**SECRET OF HAPPY LIFE** SARDAR PARAMJIT SINGH, 2012-11-25 Today every person lives a life which is full of stress and tension. Most of the people feel miserable, helpless and worthless which leads them to utter disappointment and frustration. Sometimes it urges them to commit suicide. As a result they do so in order to get rid of it. Here in this book, some ways and methods are suggested which may enable a person to lead a tension-free and stress-free life. If you want that your life should be full of joys, merriments and pleasures then you should have to bring some changes in your personal life. For that purpose you will have to give up your bad habits. For that purpose you will have to adopt some good habits, qualities and merits in your real, actual or practical life. We should always remember that thing that only a person makes himself or herself as a good or bad person. No other person can do anything regarding that. Therefore all of us should try to make such kind of efforts with the help of which we may be able to live happily and at the same time we should make efforts to make the other people to live happily. We should endeavor that our life should be a source of inspiration for other people. We should become an ideal example for others. We should always have good feelings and noble thoughts for ourselves but it is a matter of greatness if we shall have good feelings and benign thoughts for other people too.

International Bibliography of Sikh Studies Rajwant Singh Chilana, 2006-01-16 The International Bibliography of Sikh Studies brings together all books, composite works, journal articles, conference proceedings, theses, dissertations, project reports, and electronic resources produced in the field of Sikh Studies until June 2004, making it the most complete and up-to-date reference work in the field today. One of the youngest religions of the world, Sikhism has progressively attracted attention on a global scale in recent decades. An increasing number of scholars is exploring the culture, history, politics, and religion of the Sikhs. The growing interest in Sikh Studies has resulted in an avalanche of literature, which is now for the first time brought together in the International Bibliography of Sikh Studies. This monumental work lists over 10,000 English-language publications under almost 30 subheadings, each representing a subfield in Sikh Studies. The Bibliography contains

sections on a wide variety of subjects, such as Sikh gurus, Sikh philosophy, Sikh politics and Sikh religion. Furthermore, the encyclopedia presents an annotated survey of all major scholarly work on Sikhism, and a selective listing of electronic and web-based resources in the field. Author and subject indices are appended for the reader's convenience.

**SELFLESSNESS** SARDAR PARAMJIT SINGH,2022-06-04 All of us are the mortal beings and our lives are too short. The holy scriptures of almost all the religions emphasize on selflessness so that the human beings may be beneficial and helpful for the mankind and for other creatures of the universe too. It is considered a noble quality or a virtue to be selfless. All of us should adopt the doctrine of selflessness so that we may make our sincere efforts to make this world a better one. By adopting the doctrine of selflessness in our lives we can escape hatred and jealousy for other persons. By doing so we shall be able to create and develop the feelings of mutual love, mutual co-operation, mutual understanding and of fraternity or brotherhood. By doing so, we can become the useful members of the society.
