Paul Hetherington, Cassandra Atherton

The Shaking Woman, or A History of My Nerves Siri Hustvedt, 2024-05-01 The author delves into the mysteries of her own neurological condition in a far-ranging memoir that is graceful, intense, and curiously affirming (Booklist). While speaking at a memorial event for her father in 2006, novelist Siri Hustvedt suffered a violent seizure from the neck down. Despite her flapping arms and shaking legs, she continued to speak clearly and was able to finish her speech. It was as if she had suddenly become two people: a calm orator and a shuddering wreck. Then the seizures happened again and again. The Shaking Woman or A History of My Nerves tracks Hustvedt's search for a diagnosis, one that takes her inside the thought processes of several scientific disciplines, each one of which offers a distinct perspective on her paroxysms but no ready solution. In the process, she finds herself entangled in fundamental questions: What is the relationship between brain and mind? How do we remember? What is the self? In The Shaking Woman, Hustvedt synthesizes her experience and research into a compelling mystery: Who is the shaking woman? In the end, the story she tells becomes, in the words of George Makari, author of Revolution in Mind, a brilliant illumination for us all.

Prose Poetry Paul Hetherington, Cassandra Atherton, 2020-10-13 An engaging and authoritative introduction to an increasingly important and popular literary genre Prose Poetry is the first book of its kind—an engaging and authoritative introduction to the history, development, and features of English-language prose poetry, an increasingly important and popular literary form that is still too little understood and appreciated. Poets and scholars Paul Hetherington and Cassandra Atherton introduce prose poetry's key characteristics, chart its evolution from the nineteenth century to the present, and discuss many historical and contemporary prose poems that both demonstrate their great diversity around the Anglophone world and show why they represent some of today's most inventive writing. A prose poem looks like prose but reads like poetry: it lacks the line breaks of other poetic forms but employs poetic techniques, such as internal rhyme, repetition, and compression. Prose Poetry explains how this form opens new spaces for writers to create riveting works that reshape the resources of prose while redefining the poetic. Discussing prose poetry's precursors, including William Wordsworth and Walt Whitman, and prose poets such as Charles Simic, Russell Edson, Lydia Davis, and Claudia Rankine, the book pays equal attention to male and female prose poets, documenting women's essential but frequently unacknowledged contributions to the genre. Revealing how prose poetry tests boundaries and challenges conventions to open up new imaginative vistas, this is

an essential book for all readers, students, teachers, and writers of prose poetry.

What Time Is It? Emre Baykal, Eda Berkmen, Süreyya Evren, 2019-09-01 Arter initiates a new publication series, Arter Background, to accompany group exhibitions drawn from its collection, which holds more than 1,300 works of art as of 2019. This first book of the series accompanies one of the opening exhibitions of Arter's new building, a collection-based group exhibition entitled What Time Is It?. Curated by Emre Baykal and Eda Berkmen, the exhibition is conceived around the concepts of memory, space and time. In the book, excerpts of texts selected around the ideas active in the curatorial process are complemented by new essays written specifically for this context, in line with Arter's mission of encouraging artistic and cultural production. It thus features texts on themes associated with houses, everyday objects, personal and collective histories, inside and outside, urban rhythms, architecture, archaeology, borders and migration, and includes commissioned essays by Erdem Ceylan, Deniz Gül, Gökhan Kodalak, and Nil Sakman. While close-up visual excerpts taken from the art works are cited side by side with the texts, the installation views from the exhibition assume their places as the first entries into the memory of Arter's new space. Our Story Of Home: Tales of Longing and Belonging Valerie Andrews, 2025-11-14 In *Our Story of Home*, Valerie Andrews considers the role this intimate space has played for some of our greatest storytellers. Marcel Proust worked in a quiet, cork-lined room to conjure memories of Paris in the Belle Epoque. Jane Austen's heroines met their fate in tidy English drawing rooms. Herman Melville's writing desk in Massachusetts faced a hill shaped like a whale. Virginia Woolf's novels were elegies on the inner life of home. Toni Morrison viewed the house as a place we wrestle with our own salvation. The Celtic bard John O'Donohue was enchanted by firelight. And in Provincetown, Mary Oliver built a miniature studio from scraps she found at the dump—crafting it as carefully as she would a poem. Andrews also explores the deep psychology of home, noting that the psychiatrist C.G. Jung had two houses, each corresponding to different aspects of the personality. At his formal residence in Küsnacht, Switzerland, he entertained colleagues and presided over family life. At his rustic retreat on lake at Bollingen, he lived in solitude and honed his concept of eternity. Our dwellings—no matter how simple or how grand—serve two purposes; they support our role in the family and community and provide solace to the questing soul.

Teaching Literature in Times of Crisis Sofia Ahlberg, 2021-06-13 *Teaching Literature in Times of Crisis* looks at the range of different crises currently affecting students – from climate change and systemic racism, to the global pandemic.

Addressing the impact on students' ability and motivation to learn as well as their emotional wellbeing, this volume guides teachers toward strategies for introducing both canonical and contemporary literature in ways that demonstrate the future relevance of sophisticated and targeted literacy skills. These reading practices are invaluable for framing and critically examining the challenges associated with crisis in order to help cope with grief and as a means to impart the skills needed to deal with crisis, such as adaptability, flexibility, resilience, and resistance. Providing necessary background theory, alongside practical case studies, the book addresses: Reading practices for demonstrating how literature explores ethical issues in specific and concrete rather than abstract terms Making connections between disparate phenomena, and how literature mobilises affect in individual and collective human lives Supporting teachers in considering new, imaginative ways students can learn from literary content and form in online or remote learning environments as well as face to face Combining close and distant reading with creative and hands-on strategies, presenting the principles of a transitional pedagogy for a world in flux. This book introduces teachers to methods for reading and studying literature with the aim of strengthening and promoting resilience and resourcefulness in and out of the literature classroom and empower students as global citizens with local roles to play.

Otras palabras Eduardo Berti, 2025-05-07 Un recorrido fascinante e hilarante por los antidiccionarios que va desde Flaubert y Bierce hasta Bioy Casares o Gómez de la Serna , con numerosas paradas en obras menos conocidas pero igualmente ingeniosas. Un libro que sorprende a cada página. En vez de anhelar un control o un dominio sobre las palabras, los antidiccionarios establecen un diálogo e instalan una incertidumbre. A diferencia de los diccionarios oficiales, operan disfrazados de rigor e imitan o aplican la forma y la 'fachada' con una lógica que no pretende ser científica, pero que muchas veces finge serlo por medio de la crítica abierta o de la ironía. Esto no significa destruir por completo el objeto o el modelo original, sino más bien sumarle (o a veces incluso restarle) algo. Ampliarlo, conmoverlo, transformarlo desde la movilidad y no desde la rigidez. Eduardo Berti nos propone aquí un recorrido tan fascinante como hilarante que nos lleva de Flaubert a Bierce o de Bioy Casares a Gómez de la Serna , con numerosas paradas en obras menos conocidas pero igualmente ingeniosas.

Joe Brainard , 2011

I Remember Joe Brainard, 2025-07 With a new introduction by Olivia Laing, alongside Paul Auster's original. 'A masterpiece. One by one, the so-called important books of our time will be forgotten, but Joe Brainard's modest little gem will endure.' Paul Auster An enduring gem, Joe Brainard's I Remember is a literary and artistic cult classic. Brainard's method was brilliantly simple: to set down specific memories as they rose to the surface of his consciousness, each beginning with the refrain 'I remember': 'I remember that little jerk you give just before you fall asleep. Like falling.' Recollections - jokes, confessions, daydreams and memories - were carefully, lovingly woven together. They were of family and friends; of movie

stars; of early heterosexual fumbblings and later gay life. Brainard's pared-back prose dodged both self-pity and judgement of others, and was written with an ear for musical cadence and an extraordinary painter's eye. The result is witty, incantatory, profound and wholly captivating.
