*Power Through Constructive Thinking* Emmet Fox, 2017-02-07 Originally published in 1932 by the renowned New Thought spiritual leader Emmet Fox, this book is intended to teach the principles of life-building through constructive thought. All power lies in creative thought. Thought is the key to life; for as a man thinketh in his heart, so is he. People are beginning to understand today something of the power of thought to shape the individual's destiny—they know vaguely that thoughts are things—but how the Great Law of thought is to be applied they do not know. This book shows that your destiny is really in your own hands, because it is impossible to think one thing and produce another, and that by the selection of correct thought a harmonious and happy life is produced. It shows that weak and fickle thinking produces a drifting and wasted life, and that positive thinking produces success and happiness. It shows that fear is the ultimate cause of Tap-Root of all sickness, failure, and disappointment. And it shows the only possible method of overcoming fear.

**Happy Lies** Melissa Dougherty, 2025-01-28 In this groundbreaking book, popular apologist Melissa Dougherty helps us understand how our society got to be so toxically subjective, why endless positivity is inherently destructive, and how we can live with faithful truth and genuine love in these self-obsessed times. Melissa Dougherty skillfully diagnoses the issue and provides the cure: the authentic and life-giving truth of the Christian worldview. - Wesley Huff Have you ever wondered how we ended up in a world where personal feelings could become the authority for reality? Or why so many of us are on a relentless pursuit for happiness yet somehow feel more exhausted and sadder than ever? You're not alone. Melissa deftly traces the roots of today's social chaos back to a little-known (but very influential) 1800s philosophy known as New Thought. A former follower of its teachings, Melissa provides clarity and compassion mixed with a dash of loving snark as she exposes New Thought's deceptions and its many concerning tendrils within the church and our self-help culture. You'll be shocked, grieved, and encouraged as you learn: How you can experience true freedom, hope, and peace instead of the world's

counterfeits How an anti-God ideology so easily hijacked Christian-sounding ideas Why thinking positively is entirely different from the unbiblical and burdensome positive thought movement Why fake authenticity short-circuits real redemption How understanding the New Thought mindset can help us share our faith more effectively Uncover a dangerous ideology that nearly everyone has met, yet few of us can name, in order to better understand our culture and joyfully live faithful to the gospel that is so much better than our world's Happy Lies.

Dictionary of American Religious Biography Henry W. Bowden, 1993-04-13 The first edition of this award-winning reference, published in 1977, contained 425 biographical profiles of the most significant American religious figures. This new edition includes profiles for 125 additional people, and the earlier biographical sketches have been revised and updated. The volume includes religious leaders who died before July 1, 1992. Among its pages are entries for reformers, philosophers, social activists, doers and dreamers. While many of the people are mainstream, white ordained clergymen, many more stand outside traditional denominations and reflect the cultural and religious diversity of modern America. The result is a systematic overview of 400 years of American religion from the colonial period to the present day. Each profile begins with a capsule summary of the chief events in that person's life. The biographical essay that follows places the basic facts of the figure's life within the larger context of American religious history. A bibliography of the most significant works by and about the figure concludes each entry. Appendices at the end of the work categorize each individual by religious denomination and by place of birth.

**Commune with Your Heart** Dwight Nichols, 2004 According to Nichols, what Jesus said to do is the same thing that David the Psalmist said to do about 3,000 years ago: Be still and commune with your own heart. This is how we purify our heart; it is how we discover the truth that sets us free; it is how we find peace, joy and happiness--what everyone desires.

*The Perk Paperboy* Len Blackwell, 2010-11-30 "I did not have time to read this, but once I started, I could not stop. I read until 11 p.m. and then woke up at 2:30 a.m. and finished at dawn, January 6, 2010. This account of life in a southern hamlet, just before the horrific experience of Vietnam ended America's last era of innocence, would be of interest to any student of sociology. But in the case of this reader, its magnetism springs from the fact that I knew nearly everyone in the Perk Paperboy a decade later, having arrived in Perk as a history teacher in 1967. I was fascinated by the sketches of the younger Dean C.G. Odom, Sydney Alexander, Gregory Davis, Sadie Lee, and so many others. C.G. hired me. Miss Alexander's office was on the same hall as mine in the Dees Building, and Mrs. Davis showed me the squared timbers in her home that were hand hewed circa 1859 by John Perkins who gave his name to "Perkins Town." I saw Sadie Lee stick a screwdriver in an electrical socket and melt in a flash of sparkling blue fire that did no harm because it had a rubber handle. To me, reading this was like watching the first half of a movie I had already seen the ending of. I enjoyed it thoroughly." —Charles Sullivan, author of *Mississippi Gulf Coast Community College: A History* "Len Blackwell has written a warm and loving account of

growing up in Perkinston, Mississippi. Readers will perceive images of Tom Sawyer and Huck Finn in the author's adventures. It is a book for every family's bookshelf to be read again and again." —George Thatcher, author of *Beach Walks The Paperboy*: "It was my good fortune to be in a village that helped raise me, and it was a rare privilege in that special time of growing up to see it from the vantage point of my Western Flyer bicycle, delivering the news, a kid pedaling away with my hair blowing in the breeze."

**Business of the Heart** John Corrigan,2023-04-28 The Businessmen's Revival was a religious revival that unfolded in the wake of the 1857 market crash among white, middle-class Protestants. Delving into the religious history of Boston in the 1850s, John Corrigan gives an imaginative and wide-ranging interpretive study of the revival's significance. He uses it as a focal point for addressing a spectacular range of phenomena in American culture: the ecclesiastical and business history of Boston; gender roles and family life; the history of the theater and public spectacle; education; boycott culture; and, especially, ideas about emotion during this period. This vividly written narrative recovers the emotional experiences of individuals from a wide array of little-used sources including diaries, correspondence, public records, and other materials. From these sources, Corrigan discovers that for these Protestants, the expression of emotion was a matter of transactions. They saw emotion as a commodity, and conceptualized relations between people, and between individuals and God, as transactions of emotion governed by contract. Religion became a business relation with God, with prayer as its legal tender. Entering this relationship, they were conducting the business of the heart. This innovative study shows that the revival--with its commodification of emotional experience--became an occasion for white Protestants to underscore differences between themselves and others. The display of emotion was a primary indicator of membership in the Protestant majority, as much as language, skin color, or dress style. As Corrigan unravels the significance of these culturally constructed standards for emotional life, his book makes an important contribution to recent efforts to explore the links between religion and emotion, and is an important new chapter in the history of religion. The Businessmen's Revival was a religious revival that unfolded in the wake of the 1857 market crash among white, middle-class Protestants.
