Bulletproof Jack Posobiec, Joshua Lisec, 2024-10-22 From New York Times Bestselling Authors of *Unhumans*, Jack Posobiec and Joshua Lisec *The Unanswered Questions of the Most Consequential Summer in American Political History* We the people of the United States have questions. And we deserve answers. *Bulletproof: The Truth about the Assassination Attempts on Donald Trump* is the first complete preliminary investigative report on the attempted assassination of President Donald J. Trump that occurred on July 13, 2024, at 6:11 p.m. Eastern Daylight Time in Butler, PA, USA. *Bulletproof* reconstructs a minute-by-minute parallel timeline of each step of that fateful July day for President Trump, law enforcement agencies, and the would-be assassin and digs deeper than the official narrative, asking uncomfortable questions about how this event occurred and going deeper than mainstream media ever will. In addition, *Bulletproof* breaks new and exclusive stories from an independent private investigator team commissioned by the authors into the hidden life of shooter Thomas Matthew Crooks, and also breaks new ground, digging into the best-kept-secret details of how the failed “hit” on Trump dominoed into a palace coup of a sitting US president. Posobiec and Lisec bring the receipts. *Bulletproof* is also first to cover the assassination attempt that occurred two months later on September 15, 2024, at 1:30 p.m. EDT at Trump International Golf Club in West Palm Beach, FL, USA. The book curates what is known about the would-be shooter, Ryan Wesley Routh, and his complex ties to shadowy foreign fighter operations. May this public record serve the American people and those of the world who seek answers, question narratives, and hold all perpetrators accountable for their sins. Truth and justice will prevail.

The Conspiracy to End America Stuart Stevens, 2023-10-10 “This is the first must-read of the 2024 election cycle if you want to understand the stakes.” –Nicolle Wallace Former chief Republican strategist, Lincoln Project adviser, and bestselling author of *It Was All a Lie*, Stuart Stevens offers an ominous warning that the GOP is dragging our country toward autocracy—and if we don’t wake up to the crisis in our system, 2024 may well be our last free and fair election. Today’s Republican party is not a “normal” political party in the American tradition. It has become an autocratic movement masquerading as a political party. As Stuart Stevens argues in *THE CONSPIRACY TO END AMERICA*, if we look away from that truth, we greatly increase the likelihood that the America we love will slip away, never to return. Whenever a democracy slides into autocracy, there are five critical elements at work: financiers, propagandists, party support, legal theories to

legitimize, and shock troops. *THE CONSPIRACY TO END AMERICA* examines each of these driving forces on the Right and makes clear how they are working in concert to end our democracy as we know it. In the tradition of *It Can't Happen Here* and *On Tyranny*, *THE CONSPIRACY TO END AMERICA* is a blinking red distress call about the dark intentions lurking within Stevens' old party and a rallying cry to beat back this perilous threat and save the Republic.

The Venture Alchemists Rob Lalka, 2024-05-14 Gold Medalist, 2025 Axiom Business Book Awards, Business Ethics - Future Trends category Shortlist, 2024 Best in Business Book Awards, Society for Advancing Business Editing and Writing We once idolized tech entrepreneurs for creating innovations that seemed like modern miracles. Yet our faith has been shattered. We now blame them for spreading lies, breaking laws, and causing chaos. Yesterday's Silicon Valley darlings have become today's Big Tech villains. Which is it? Are they superheroes or scoundrels? Or is it more complicated, some blend of both? In *The Venture Alchemists*, Rob Lalka demystifies how tech entrepreneurs built empires that made trillions. Meta started as a cruel Halloween prank, Alphabet began as a master's thesis that warned against corporate deception, and Palantir came from a campus controversy over hateful speech. These largely forgotten origin stories show how ordinary fears and youthful ambitions shaped their ventures—making each tech tale relatable, both wonderfully and tragically human. Readers learn about the adversities tech entrepreneurs overcame, the troubling tradeoffs they made, and the tremendous power they now wield. Using leaked documents and previously unpublished archival material, Lalka takes readers inside Big Tech's worst exploitations and abuses, alongside many good intentions and moral compromises. But this story remains unfinished, and *The Venture Alchemists* ultimately offers hope from the people who, decades ago, warned about the risks of the emerging Internet. Their insights illuminate a path toward more responsible innovations, so that technologies aren't dangerous weapons but valuable tools that ensure progress, improve society, and enhance our daily lives.

Catholics and U.S. Politics After the 2024 Elections Marie Gayte, Blandine Chelini-Pont, Mark J. Rozell, 2025-07-19 This book examines the evolution of the Catholic vote in the US and the role of Catholic voters in the 2024 national elections. There is a paucity of academic books on Catholic voters, even though they comprise nearly one-quarter of the US national popular vote (known as the "swing vote"). Understanding the intersection of religion, politics, and election outcomes in the US requires an analysis of the role played by Catholics. Catholic voters had a powerful influence on the re-election of Donald Trump and this volume untangles how the swing vote swung Right in 2024. The key topics are whether Trump's Catholic outreach and commitment to social issues were key to his achieving a majority of the Catholic vote; the role of the Catholic bishops in US elections; the important role of the Catholic Latino vote in US elections; the conservative Catholic and evangelical alliance in US politics; and the distinctive politics of social justice Catholics and socially conservative Catholics.

Hillbilly Elegy J. D. Vance, 2018-05-01 Part memoir, part historical and social analysis, J. D. Vance's *Hillbilly Elegy* is a fascinating consideration of class, culture, and the American dream. Vance's grandparents were "dirt poor and in love." They

got married and moved north from Kentucky to Ohio in the hopes of escaping the dreadful poverty around them. Their grandchild (the author) graduated from Yale Law School, a conventional marker of their success in achieving upward mobility for their family. But Vance cautions that is only the short version. The slightly longer version is that his grandparents, aunt, uncle, and mother struggled to varying degrees with the demands of their new middle class life and they, and Vance himself, still carry around the demons of their chaotic family history. Delving into his own personal story and drawing on a wide array of sociological studies, Vance takes us deep into working class life in the Appalachian region. This demographic of our country has been slowly disintegrating over forty years, and Vance provides a searching and clear-eyed attempt to understand when and how “hillbillies” lost faith in any hope of upward mobility, and in opportunities to come. At times funny, disturbing, and deeply moving, this is a family history that is also a troubling meditation on the loss of the American dream for a large portion of this country.
