God at War Mark Juergensmeyer, 2020-05-05 For decades, Mark Juergensmeyer has been studying the rise of religious violence around the world, including groups like ISIS and Christian militias that have been involved in acts of terrorism. Over the years he came to realize that war is the central image in the worldview of virtually every religious movement engaged in violent acts. Behind the moral justification of using violence are images of great confrontations of war on a transcendent

scale. *Why God Needs War and War Needs God* explores the dark attraction between religion and warfare. Virtually every religious tradition leaves behind it a bloody trail of stories, legends, and images of war, and most wars call upon the divine for blessings in battle. This book finds the connection between religion and warfare in the alternative realities created in the human imagination in response to crises both personal and social. Based on the author's thirty years of field work interviewing activists involved in religious-related terrorist movements around the world, this book explains why desperate social conflict leads to images of war, and why invariably God is thought to be engaged in battle.

Echoes of Friendship in the Gospel of John Martin M. Culy,2010 Friendship in the Graeco-Roman world took a wide variety of forms, with some 'friendships' involving nothing more than a political alliance or patron-client relationship and others involving deep personal intimacy. When Jesus says his disciples are to be called 'friends', what type of friendship does he have in mind? Friendship may seem a relatively insignificant motif in the Gospel of John, since the author does not explicitly set out to provide a philosophical discourse on the nature of friendship, nor does he explicitly state that the narrative is about friendship. In this study, however, Culy, having carefully examined Graeco-Roman literature on friendship, demonstrates that the language of what he calls 'ideal friendship' actually pervades the Fourth Gospel from beginning to end and serves as a primary vehicle for characterizing the relationships that are introduced in the Prologue and fleshed out throughout the course of the narrative. Taking up the friendship motif as a tool of characterization, the Gospel of John points to a striking implication of the life, death, and resurrection of Jesus: that followers of Jesus are invited to enjoy a level of intimacy with him that can actually, and perhaps only, be compared to the level of intimacy that he enjoys with the Father. The Johannine Jesus, then, came not just to save the world but also to offer those who would follow him a relationship that Graeco-Roman philosophers only dreamed of, a relationship where all the ingredients of ideal friendship were present.
