Summary of The Prodigal God - [Review Keypoints and Take-aways] PenZen Summaries, 2022-11-27 The summary of The Prodigal God - Recovering the Heart of the Christian Faith presented here include a short review of the book at the start followed by quick overview of main points and a list of important take-aways at the end of the summary. The Summary of The parable of the prodigal son is retold in The Prodigal God, which offers a fresh perspective on the age-old story. In the story, rather than focusing on the reckless disobedience of the younger son, the emphasis is placed on the obedient older brother who commits sin by obeying the rules for the wrong reasons. It reveals to us that we all have these problematic tendencies to be righteous and superior, but that is not what the Christian faith is really about. [C]hristianity is not about being righteous and superior. The Prodigal God summary includes the key points and important takeaways from the book The Prodigal God by Timothy Keller. Disclaimer: 1. **Children's Literature for All God's Children** Virginia Thomas,Betty Davis Miller,1986-01-01 The themes, words, and concepts in children's literature speak to the whole Christian community. Virginia Thomas and Betty Miller have examined children's literature and designed an extensive annotated list of children's stories, poems, folk tales, and fiction that express faith, belief, theology, and Christian principles. This unique resource/reference handbook gives the church the opportunity to function as a united community of believers. Children and adults have the chance to study and learn together -- grow as a whole community. Thomas and Miller offer a practical approach to children's literature that gives background and theory, an evaluation of techniques, how-to guidelines, suggestions for use, lists of books, two annotated bibliographies, and indices: subject and themes, genre, and book awards. Explains: why children's literature is a good resource for Christians where to find good stories how significant themes are adapted for different age levels how to evaluate stories how to use them Parents, teachers, and ministers will delight with children in this new approach to sharing, learning, teaching, and worship. The bibliography of books for all ages is a treasure-house of information. Features basic book information, summary, and themes values. This is an educational tool that provides a new avenue to understanding our faith.

**The Oxford Companion to Twentieth-Century Literature in English** Jenny Stringer,1996-09-26 This is a unique new reference book to English-language writers and writing throughout the present century, in all major genres and from all around the world - from Joseph Conrad to Will Self, Virginia Woolf to David Mamet, Ezra Pound to Peter Carey, James Joyce to Amy Tan. The survivors of the Victorian age who feature in The Oxford Companion to Twentieth-Century Literature in English - writers such as Thomas Hardy, Olive Schreiner, Rabindranath Tagore, Henry James - could hardly have imagined how richly diverse 'Literature in English' would become by the end of the century. Fiction, plays, poetry, and a whole range of non-fictional writing are celebrated in this informative, readable, and catholic reference book, which includes entries on literary movements, periodicals, and over 400 individual works, as well as articles on some 2,400 authors. All the great literary figures are included, whether American or Australian, British, Irish, or Indian, African or Canadian or Caribbean - among them Samuel Beckett, Edith Wharton, Patrick White, T. S. Eliot, Derek Walcott, D. H. Lawrence, Tennessee Williams, Vladimir Nabokov, Wole Soyinka, Sylvia Plath - as well as a wealth of less obviously canonical writers, from Anaïs Nin to L. M. Montgomery, Bob Dylan to Terry Pratchett. The book comes right up to date with contemporary figures such as Toni Morrison, Ben Okri, Salman Rushdie, Carol Shields, Tim Winton, Nadine Gordimer, Vikram Seth, Don DeLillo, and many others. Title entries range from Aaron's Rod to The Zoo Story; topics from Angry Young Men, Bestsellers, and Concrete Poetry to Soap Opera, Vietnam Writing, and Westerns. A lively introduction by John Sutherland highlights the various and sometimes contradictory canons that have emerged over the century, and the increasingly international sources of writing in English which the Companion records. Catering for all literary tastes, this is the most comprehensive single-volume guide to modern (and postmodern) literature.
