

Sociologia De La Amistad

Julio César Salas

Amigos y redes sociales Félix Requena Santos, 1994 El presente libro es el primer estudio sistemático sobre sociología de la amistad realizado en nuestro país, que analiza los determinantes estructurales en los procesos de formación de las relaciones de amistad. Los hallazgos presentados en el libro conducen a reflexionar sobre los condicionantes sociales de la amistad, evidenciando que se trata de un tipo de relación social que opera de acuerdo con procesos mucho más complejos que los movidos exclusivamente por la atracción personal, como pudiera parecer a través de una mirada más superficial. El libro usa fundamentalmente el enfoque de redes sociales como forma de estudio de la amistad. Este enfoque reticular es especialmente sugerente para el estudio de las relaciones sociales en general y de las de amistad en particular.

Sociología de la España mandinga Eulalio López, 2018-11-30 Un análisis sociológico en España. Eulalio, antes de dedicarse a la política y a la gestión cultural, aunque después de escribir poesía y devorar libros (que siempre lo hizo), fue funcionario de prisiones y cursó estudios superiores de Criminología. Vital y técnicamente, cuando se adentra en los laberintos de la delincuencia, tanto en sus aspectos y fundamentos psicológicos como en los urbanos, familiares y sociales, sabe de lo que habla, lo ha vivido. Él ha estado en la vanguardia de ese duro frente, ha escuchado las voces del arroyo y por ello su propuesta, entre el realismo y la utopía, trasciende las fáciles recetas demagógicas de las políticas al uso. Su particular diccionario transmite y explica el habla de las prisiones y reformas, cuyo argot padre es el caló, según Eulalio: «caliente o calorro, descendiente de la antigua germanía; jerga propiamente delincencial, un lenguaje capucha». Un diccionario del habla de las prisiones y del argot con un análisis sociológico de los habladores y de la política. EXTRACTO La vida es siempre mañana», «Coge la flor del día», «Juventud, divino tesoro», «¡Qué grande es ser joven!» (y ahora hasta para viajar en Renfe). Mensajes y mensajes que llegan a la juventud. El concepto de juventud es utilizado masiva y asfixiadamente por los sectores más rastreros y oportunistas de la sociedad: la política, la administración, los grandes almacenes, las casas de discos, la televisión, la industria, la FM... La juventud, el último mito de la modernidad. La última gran enfermedad moderna se basa en la idea de que simulando ser joven permanecemos en la vanguardia. Hay que romper con los mitos estéticos de la juventud. Ser propietario satisfecho de tu propio cuerpo, de tu edad, de tus gustos, de tus placeres, vicios y

virtudes es la única posibilidad liberadora de los tiempos actuales. La juventud está siendo utilizada y manipulada como paradigma de la tribu. Ahora todo el mundo mima a la juventud. Ayuntamientos y comunidades autónomas organizan festivales de rock, verbenas, cines, obras de teatro, música, danza, exposiciones para (o dirigidas mayormente a) la juventud. ¿Por qué les ha entrado este frenesí de repente? ¿Y qué pinta en todo esto la juventud? «Embriagaos. ¿De qué? ¡De lo que sea!». Días de mujeres, vino y rosas.

Sociología de Karol Wojtyla Juan Lasterra Marco, 2019-07-19 La nueva utopía social de Karol Wojtyla: una sociedad personalista, la sociedad del amor. \r Ha muerto el optimismo por la utopía del comunismo que prometía el progreso de las fuerzas de la materia, hasta llegar al «paraíso comunista», un mundo feliz. \r Ha muerto también el liberalismo como utopía que prometía el progreso y la sociedad del bienestar, con la defensa de la «individualidad absoluta». \r Entramos en el siglo XXI en el que, muertas las grandes utopías, se está imponiendo en todas las naciones la «democracia vacía». \r En este nuevo milenio se nos presenta una nueva utopía, la de una sociedad personalista, la sociedad del amor. Una sociedad en la que lo primero, la base de toda iniciativa sea la persona humana, y su ámbito natural de desarrollo el matrimonio y la familia, y el trabajo; los dos «indicadores de calidad» para la evaluación del adecuado funcionamiento de toda sociedad, los dos pilares sobre los que el hombre como persona humana, ser-en-relación, se realiza.

La articulación entre el autodesarrollo comunitario y las relaciones de amistad en un grupo de amigos Yorkys Santana González, 2017-06-27 Tesis Doctoral / Disertación del año 2014 en el tema Psicología - Psicología social, Nota: 10, Universidad de Oriente in Santiago de Cuba (Universidad de Oriente), Materia: 2014, Idioma: Español, Resumen: Las relaciones de amistad constituyen una de las mediaciones de las relaciones sociales; ellas, a su vez, son mediadas por los procesos del autodesarrollo comunitario en las dimensiones de su expresión cotidiana. Este tipo de vínculo social ha sido analizado por las diversas disciplinas científicas, las cuales han mostrado su esencia diádica, sin desarrollar su expresión a nivel del grupo de amigos. Es en esta dirección que esta tesis doctoral da solución a la problemática de la articulación del autodesarrollo comunitario y las relaciones de amistad en el grupo de amigos “Prisma” de Santiago de Cuba. Y se propone como objetivo general: Fundamentar la articulación del autodesarrollo comunitario y las relaciones de amistad, a través del estudio de la experiencia del grupo de amigos “Prisma” en Santiago de Cuba. Se analiza lo grupal para la gestación de lo comunitario, no como espacio psicoterapéutico, sino como espacio para la reflexión crítica de la realidad vivenciada como enemiga, hostil,

culposa, estigmatizadora, excluyente; y facilitar desde el encuentro, en esa misma realidad, los elementos contrarios con la finalidad de construir proyectos grupales de cambio a partir de sus fortalezas individuales y grupales. Las potencialidades se multiplican con la participación y la cooperación porque se vive la fuerza de lo colectivo frente a lo individual, promoviendo el ajuste de los medios a los fines, en tanto en comunidad se viabiliza la visualización de lo que “se puede y no lo que se debe cambiar”, como imperativo categórico de la realidad cubana. Para el logro de los resultados obtenidos se trabaja con la metodología cualitativa y el método etnometodológico, lo cual permitió estudiar el proceso de las relaciones de amistad en el grupo de amigos “Prisma” de Santiago de Cuba, y su articulación con el autodesarrollo comunitario, así como las estrategias aplicadas por el grupo de amigos en función de potenciar sus propias relaciones de amistad y crecer como grupo, creando alternativas de emancipación humana en su contexto social. Los principales resultados obtenidos están referidos a las críticas a las concepciones psicológicas y sociológicas en el estudio de las relaciones de amistad, así como la propuesta de un nuevo concepto para el estudio de las relaciones de amistad en nuestro contexto social y la fundamentación de la articulación del autodesarrollo comunitario y las relaciones de amistad del grupo de amigos “Prisma” de Santiago de Cuba.

El arte de cuidar. Atender, dialogar y responder Agustín Domingo Moratalla,2013-02-26 El cuidado se ha convertido en una de las categorías centrales de la ética contemporánea. El libro analiza la génesis y evolución de la ética del cuidado, como una ética de la responsabilidad en el horizonte filosófico abierto por las investigaciones de Paul Ricoeur y Pedro Laín Entralgo. Este horizonte evita el sentimentalismo, promueve una cultura de la responsabilidad y potencia el diálogo como principio y fundamento de la bioética.
