Laura F. Edwards

The Concise Columbia Dictionary of Quotations Robert Andrews, 1989 A collection of over 6,000 remarks, witticisms, judgements, and observations.

Slavery and the Numbers Game Herbert George Gutman, 2003 This detailed analysis of slavery in the antebellum South was written in 1975 in response to the prior year's publication of Robert Fogel and Stanley Engerman's controversial *Time on the Cross*, which argued that slavery was an efficient and dynamic engine for the southern economy and that its success was due largely to the willing cooperation of the slaves themselves. Noted labor historian Herbert G. Gutman was unconvinced, even outraged, by Fogel and Engerman's arguments. In this book he offers a systematic dissection of *Time on the Cross*, drawing on a wealth of data to contest that book's most fundamental assertions. A benchmark work of historical inquiry, Gutman's critique sheds light on a range of crucial aspects of slavery and its economic effectiveness. Gutman emphasizes the slaves' responses to their treatment at the hands of slaveowners. He shows that slaves labored, not because they shared values and goals with their masters, but because of the omnipresent threat of 'negative incentives,' primarily physical violence. In his introduction to this new edition, Bruce Levine provides a historical analysis of the debate over *Time on the Cross*. Levine reminds us of the continuing influence of the latter book, demonstrated by Robert W. Fogel's 1993 Nobel Prize in Economic Sciences, and hence the importance and timeliness of Gutman's critique.

A Revolt Against Liberalism A. A. M. van der Linden, 1996 This is the first study to provide a comprehensive picture of the revolt brought about by American radical historians in the 1960s and 1970s. With the turbulent sixties as a backdrop, the work of radical luminaries like Eugene Genovese, Herbert Gutman, Staughton Lynd, William Appleman Williams and Howard Zinn is discussed. These historians made a significant contribution to present-day notions about slavery, working-class history, the New Deal, the Cold War and a wealth of other subjects. Their main target was American liberalism. Radical criticism centered on the liberal concepts of the division of power and of the nature of man. The acrimonious debate which ensued tore the historical profession apart. Therefore most historians have stressed the disagreements between liberals and radicals. Yet, in this study it will be argued that in some respects the radicals were part and parcel of mainstream historiography, though they presented a radical version of it.

A Power Stronger Than Itself George E. Lewis, 2024-05-31 Founded in 1965 and still active today, the Association for

the Advancement of Creative Musicians (AACM) is an American institution with an international reputation. George E. Lewis, who joined the collective as a teenager in 1971, establishes the full importance and vitality of the AACM with this communal history, written with a symphonic sweep that draws on a cross-generational chorus of voices and a rich collection of rare images. Moving from Chicago to New York to Paris, and from founding member Steve McCall's kitchen table to Carnegie Hall, *A Power Stronger Than Itself* uncovers a vibrant, multicultural universe and brings to light a major piece of the history of avant-garde music and art.

Tabloid Culture Kevin Glynn, 2000 An examination of the rise of tabloid television and the political, cultural, and technological changes that have enabled its success.

Born for Liberty Sara Evans, 1997-08-22 A history of American women from the Indian woman of the 16th century to the dual-role career woman and mother of the 1980s.

Growing Pains Priscilla Ferguson Clement, 1997 In *Growing Pains: Children in the Industrial Age, 1850-1890*, the respected scholar Priscilla Ferguson Clement presents an unparalleled survey of the experience of American childhood during this turbulent era. Approaching her subject thematically, Clement chronicles the situation of American children in the spheres of home life, schooling, employment, and play. Detailed attention is given to distilling and clarifying the historical events shaping children's lives during this period, from the Civil War's impact on the children of freed slaves to urbanization's effect on the children of unskilled immigrant laborers; from the rise of the Boy and Girl Scouts and the American Federation of Labor to the grave economic downturns of the 1870s and 1880s; and from the child-rearing practices of Victorian times to the social institutions established to address child poverty and delinquency. Throughout, Clement imbues her text with crisp details and an arresting perspective on the ways in which race, sex, geography, and growing class distinctions influenced all facets of children's lives.

The Civil War Letters of Dr. Harvey Black Harvey Black, 1995 Black's letters are addressed to his wife, Mary (Mollie) Kent Black. Also includes three of Mary's letters to her husband.

Black Writers Linda Metzger, 1989 Biographical and bibliographical entries on some 400 black authors active in the 20th century. Some of the sketches are updated from Gale's Contemporary authors series; others were written especially for this volume. Covers not only contemporary American authors, but also earlier 20th century writers, social figures (e.g. Malcolm X, Desmond Tutu), and important African and Caribbean writers. In addition to the descriptive personal and career information, there are illuminating biographical/critical essays including comments, often by the authors themselves, on personal interests, aspirations, motivations, and thoughts on writing. Nineteenth-century Literature Criticism Laurie Lanzen Harris,1981 Excerpts from criticism of the works of novelists, poets, playwrights, short story writers and other creative writers who lived between 1800 and 1900, from the first published critical appraisals to current evaluations.

Scarlett Doesn't Live Here Anymore Laura F. Edwards,2000 Establishing the household as the central institution of southern society, Edwards delineates the inseparable links between domestic relations and civil and political rights in ways that highlight women's active political role throughout the nineteenth century. She draws on diaries, letters, newspaper accounts, government records, legal documents, court proceedings, and other primary sources to explore the experiences and actions of individual women in the changing South, demonstrating how family, kin, personal reputation, and social context all merged with gender, race, and class to shape what particular women could do in particular circumstances.

Black Adolescent Male Health Jean White Ross,1992

Ulster Journal of Archaeology ,1901

Prison Victimization Lee H. Bowker,1980 The book begins by exploring the causes and varieties of forced homosexual behaviour in American correctional institutions. It also describes other forms of violence among prisoners, and relates incidents from the author's experience as administrator of a therapeutic community for violent drug abusers. Prisoner violence among females and juveniles is also discussed. Research that compares violence in institutions for women and adolescents with violence in prisons for men is covered. The concept of victimization is broken down into the components of psychological victimization (in which the aggressor manipulates other prisoners while avoiding fights); economic victimization (including loan sharking, gambling fraud, pricing violations, thefts, and robbery); and social victimization (which occurs because the prisoner is a member of an identifiable social group). The victimization of prisoners by staff members and the various dangers currently faced by prison staff members are also explored. Other chapters consider the causes, responsibilities, and solutions associated with prison victimization while proposing some easily implemented and less expensive solutions. Some feasible but more expensive solutions are also discussed. Three radical solutions proposed are based on the concept of open correctional colonies. Notes are provided for each chapter. An appendix examines how social scientists obtain information on prison life and prison victimization. (Source: NCJRS).
