The Epic of Mount Everest Sir Francis Edward Younghusband,1926 Separate descriptions of the three mount Everest expeditions have already been written by those who took part in them, and have been published in the three books, mount Everest: the reconnaissance, 1921; The assault on mount Everest, 1922; and The fight for Everest, 1924. The present volume purports to be a condensed description of the three expeditions. It is ... based on the above-named publications.--Pref.

**Sacred Mountain** Christine Taylor-Butler,2009 Mount Everest - a place of mystery, majesty and unparalleled beauty - rises higher into the sky than any other mountain on Earth. Many stories have been told about the dangers and triumphs of climbing the summit - but few have been written about the Sherpa, the people who have lived on the mountain for centuries and consider it sacred. With stunning photographs and engaging text, Sacred Mountain presents a unique picture of Mount Everest - its history, ecology and people - that will captivate readers of all ages.

*The Ascent of Everest* John Hunt Baron Hunt,1993 Expedition leader John Hunt's account of the first ascent of Mount Everest's summit in 1953 by Sir Edmund Hillary and Sherpa Tenzing Norgay.

**The Third Pole** Mark Synnott,2021-04-13 \*\*\*NPR Books We Love selection\*\*\* "If you're only going to read one Everest book this decade, make it *The Third Pole*. . . A riveting adventure."—Outside Shivering, exhausted, gasping for oxygen, beyond doubt . . . A hundred-year mystery lured veteran climber Mark Synnott into an unlikely expedition up Mount Everest during the spring 2019 season that came to be known as "the Year Everest Broke." What he found was a gripping human story of impassioned characters from around the globe and a mountain that will consume your soul—and your life—if you let it. The mystery? On June 8, 1924, George Mallory and Sandy Irvine set out to stand on the roof of the world, where no one had stood before. They were last seen eight hundred feet shy of Everest's summit still "going strong" for the top. Could they have succeeded decades before Sir Edmund Hillary and Tenzing Norgay? Irvine is believed to have carried a Kodak camera with him to record their attempt, but it, along with his body, had never been found. Did the frozen film in that camera have a photograph of Mallory and Irvine on the summit before they disappeared into the clouds, never to be seen again? Kodak says the film might still be viable. . . . Mark Synnott made his own ascent up the infamous North Face along with his friend Renan Ozturk, a filmmaker using drones higher than any had previously flown. Readers witness first-hand how Synnott's quest led him from oxygen-deprivation training to archives and museums in England, to Kathmandu, the Tibetan high plateau, and up the North Face into a massive storm. The infamous traffic jams of climbers at the very summit immediately resulted in tragic deaths. Sherpas revolted. Chinese officials turned on Synnott's team. An Indian woman miraculously crawled her way to frostbitten survival. Synnott himself went off the safety rope—one slip and no one would have been able to save him—committed to solving the mystery. Eleven climbers died on Everest that season, all of them mesmerized by an irresistible magic. *The Third Pole* is a rapidly accelerating ride to the limitless joy and horror of human obsession.

*Everest Broughton* Coburn,2015 A filmmaker and veteran climber, David Breashears led the May 1996 expedition that captured Everest in a large-format IMAX motion picture. Everest is the breathtaking chronicle of a filmmaking expedition turned rescue mission. 125 stunning, full-color images, including IMAX frames from the film.

**Life and Death on Mt. Everest : Sherpas and Himalayan Mountaineering** Sherry B. Orther,2013

**The Assault on Mount Everest, 1922** Charles Granville Bruce,1923

**Tales from the Top of the World** Sandra K. Athans,2012-08-01 The journey up Mount Everest is never easy. Climbers risk their lives as they struggle around jagged towers of ice, over snow-covered boulders, and across gaping crevasses. Pete Athans knows these dangers well. He has climbed Mount Everest fourteen times and reached the summit seven times. What is it like to climb the highest mountain on Earth? In this book, you'll follow Pete to the top—and learn about his adventures along the way.

**Everest 1951** Eric Shipton,2013-11-29 In 1953, Edmund Hillary and Tenzing Norgay reached the summit of Mount Everest. They climbed from the south, from Nepal, via the Khumbu Glacier - a route first pioneered in 1951 by a reconnaissance expedition led by Eric Shipton. Everest 1951 is the account of this expedition. It was the first to approach the mountain from the south side, it pioneered a route through the Khumbu icefall and it was the expedition on which Hillary set foot on Everest for the first time. Everest 1951 is a short but vitally important read for anybody with any interest in mountaineering or in Everest. The 1951 Everest Expedition marked the public highpoint of Shipton's mountaineering fame. Key information was discovered and the foundations laid for future success. Despite this, Shipton's critics felt he had a 'lack of trust' and thus failed to match the urgent mood of the period. Despite having been on more Everest expeditions than any man alive, he was 'eased' out of the crucial leadership role in 1953 and so missed the huge public acclaim given to Hillary, Tenzing Norgay and John Hunt after their historic success.

**Tenzing** Ed Douglas,2003 In 1953, Tenzing Norgay was at the heart of the successful British Everest expedition as leader of the Sherpas whose hard work brought victory and as one of the two lead climbers to reach the top. But behind Tenzing's radiant smile is an untold story of courage, tragedy, and ambition, of a man who overcame incredible odds just to reach the bottom of the mountain. Born in a sacred Tibetan valley in the shadow of Everest, Tenzing's long journey led him from life as an illiterate yak herder to become the friend of Nehru, feted by monarchs and presidents all over the world. Set against the backdrop of one of the greatest chapters in the history of exploration, Tenzing: Hero of Everest recounts the jubilant moments at the summit: "Tenzing was effusive, putting an arm around Hillary's shoulders, and thumping him on the back with infectious delight. Hillary joined in.... Now all below them...the valleys where Tenzing had grown up. 'It was such a sight as I had never seen before,' he said, 'and would never see again—wild, wonderful, and terrible. But terror was not what I felt. I loved the mountains too well for that. I loved Everest too well.'" Mountaineering historian Ed Douglas reveals for the first time Tenzing's long climb from obscurity. Drawing on extensive interviews with family members, climbing partners, and members of the Sherpa community in Darjeeling and Nepal, the book chronicles his rise to fame and the aftermath of his triumph. The result is a wealth of new material about a man who made his people famous and whose life was the stuff of legend.

*The Epic of Mount Everest* Sir Francis Younghusband,2019-11-01 The Epic of Mount Everest, first published in 1926, is the exciting story of the first attempts to reach the summit of Mount Everest, including that of George Mallory and Andrew Irvine, who disappeared and died in the 1924 expedition. Considered must reading for mountaineers, The Epic of Mount Everest provides a fascinating insight into the men, methods, and struggles of early mountain-climbers. Included are 15 pages of illustrations and 2 maps.
