**A Book of Death and Fish** Ian Stephen,2022-01-01 A bright book and a brilliant book. - Robert Macfarlane. Peter MacAulay sits down to write his will. The process sets in motion a compulsive series of reflections: a history of his own lifetime and a subjective account of how key events in the post-war world filter through to his home, Stornoway. He reveals his passions for history, engines and fish, and witnesses changing times - and things that don't change - in the Hebrides. The novel is driven by its idiosyncratic narrator, but with counterpoints from people he engages with - his father, mother, wife,

daughter, friends. It's all about stories, a litany of small histories witnessed during one very individual lifetime.
