10 Progressive Pieces for Classical Guitar Simon Powis, 2018-02-21 Focus your practice and make real progress. One of the biggest problems with online access to classical guitar instruction and sheet music is that you can waste a lot of time hopping around from lesson to lesson, from piece to piece. This book solves the problem by providing you with a set of progressive pieces that will take the beginner classical guitarist on a clear path to improvement. These ten pieces are featured in the Certificate Courses and Classical Guitar Corner Academy, and online school for classical guitar. The ten pieces include: 5 studies by Fernando Sor, Waltz in G by Dionisio Aguado, Waltz and Petit Caprice by Ferdinando Carulli, Andantino by Matteo Carcassi, Etude #1 by Mauro Giuliani. Each piece builds in difficulty, while introducing new technical challenges in a structured fashion. This book has two versions of each piece. One with standard notation and fingering and one in TAB for guitarists who are not yet comfortable with standard notation. Demonstration videos and access to lessons can be found at classicalguitarcorner.com

11 Recital Pieces for Classical Guitar Simon Powis, 2018-03-12 Focus your practice and make real progress. This book solves the problem by providing you with a set of recital pieces that will take the intermediate classical guitarist on a clear path to improvement. These nine pieces are featured in the

Certificate Courses and Classical Guitar Corner Academy, and online school for classical guitar. Featured composers include: Robert DeVisee, Fernando Sor, J.S. Graded Repertoire for Classical Guitar Simon Powis, 2019-03-08 It is my hope that this carefully selected set of pieces will offer guidance and clarity to both students and teachers of classical guitar. Now that music is available in such quantity and ease it is more important than ever to have a clear path laid out that will offer the possibility to explore the repertoire without putting up walls of frustration along the way. After working with several thousand guitarists online it has become clear that studying a piece of music that is too difficult can be one of the biggest impediments to learning and also the joy of music making. More often than not, students who experience struggle will put themselves at fault. However, I believe that a curated selection of music that is arranged in a progressive manner can avert frustration, foster steady progress, and make for a joyful learning experience. At the heart of this collection is a desire to foster joy and a sense of accomplishment. It is that joy that most likely brought you to the classical guitar in the first place. Each piece has been chosen because of musical, technical, and pedagogical reasons. The collection as a whole makes up the repertoire component of the curriculum at Classical Guitar Corner Academy and has been worked on diligently by a dedicated community of guitarists around the world. This edition is in standard notation and contains 123 pages. There are 52 pieces in total. Each grade is clearly marked and each piece has a brief set of instruction to help with study and focus. Composers include: Fernando Sor, Francisco Tarrega, J.S. Bach, Napoleon Coste, Matteo Carcassi, Ferdinando Carulli, Agustin Barrios, Mauro Giuliani, Robert De Visee, Domenico Scarlatti, Gaspar Sanz and more.

Golfing Communities in the Southeast Dennis J. Phillips,2015-02-18 People's passion for golf manifests itself in many ways. Some enjoy the game so much, they want to make it a prominent part of their retirement surroundings. This work functions as both an informative source for golfing aficionados who are looking for a place to retire, and as a helpful guide for non-golfers in the family. Here, details on golf communities in six southeastern states are presented: North and South Carolina, Georgia, Florida, Alabama and Mississippi. Organized by state, each chapter begins with information on state and city populations; sales, income and social security taxes; and a geographical description. Each state is divided into geographical areas that offer attractive retirement and golfing opportunities. For each city listed, a general introduction (including data from the 2000 Census) is provided. Information on the golf courses, a variety of real estate options, nearby dependable health care services, convenient and varied shopping, favorable year-round climate, continuing education opportunities, nearby recreation, attractions, and dining, and regional artistic and cultural amenities is offered. Lists of both a state's nationally ranked and overall best golf courses, as determined by Golf Digest, are also included at the end of each chapter.
