The Cambridge History of Latina/o American Literature John Morán González, Laura Lomas, 2018-02-22 The Cambridge History of Latina/o American Literature emphasizes the importance of understanding Latina/o literature not simply as a US ethnic phenomenon but more broadly as an important element of a trans-American literary imagination. Engaging with the dynamics of migration, linguistic and cultural translation, and the uneven distribution of resources across the Americas that characterize Latina/o literature, the essays in this History provide a critical overview of key texts, authors, themes, and contexts as discussed by leading scholars in the field. This book demonstrates the relevance of Latina/o literature for a world defined by the migration of people, commodities, and cultural expressions.

Let the Story Do the Work Esther Choy, 2017-07-30 People forget facts, but they never forget a good story. Let the Story Do the Work shows how the art of storytelling is key for any business to achieve success. For most, there's nothing easy about crafting a memorable story, let alone linking it to professional goals. However, material for stories and anecdotes that can be used for your professional success already surround you. To get people interested in and convinced by what you are saying, you need to tell an interesting story. As the Founder and Chief Story Facilitator at Leadership Story Lab, a company that helps executives unlock the persuasive power of storytelling, Esther Choy teaches you how to mine your experience for simple narratives that will achieve your goals. In Let the Story Do the Work, you can learn to: Capture attention Engage your audience Change minds Inspire action Pitch persuasively When you find the perfect hook, structure your story according to its strengths, and deliver it at the right time in the right way, you'll see firsthand how easy it is to turn everyday communications into opportunities to connect, gain buy-in, and build lasting relationships.

Continental Shifts John D. Riofrio, 2015-10-15 Applying a broad geographical approach to comparative Latino literary and cultural studies, Continental Shifts illuminates how the discursive treatment of Latinos changed dramatically following the enactment of NAFTA—a shift exacerbated by 9/11. While previous studies of immigrant representation have focused on

single regions (the US/Mexico border in particular), specific genres (literature vs. political rhetoric), or individual groups, *Continental Shifts* unites these disparate discussions in a provocative, in-depth examination. Bringing together a wide range of groups and genres, this intercultural study explores novels by Latin American and Latino writers, a border film by Tommy Lee Jones and Guillermo Arriaga, “viral” videos of political speeches, popular television programming (particularly shows that feature incarceration and public shaming), and user-generated YouTube videos. These cultural products reveal the complexity of Latino representations in contemporary discourse. While tropes of Latino migrants as threatening, diseased foreign bodies date back to the nineteenth century, *Continental Shifts* marks the more pernicious, recent images of Latino laborers (legal and not) in a variety of contemporary media. Using vivid examples, John Riofrio demonstrates the connections between rhetorical and ideological violence and the physical and psychological violence that has more intensely plagued Latino communities in recent decades. Culminating with a consideration of the “American” identity, this eye-opening work ultimately probes the nation’s ongoing struggle to uphold democratic ideals amid dehumanizing multiethnic tension.
