02-20 Author Gary L. Wilson has studied the Bible extensively for many years with the goal of saving the American people and the people in Europe who will be caught in the famine of the

Antichrist. In *World War III: Nuclear War*, he provides Biblical evidence of how to prevent nine possible nuclear wars between the Pentagon and the Antichrist who will use the nuclear arsenals of Russia, the former Soviet nations, and Europe to threaten the world during World War III. Wilson offers an extensive discussion of the political, social, and spiritual implications of the coming warfare and what changes have already happened in Europe to make it possible for the Antichrist to start World War III in AD 2030. He tells the public how to prepare for the coming end times so they can be strong in their faith and look forward to peace with God. He also explains how to decipher the prophetic words and symbols found in the book of Revelation. Filled with ample scriptural evidence, *World War III: Nuclear War* outlines the instructions of Christ and the Lord God to avoid the impending nuclear wars. Wilson predicts a nuclear attack on Rome in 2030 as told in Revelation 18:4 and 18:19. He also predicts a major nuclear war and nuclear winter as told in Revelation 8:12.

*Cosmic Banditos* A. C. Weisbecker, 2001-03-01 Soon to be a major motion picture starring John Cusack! Mr. Quark is a down-on-his luck pot-smuggler hiding out in the mountains of Colombia with his dog, High Pockets, and a small band of banditos led by the irascible Jose. Only months before, these three and their fearless associates were rolling in millions in cash and high-grade marijuana, eluding prosecution on “ridiculously false” drug and terrorism charges. But times have quickly grown lean, and to liven up their exile, Jose decides to mug a family of American tourists. Among the spoils are physics texts, which launch Mr. Quark on a side-splitting, boisterous adventure north to California, where he confronts the owner of the books with his own theories on relativity, the nature of the universe, and looking for the meaning of life in all the wrong places....

The Lost Boys of Montauk Amanda M. Fairbanks,2021-05-25 An immersive account of a tragedy at sea whose repercussions haunt its survivors to this day, lauded by New York Times bestselling author Ron Suskind as “an honest and touching book, and a hell of a story.” In March of 1984, the commercial fishing boat Wind Blown left Montauk Harbor on what should have been a routine offshore voyage. Its captain, a married father of three young boys, was the boat’s owner and leader of the four-man crew, which included two locals and the blue-blooded son of a well-to-do summer family. After a week at sea, the weather suddenly turned, and the foursome collided with a nor’easter. They soon found themselves in the fight of their lives. Tragically, it was a fight they lost. Neither the boat nor the bodies of the men were ever recovered. The downing of the Wind Blown has since become interwoven with the local folklore of the East End’s year-round population. Its tragic fate will never be forgotten. In this “riveting man-vs.-nature story and compelling tribute to those who perished” (Kirkus Reviews, starred review), journalist Amanda M. Fairbanks seeks out the reasons why an event more than three decades old remains so startlingly vivid in people’s minds. She explores the ways in which deep, lasting grief can alter people’s memories. And she shines a light on the powerful and sometimes painful dynamics between fathers and sons, as well as the secrets that can haunt families from beyond the grave.
