**The Virginia Giuffre Biography** Sylvia Geiser, 2025-09-11 History often celebrates kings and billionaires, but it is the silenced voices that tell us who we really are. Among those voices is Virginia Giuffre's—a young girl drawn into Jeffrey Epstein's world of wealth, secrecy, and abuse, who refused to remain silent. This biography traces Virginia's journey from a troubled childhood in Florida to the gilded prisons of Epstein's empire, through years of manipulation, exploitation, and despair. Yet it is not only a story of suffering—it is a story of survival, justice, and unrelenting courage. Against the odds, Virginia rose to challenge some of the most powerful figures in the world, becoming a voice for survivors everywhere. Why read this book? Because it is more than the account of one woman's life. It is a mirror held up to society, exposing how easily the vulnerable can be trapped and how fiercely they can fight back. It forces us to ask uncomfortable questions about power, privilege, and accountability. And it reminds us that even in the darkest corners, truth can find a way to break free. If you believe that silence should never have the last word, if you want to understand the strength it takes to stand against giants, and if you seek inspiration from a story that proves resilience can outshine cruelty—this is the book you cannot afford to miss. Open these pages, bear witness, and let Virginia Giuffre's legacy remind you: one voice, when raised with courage, can change the world.

**The Curious Case of Mike Lynch** Katie Prescott, 2025-11-13 Mike Lynch was a maverick outsider of British business. From humble beginnings, he rose to become one of the UK's richest men, selling enterprise software company Autonomy to Hewlett-Packard for over £11bn in 2011, a sale which led to one of the biggest fraud cases in Silicon Valley history. After his acquittal in May 2024, Lynch (alongside his daughter and five others) tragically died when his super-yacht Bayesian sunk off the coast of northern Sicily 72 days later. His co-defendant, Stephen Chamberlain, was killed on the same day, hit by a car in Cambridge. Drawing on extensive research and exclusive access to key sources, *The Curious Case of Mike Lynch* follows the billionaire's dramatic rise and fall, through to his unlikely and tragic death. It's a thrilling story of money, power and deception, taking readers into a high-stakes world of corporate subterfuge and rivalries. Investigating one of the most fascinating men in the history of British business, Prescott reflects on Lynch's legacy, outlining lessons from a truly unique

life which serve as both a warning and inspiration.

**Issues in Business Ethics and Corporate Social Responsibility** SAGE Publishing, 2020-03-19 One need only look at the news to be bombarded with examples of corporate malfeasance and the impact such behavior has on a company's public image, customers, employees, and bottom line. And while these stories grab the headlines, some companies are adopting practices that display awareness of their impact on the globe, whether that be to the environment, its employees and suppliers, or communities in which they do business. What factors are leading to these decisions? What are the benefits and costs of making ethical business decisions and acting in a socially responsible way, however one defines it? *Issues in Business Ethics and Corporate Social Responsibility* explores these foundational themes across a wide range of topics, including artificial intelligence, workplace surveillance, supply chain management, big data, the finance industry, and many more. Coupled with a broad introduction by Dr. David Weitzner, a professor of management at York University, this book provides students with the essential information they need to assess business practices through the lens of ethical decision-making and corporate social responsibility.

**Meanjin Vol 80, No 1** Meanjin Quarterly, 2021-03-16 '...embracing anger is a political act. This is not a personal project but a social one-being passive and perpetually afraid of your power reinforces the status quo, and I am no longer interested in that. Anger is a complex emotion, which is exactly why my child-brain suppresses it, and exactly why we as a society are afraid of it. Anger teaches us that not everything has to be either/or.' In a profound and personal essay, Lucia Osbourne-Crowley writes on learning to embrace anger as a multi-faceted emotion. Anger can be an act of caring, anger can be a force for personal power, and inter-personal good; anger, she says, 'can sit alongside love and hope and connection rather than being their opposite.' Guy Rundle studies the rise of the Knowledge Class, the laptop tapping workers at the core of the west's new economy, and details the challenge-and opportunity-this growing group poses for traditional progressive politics. Na'ama Carlin found her first pregnancy challenging, a minefield of existential and practical complication. Then she was diagnosed with aggressive breast cancer. Author Alice Pung writes on the vexed politics of 'diversity' in the Australian publishing industry. Futurist Mark Pesce is anxious about the social implications of the Facebook 'metaverse', but that's just the tip of the iceberg. Critic and curator Chris McAuliffe looks at the hidden and very complicated history of the Australian flag. El Gibbs writes on the hidden pandemic: of living with both covid and disability. Other essays from Declan Fry, Eloise Grills, Martin Langford, Gemma Carey, Madeleine Gray, Jill Giesse, Bruce Buchan and more. Memoir from Alice Bishop, Alexander Wells, Dominic Gordon and Hannah Preston. New fiction from Jennifer Mills, Ouyang Yu and Christopher Raja. New poetry from Adam Aitken, Lucy Dougan, Ashleigh Synnott, Stephen Edgar, Svetlana Sterlin, Julie Huang and more. Reviews from Millie Bayliss, Imogen Dewey, Hasib Hourani, Thabani Tshuma and Rose Ofori Ward.

*Prescribing the Dharma* Ira Helderman, 2019-02-08 Interest in the psychotherapeutic capacity of Buddhist teachings and

practices is widely evident in the popular imagination. News media routinely report on the neuropsychological study of Buddhist meditation and applications of mindfulness practices in settings including corporate offices, the U.S. military, and university health centers. However, as Ira Helderman shows, curious investigators have studied the psychological dimensions of Buddhist doctrine for well over a century, stretching back to William James and Carl Jung. These activities have shaped both the mental health field and Buddhist practice throughout the United States. This is the first comprehensive study of the surprisingly diverse ways that psychotherapists have related to Buddhist traditions. Through extensive fieldwork and in-depth interviews with clinicians, many of whom have been formative to the therapeutic use of Buddhist practices, Helderman gives voice to the psychotherapists themselves. He focuses on how they understand key categories such as religion and science. Some are invested in maintaining a hard border between religion and psychotherapy as a biomedical discipline. Others speak of a religious-secular binary that they mean to disrupt. Helderman finds that psychotherapists' approaches to Buddhist traditions are molded by how they define what is and is not religious, demonstrating how central these concepts are in contemporary American culture.

**American Indians at the Margins** H. Roy Kaplan, 2022-05-30 Since the earliest days of America, racist imagery has been used to create harmful stereotypes of the indigenous people. In this book, the conflict between invading European white settlers and the indigenous groups who occupied the land that became the United States is described through the context of race and racism. Using depictions from art, literature, radio, cinema and television, the origin and persistence of such stereotypes are explained, and their debilitating effects on the well-being of Indians are presented. This text also explores their accomplishments in attempts to maintain their sovereignty, dignity and respect.

**Constitutional Law for a Changing America** Lee Epstein, Thomas G.
