*Chakra Guidebook: Third Eye Chakra: Healing and Balancing One Chakra at a Time for Health, Happiness, and Peace*

Rohit Sahu, 2022-09-22 Do you wish to expand your time-bound idea of consciousness beyond the earthly realm to access the astral plane? Do you want to boost your psychic talents like clairvoyance, sixth sense, visualization, and manifestation skills? Do you feel alienated from nature and the universe and want to reconnect? If so, you should strive to balance your Third Eye Chakra... Our bodies, minds, emotions, thoughts, actions, and everything around us are all formed of energy, as 'multi-disciplinary genius' and inventor Nikola Tesla once said: "If you want to comprehend the cosmos, consider it in terms of energy, frequency, and vibration." The chakras are basically energy centers scattered throughout the subtle body ('subtle' refers to something we can't see but can clearly feel energetically). Consider the chakras to be spinning energy wheels that rotate simultaneously to generate a combination of energy and life force. There are seven chakras, each positioned in different parts of the body and representing a different aspect of our energy body. When the chakras are balanced and spinning effortlessly, life is beautiful. We experience a sense of fullness in all aspects—emotional, mental, and physical; mind, body, and soul. Our relationships, conversations, actions, goals, and interests just flow. Chakra balancing is a diverse and interesting practice. It doesn't have to take hours, and there are several therapies and do-it-yourself techniques to choose from. This topic, however, has a wealth of knowledge and depth—depth that cannot be mastered at once. What can be done is to deal with each chakra individually, learning what it symbolizes, how it affects the body, mind, and soul, and how to heal it. That's the reason behind this "Chakra Guidebook" series. Each book in this series focuses on a specific chakra and provides different strategies for balancing and healing it. Each book is a stand-alone guide to a particular chakra. You will discover all there is to know about that specific chakra. This part is solely dedicated to the Third Eye Chakra. The Third Eye Chakra is situated in the center of your head, between your brows. While the two physical eyes observe the past and present, it is thought that the Third Eye sees into the future. Through inner vision, this chakra lets us perceive and comprehend the inner and outer worlds. Focusing on the Third Eye inspires us to transcend worldly desires and distractions. When the Ajna Chakra is awakened, awareness expands and one transcends to a higher realm. The Third Eye is both a seat of wisdom and a seat of conscience. This is where you'll not only observe what's going on but also understand what it means. This is where your sense of justice and ethics comes from. Clear cognition, spiritual introspection, and self-reflection are all possible with

the Third Eye. It is the highest chakra in our body that can be worked upon, allowing it to provide a visionary perspective. Based on what one chooses to see in the world, the Third Eye also contributes to shaping one's reality and beliefs. In This Book, You'll Discover: □A Basic Introduction to Chakras □Common Chakras Myths □Importance of Third Eye Chakra in Your Body □Significance of Third Eye Chakra Balancing □Blocked Third Eye Chakra Symptoms □What Causes Third Eye Chakra Blockage? □Third Eye Chakra Balancing Techniques (Visualization, Pranayamas/Breathwork, Affirmations, Mantras, Aromatherapy, Crystals, Yoga, Reiki, Food, Herbs, Sound Therapy, Meditation, and more) □Symptoms Your Third Eye Chakra is Opening □And Much More This book is packed with all the information, tips, and techniques that will make sure that you can effectively heal, balance, and open your Third Eye Chakra. Now don't bother, claim your copy right away!!

**Chakra Guidebook: Throat Chakra** Rohit Sahu, 2022-08-19 Do you have poor communication skills? Do you have difficulty expressing your needs, opinions, and desires? When you speak or in amid an argument, do you feel a knot in your throat? Do you wish to raise your consciousness and realize who you are and what your true destination is? Are you willing to evolve as a collective Spiritual being—one who is in tune with the cosmos and can access its collective awareness? If so, you should strive to balance your Throat Chakra... Our bodies, minds, emotions, thoughts, actions, and everything around us are all formed of energy, as 'multi-disciplinary genius' and inventor Nikola Tesla once said: "If you want to comprehend the cosmos, consider it in terms of energy, frequency, and vibration." The chakras are basically energy centers scattered throughout the subtle body ('subtle' refers to something we can't see but can clearly feel energetically). Each book is a stand-alone guide to a particular chakra. You will discover all there is to know about that specific chakra. This part is solely dedicated to the Throat Chakra. The Throat Chakra, also known as the Vishuddhi Chakra in Sanskrit, is situated at the base of the neck. Internally and outwardly, it serves as the person's drive of expression and individual truth. A balanced Throat Chakra frees us from the fear of being judged or the desire for approval from others. This chakra assists us in embracing our distinct individual experiences in the world. It is also linked to the notion of truth since it is related to purity. When we have a

balanced Throat Chakra, we can talk, listen, and express ourselves openly and truthfully. When your Throat Chakra is in harmony, you may be inspired, project your thoughts, and link your vision with reality. When we express our innermost desires, we confront our reality, let go of our cultural conditioning, all the “shoulds and shouldn’ts,” and tap into our actual human potential. Thus, it's worth balancing your Throat Chakra. In This Book, You'll Discover: □A Basic Introduction to Chakras □Common Chakras Myths □Importance of Throat Chakra in Your Body □Significance of Throat Chakra Balancing □Blocked Throat Chakra Symptoms □What Causes Throat Chakra Blockage? □Throat Chakra Balancing Techniques (Visualization, Pranayamas/Breathwork, Affirmations, Mantras, Aromatherapy, Crystals, Yoga, Reiki, Food, Herbs, Sound Therapy, Meditation, and more) □Symptoms Your Throat Chakra is Opening □And Much More This book is packed with all the information, tips, and techniques that will make sure that you can effectively heal, balance, and open your Throat Chakra. *Sacred Vibrations* Jeralyn Glass, 2024-07-23 Fascinating discoveries in science and medicine are revealing the many ways sound affects us at both a biological and an emotional level. At a time when people are seeking solace and healing as never before, distinguished musician and crystal singing bowl master teacher Jeralyn Glass has penned an intriguing narrative that impactfully shows how you can embrace the healing power of music. *Sacred Vibrations* shares the remarkable story of the Glass' rise to acclaim as a Broadway and opera singer who graced some of the world's most celebrated stages. We walk with her as she shares her exploration of the healing power of music that traces its roots to primitive humanity. We learn from the wisdom and scientific research of her friends and colleagues who are bringing the study of sound and music to an epic crescendo. And we breathe reverentially with her as she shares the emotional story of her son's birth, his death, and the astonishingly expansive relationship she has established with him—and the crystal singing bowls—in the years since he passed. Intentional sound can transmute uncertainty, chaos, and pain to harmony, coherence, and true healing. The book grounds the ethereal nature of singing bowls through science, theory, and practical application. And it includes singing bowl meditations, accessible through QR codes, to guide you on your journey of integration and wholeness, showing, yet again, how music is “medicine” for our time.

Journey Through Chakras Ravi Ratan, Minoo Ratan, 2007 Journey Through Chakras by Dr. Ravi & Dr. Minoo Ratan it is an illustrated guide to Chakras, their symbology, attributes and relevance thereof. It also explains anatomical and physiological aspects of chakras and the role they play for our health and healthfulness. The book also deals briefly, on various tools for chakra healing and balancing, ideal for seekers and healers both. (Introduction) Chakra in Sanskrit means a wheel that spins, in Tantric context the term is used to describe the energy centers in our body. Through in ancient texts like vedas and Upanishads there is only a little written reference to the term kundalini and Chakras, as most of the knowledge, had been passed on, through Guru-shishya (disciple) lineage. In recent times the interest in Tantra had increased substantially, more so in Kundalini and Chakras. So we have proliferation of literature and Institutions providing knowledge and guidelines on Kundalini awakening and Chakra opening processes. Through this book we have tried to offer a balanced perspective of Chakras from ancient Indian spiritual and Tantric, as well as metaphysical aspects of the subject. First of all, there are people who question the very existence of Kundalini and Chakras, while some give more importance to Kundalini and may agree with the existence of Chakras, but of little importance. However, from a healer's perspective they are more important for maintaining optimum health at any given time. Healers and alternative practitioners all over the world are using various ways to heal and balance the Chakras, in different practices they talk of different numbers and location of the Chakras. They may all be correct, from their understanding since it is all experiential and very subjective. We are all energy bodies and Chakras are considered to be the transfer points of energy. To sustain the physical body we require energy, which is received through five elements - earth (food), water, fire, air and ether, energy when consumed in one form released in another form specially from major organs in bigger clusters, viewed as Chakras. Therefore, ancient Indian texts describe seven major Chakras located in the region of the head and the torso, representing activities of our major Chakras located in the region of the head and the torso, representing activities of our major organs and glands. Evolution is a universal process, all life is evolving and man is no exception. The human being is evolving not only as an individual only but also as a race. Mooladhar is our basic and most fundamental chakra, from where our evolution begins and culminates at Sahasrara, the Crown chakra. Mooladhar or base root Chakra is located at the pelvic floor and corresponds to coccygeal plexus. In males it is located between anus and genitals while in females it is located at the posterior surface of the cervix. As the name suggests this chakra is the foundation of the physical body in realm of existence. During the process of spiritual evolution in man he goes beyond animal consciousness on to be a real human. There are certain minor Chakras from Mooladhar down to the heels, responsible for the development of animal and human instincts and intellect. This Chakra is responsible for survival and maintenance of the physical body as source of physical energy and regulates all excretory functions. Located at the lowest point of spinal column,

corresponding to our sacral plexus of nerves in the public region is Swadhisthan or Sacral chakra, represents our desire center and seat of emotions. This Chakra is responsible for procreation and exchange of sexual energy and controls the unconscious in human beings. Manipura Chakra, in the naval region corresponds to Solar plexus; it controls the entire process of digestion, assimilation and temperature regulation in the body. This Chakra is also considered as the seat of EGO in human beings, as this Chakra is also responsible for the mental power and authority in all forms. The first three Chakras take care of the basic needs of all human beings, as described by renowned psychologist Abraham Maslow, in his hierarchy of needs. Only after fulfillment of basic needs man thinks of self actualization. Same way, in spiritual and tantric practices it is said that till the time we are stuck in mundane or struggling with the basic needs only, Kundalini keeps going up to third (Manipura) Chakra and returns to the Mooladhar Chakra, only when it crosses the astral bridge between Manipura and Anahat (Heart) Chakra its movement is only upwards.
