Gary Dorrien

The Spirit of American Liberal Theology Gary Dorrien, 2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U.S. American tradition of liberal theology. A highly condensed and far-more-accessible summary of Gary Dorrien's three-volume trilogy, The Making of American Liberal Theology (Westminster John Knox Press 2001, 2003, and 2006), Dorrien here presses the argument that the most abundant, diverse, and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself. While discussions of English and German liberalism persist, new material includes expanded treatment of the Black social gospel, the Universalists, developments into early 2020s, and a robust expression of the author's post-Hegelian liberal-liberationist perspective.

The Making of American Liberal Theology Gary J. Dorrien, 2006-01-01 In this first of three volumes, Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider, longer-running tradition than has been thought. The tradition took shape in the nineteenth century, motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism/atheism. It is defined by its openness to modern intellectual inquiry; its commitment to the authority of individual reason and experience; its conception of Christianity as an ethical way of life; and its commitment to make Christianity credible and socially relevant to modern people. Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time, including William E. Channing, Ralph Waldo Emerson, Horace Bushnell, Henry Ward Beecher, Elizabeth Cady Stanton, and Charles Briggs. Dorrien notes that, although liberal theology moved into elite academic institutions, its conceptual foundations were laid in the pulpit rather than the classroom.

Joseph Conrad's Heart of Darkness Gene M. Moore, 2004 The books that comprise the 'Casebooks in Criticism' series offer edited in-depth readings and critical notes and studies on the most important classic novels. This volume explores Conrad's 'Heart of Darkness'.

Apocalyptic Fever Richard G. Kyle, 2012-08-01 How will the world end? Doomsday ideas in Western history have been both persistent and adaptable, peaking at various times, including in modern America. Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event. The views expressed in these polls have been reinforced by the market process. Whether through purchasing paperbacks or watching television programs, millions of Americans have expressed an interest in end-time events. Americans have a tremendous appetite for prophecy,

more than nearly any other people in the modern world. Why do Americans love doomsday? In *Apocalyptic Fever*, Richard Kyle attempts to answer this question, showing how dispensational premillennialism has been the driving force behind doomsday ideas. Yet while several chapters are devoted to this topic, this book covers much more. It surveys end-time views in modern America from a wide range of perspectives--dispensationalism, Catholicism, science, fringe religions, the occult, fiction, the year 2000, Islam, politics, the Mayan calendar, and more.

The Vietnam War in Popular Culture Ron Milam, 2016-11-07 Covering many aspects of the Vietnam War that have not been addressed before, this book supplies new perspectives from academics as well as Vietnam veterans that explore how this key conflict of the 20th century has influenced everyday life and popular culture during the war as well as for the past 50 years. How did the experience of the Vietnam War change the United States, not just in the 1950s through the 1970s, but through to today? What role do popular music and movies play in how we think of the Vietnam War? How similar are the recent wars in Iraq and Afghanistan—and now Syria—to the Vietnam War in terms of duration, cost, success and failure rates, and veteran issues? This two-volume set addresses these questions and many more, examining how the Vietnam War has been represented in media, music, and film, and how American popular culture changed because of the war. Accessibly written and appropriate for students and general readers, this work documents how the war that occurred on the other side of the globe in the jungles of Vietnam impacted everyday life in the United States and influenced various entertainment modes. It not only covers the impact of the counterculture revolution, popular music about Vietnam recorded while the war was being fought (and after), and films made immediately following the end of the war in the 1970s, but also draws connections to more modern events and popular culture expressions, such as films made in the aftermath of September 11, 2001. Attention is paid to the impact of social movements like the environmental movement and the civil rights movement and their relationships to the Vietnam War. The set will also highlight how the experiences and events of the Vietnam War are still impacting current generations through television shows such as *Mad Men*.

The Graphic Canon, Vol. 2 Russ Kick, 2012-10-02 *The Graphic Canon*, Volume 2 gives us a visual cornucopia based on the wealth of literature from the 1800s. Several artists—including Maxon Crumb and Gris Grimly—present their versions of Edgar Allan Poe's visions. The great American novel *Huckleberry Finn* is adapted uncensored for the first time, as Twain wrote it. The bad boys of Romanticism—Shelley, Keats, and Byron—are visualized here, and so are the Brontë sisters. We see both of Coleridge's most famous poems: "Kubla Khan" and "The Rime of the Ancient Mariner" (the latter by British comics legend Hunt Emerson). Philosophy and science are ably represented by ink versions of Nietzsche's *Thus Spake Zarathustra* and Darwin's *On the Origin of Species*. *Frankenstein*, *Moby-Dick*, *Les Misérables*, *Great Expectations*, *Middlemarch*, *Anna Karenina*, *Crime and Punishment* (a hallucinatory take on the pivotal murder scene), Thoreau's *Walden* (in spare line art by John Porcellino of King-Cat Comics fame), "The Drunken Boat" by Rimbaud, *Leaves of Grass* by Whitman, and two of Emily

Dickinson's greatest poems are all present and accounted for. John Coulthart has created ten magnificent full-page collages that tell the story of *The Picture of Dorian Gray* by Oscar Wilde. And *Pride and Prejudice* has never looked this splendid! This volume is a special treat for Lewis Carroll fans. Dame Darcy puts her unmistakable stamp on—what else?—the Alice books in a new 16-page tour-de-force, while a dozen other artists present their versions of the most famous characters and moments from *Wonderland*. There's also a gorgeous silhouetted telling of "Jabberwocky," and Mahendra's Singh's surrealistic take on "The Hunting of the Snark." Curveballs in this volume include fairy tales illustrated by the untameable S. Clay Wilson, a fiery speech from freed slave Frederick Douglass (rendered in stark black and white by Seth Tobocman), a letter on reincarnation from Flaubert, the Victorian erotic classic *Venus in Furs*, the drug classic *The Hasheesh Eater*, and silk-screened illustrations for the ghastly children's classic *Der Struwwelpeter*. Among many other canonical works.

Uncle John's Colossal Collection of Quotable Quotes Bathroom Readers' Institute, 2004 Aficionados of the Bathroom Reader have long remarked on Uncle John's ability to select quintessential quotations. The ever-accommodating Uncle John has responded to this shameless praise by flushing out the all-time best and most hilarious quotes to form this cunning compilation. Yahweh to Hell Rich Woods, 2015-03-18 *Yahweh to Hell* comes at a time in our nation's political discourse when the eight-hundred pound gorilla in the room is Christian Dominionism. Renowned author and satirist Rich Woods returns, and this time he's got the twenty-first century version of the Republican Party in his sights. With an uncommon perspective and singular wit, Woods systematically dissects the runaway bigotry, social regression, misogyny, economic illiteracy and overall lack of rationale in the fundamentalist Christian dominated Tea Party/GOP. At times brutally funny, and/or gut wrenchingly astute, Woods is unique amongst his peers in his ability to combine acumen with unapologetic mockery. Yet while *Y2H* oscillates back and forth between sobriety and satire, it manages to shine a light in the darkest parts of American politics. Indeed, Rich Woods demonstrates once again that he is equally adept with both a scalpel, and a chainsaw. This book will anger many and drive others to uncontrolled laughter. As long as it makes them rethink what they've been told, the author

doesn't care. Bob Ingle, award-winning journalist, Radio and TV commentator and co-author of The New York Times Best Seller, *The Soprano State: New Jersey's Culture of Corruption* and Chris Christie: *The Inside Story Of His Rise To Power* Rich Woods is down to earth, outspoken, acerbic, and has absolutely no patience for ignorance or stupidity. He has mastered the art of the book-length rant, and gives voice to the frustration so many of us feel with religion in the United States. William Hamby, Columnist, Examiner.com This book should be required reading of all Republican voters in America. Rich pulls the curtain back from a party that many of us used to respect, to show that there is nothing decent left. Brian Sapien, Secular activist, and Founder of the Rational Responders

The Heart is an Instrument Madeleine Blais, 1992 Pulitzer prize-winning journalist Madeleine Blais is perhaps best known for her insightful essays chronicling the experiences of the disadvantaged and dispossessed members of our society. This volume gathers fifteen of her most memorable essays, vivid portraits that speak to the realities of contemporary American experience.

Vietnam at 24 Frames a Second Jeremy M. Devine, 1995 Jeremy M. Devine shows off an encyclopedic knowledge of Vietnam War films in [this book]. The author, a motion picture industry executive, fills this excellent book with detailed summaries of Vietnam films, from the obscure to the best known. Devine tells his tale chronologically. In addition to his detailed plot summaries, he offers brief analyses, focusing on how the various films relate to historical events at the time they were released. He also connects these events to issues such as the draft, the antiwar movement, POWs, and veterans readjustment problems.
