Muslims Inspirational Quotes Abdullah Hawa,2020-10-26 Often, one feels like giving up in the face of tiring challenges that life keeps us presenting with. However, times like these test our mettle to the fullest. The trials of life are a test from Allah (SWT), we must be prepared for them all the time. If you are facing a lot of hardship, it means that Allah (SWT) has something good for you in-store. This is a fact that is validated by the saying of Prophet Muhammad (SAW). He (SAW) said: If Allah wants to do good to somebody, He afflicts him with trials.Source: Sahih al-Bukhari 5645

Islam William F. Russell,2013-06-11 We must ask ourselves, can we allow a group of fundamentalist Muslims following the culture of Islam to freely attack our country, our Democratic institutions, our freedom of speech, our freedom of religion, our very civilization and get away with it? This is a very controversial subject. Our president tells us, Islam is a religion of peace. Yet, we see many examples of the violence of Islam throughout the world and a long history of well documented Islamic violence for over 1400 years. What is the truth? Our country has always welcomed immigrants from all walks of life and from every religion. We protect religions in this country. But is Islam truly only a religion? Should Islam have religion status? That subject will be discussed in this book. Some exclaiming, fear of the threat of Islam, are accused of Islamophobia, but when you examine the historical facts, like the 9/11 attack in New York City by Muslims that destroyed the World Trade Center and killed nearly 3,000 Americans, what is actually happening? Daily, in Great Britain and numerous countries in Europe, fear becomes a reality, not a phobia. In the early 1930s, we were told by many soothsayers that the Nazis were not a threat. But some leaders, like Winston Churchill, knew the truth and eventually the world woke up to his call and was energized to action to stop the evil Nazi empire which nearly took over the world. It required a disastrous World War to do it. We do not want to repeat that error and wait until it is too late to stop this insidious invasion of Islam. What is the truth? What should be our position regarding Islam? Should we expose our culture to one which says it wants to dominate us and bring to us a set of laws known as Sharia, which will make a mockery of our freedoms and subjugate women to second class status? This book details the many barbaric concepts of the philosophy of Islam and examines actions we must consider in defense of the cherished and hard-earned freedoms which are our right under the Constitution and the Bill of Rights in our democratic world. The author was born in New York City in November 1925 the eldest of three children of Dr. and Mrs. Frank H Russell. He graduated in 1950 from the University of Colorado with a Pre-Medical Major but spent much of his life in international business as a corporate executive and CEO. He has been an entrepreneur for the past 40 years. Islam FAQ Jim McCrudden,2008 [From a review posted on the net.] The blurb on the back says There are surprises in this book. No kidding. There are surprises on every page. This is the definitive 'everything you wanted to know about Muslims but were too afraid to ask' book. And, actually, you'd do well to be afraid because some of the answers to the fags are a bit scary. And surprising. And occasionally not an answer at all. Take this answer about whether or not pictures are forbidden by Islam for example. Given the choice of sticking an icepick up your nose, or reconciling the points of view, go for the icepick. It's all over in a second or two that way. In a lot of ways this is really a very funny book on a very serious subject and the tone, throughout, is conversational rather than conspiratorial. It's extraordinarily readable. The author puts none of his own opinions in and this removes the sense that you are being driven to somebody's point of view. The Question that I most Frequently Asked myself while reading Islam F.A.Q was Where is the faqing index? This would be a great reference book for schools etc but...no index. Where's the stuff on Fatwa? Apostasy? Taliban? Jihad? All these are well covered but unless you dog ear the pages, you'll be trawling back and forth trying to find what you want. It's probably because I am a senior school teacher that I think like this, and in the back of my mind there is the thought that this author has come up with a brand new genre. The non-fiction book that is meant to be read for an overall picture, not bought for research. I guess the best way to read it is from the beginning. All the way through. Buy it but be prepared for surprises.

A CHRISTIAN PERSPECTIVE ON ISLAM'S ORIGINS Gabriel Aryeh, 2024-01-24 A BRIEF SYNOPSIS OF A CHRISTIAN PERSPECTIVE ON ISLAM After several interactions with Muslims of distinct sects in the Bronx community, NYC schools, and the workplace through the decades, Aryeh observed how some professing Christians were led to believe in the Islamic claim of Muhammad's legitimacy as a prophet. Although a few maintained the belief that Jesus remained holy as a prophet, they suggested he was a mere man and abandoned their past confessions regarding his divinity. Nevertheless, the more astounding claim many ex-Christians and Muslims made suggested that the Jewish and Christian God found in the Bible identified as the same deity of the Qur'an. Hence, these claims above initiated the primary reasons for delving deep into the study of Islam and writing this book for the sake of not only reaching many believers who erred from Christianity but the Muslims who believed that Allah identified as the God of the Jews and Christians. Indeed, the enormous task of disproving Islam as an extension of the Abrahamic faith required many investigations into the questions raised by such astonishing claims. This book makes deep inquiries into the historical and theological assertions found in the Islamic faith concerning Allah, Muhammad, and the religious practices observed today, which have survived for little over fourteen centuries. Consequentially, the unfortunate misconceptions taught about Islam in many church pulpits since the early days of this researcher's youth stemmed from books found in academia and some Christian libraries, which promoted a worldwide narrative by selective, favorable historical accounts based on political ideologies instead of rigorous theological investigation. The Christian perspective on Islam examines the theological origins of the Islamic faith by first investigating the geographical locations alleged as the nascent religion's early beginnings by exploring the historical and societal development of the Arab peoples. Second, this book probes the legitimacy of Muhammad as a divinely ordered prophet by consulting the Judaic traditions derived from the Jewish Scriptures explaining the qualifications of authentic prophethood. Finally, the sequential order of inquiry laid out above will highlight the emergence of the theology and residual religious rituals observed today in the Islamic world, and therefore, conclusively demonstrate that Islam remains unaligned with its Jewish and Christian predecessors.
