Joanne W. Golann

Question Everything: Advice for Students and Graduates Kenny Glenn, 2025-04-22 SCHOOL AND EDUCATION ARE NOT THE SAME THING! This book is for every student and graduate, as we all go through school but still have so many unanswered questions about life beyond the classroom. Readers will no longer be blindly led into the unknown as they learn how to properly leverage school and other environmental resources to achieve true education. Too often, the words school & education are used synonymously, and this causes massive confusion. As a former top-ranked collegiate athlete with a high GPA, a Master of Accounting graduate, a CEO, and a School Board member, all before the age of 23, this book includes the helpful and honest & transparent advice I would tell my younger self, with literal “Dear Kenny” passages. The factual stories and self-reflection questions will help readers craft a plan to create their desired future. With the proper knowledge, readers can avoid silly mistakes while saving time and money. Common mistakes are following misleading advice, but also not asking the right questions due to fear or ignorance. After graduating from school seven times and experiencing life, I continue to find new information and then ask the questions “Why didn’t they teach me this in school!?” or “How come no one told me about this!?” Question Everything: Advice for Students and Graduates is a book that will help readers: Prepare for Life After Graduation Overcome Failure & Rejection Minimize Indecisiveness Improve Financial Decisions Build Courage & Confidence AND MORE!

Scripting the Moves Joanne W. Golann, 2025-03-18 An inside look at a no-excuses charter school that reveals this educational model’s strengths and weaknesses, and how its approach shapes students Silent, single-file lines. Detention for putting a head on a desk. Rules for how to dress, how to applaud, how to complete homework. Walk into some of the most acclaimed urban schools today and you will find similar recipes of behavior, designed to support student achievement. But what do these “scripts” accomplish? Immersing readers inside a “no-excuses” charter school, Scripting the Moves offers a telling window into an expanding model of urban education reform. Through interviews with students, teachers, administrators, and parents, and analysis of documents and data, Joanne Golann reveals that such schools actually dictate too rigid a level of social control for both teachers and their predominantly low-income Black and Latino students. Despite good intentions, scripts constrain the development of important interactional skills and reproduce some of the very inequities they mean to disrupt. Golann presents a fascinating, sometimes painful, account of how no-excuses schools use scripts to regulate

students and teachers. She shows why scripts were adopted, what purposes they serve, and where they fall short. What emerges is a complicated story of the benefits of scripts, but also their limitations, in cultivating the tools students need to navigate college and other complex social institutions—tools such as flexibility, initiative, and ease with adults. Contrasting scripts with tools, Golann raises essential questions about what constitutes cultural capital—and how this capital might be effectively taught. Illuminating and accessible, *Scripting the Moves* delves into the troubling realities behind current education reform and reenvisions what it takes to prepare students for long-term success.

Different by Design Omawumi Efueye, 2015-11-30 To say that marriage is today facing unprecedented crises is to be guilty of a chronic understatement. Soaring divorce rates have been fuelled by inadequate preparation for marriage, ignorance about its purpose, premarital sex, and counterfeit incarnations like polygamy, polyandry, and cohabitation. Additionally, economic pressures, increasing global amorality, and the determination to redefine marriage are further sounding the death knell for marriage. The good news is that there is nothing new under the sun, and this institution, which has survived every onslaught in every community across every age, will continue to do so. The purpose of this book is to heal marriages in this generation and, more significantly, equip the next generation to approach, prepare for, and conduct marriage as God intended. In this candid, practical, Bible-inspired treatise, you will discover the following: The purpose of marriage and lessons from the first marriage How clearly defined roles determine your marriage's success and insulate you from the scourge of unmet expectations A spiritual and practical checklist for picking the right spouse in the first place Three critical principles of communication Learning to fight properly by mastering conflict resolution techniques How not to make outlaws of your in-laws and parents I can't live without you! myth or fact? If sex can be good and at the same time godly; also, what is sexually permissible for a Christian couple What happens when the initial attraction fades or love dies What to do when your spouse is attracted to or involved with an external party The key to raising godly offspring The pervading theme

from which the book derives its title is that men and women are different by design. Marriages totter and collapse because spouses do not realise this divine inbuilt design imperative to the success of their connubial experience. Enjoy discovering the truth this book exposes you to and the liberty it engenders in your marital walk.
