

United States Of Japan

Christian L. Wiktor

The Code of Federal Regulations of the United States of America ,1987 The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

United States of Japan Peter Tieryas,2017-08-01 This “interesting and excited to read” spiritual sequel to *The Man in The High Castle* focuses on the New Japanese Empire—from an acclaimed author and essayist (io9) Decades ago, Japan won the Second World War. Americans worship their infallible Emperor, and nobody believes that Japan’s conduct in the war was anything but exemplary. Nobody, that is, except the George Washingtons—a shadowy group of rebels fighting for freedom. Their latest subversive tactic is to distribute an illegal video game that asks players to imagine what the world might be like if the United States had won the war instead. Captain Beniko Ishimura’s job is to censor video games, and he’s tasked with getting to the bottom of this disturbing new development. But Ishimura’s hiding something . . . He’s slowly been discovering that the case of the George Washingtons is more complicated than it seems, and the subversive videogame’s origins are even more controversial and dangerous than the censors originally suspected. Part detective story, part brutal alternate history, *United States of Japan* is a stunning successor to Philip K Dick’s *The Man in the High Castle*.
