

The Silent Twins Marjorie Wallace

Laurie Nadel, Judy Haims, Robert Stempson

The Silent Twins Marjorie Wallace, 2012-08-31 The astounding true story behind the major new motion picture starring Letitia Wright and Tamara Lawrance, with a new epilogue from the author 'A compelling and tragic story' Mail on Sunday When identical twins, June and Jennifer Gibbons were three they began to reject communication with anyone but each other, and so began a childhood bound together in a strange and secret world. As they grew up, love and hate united to push them to the extreme margins of society and, following a five week spree of vandalism and arson, the silent twins were sentenced to a gruelling twelve-year detention in Broadmoor. Award-winning investigative journalist Marjorie Wallace delves into the twins' silent world, revealing their genius, alienation and the mystic bond by which the extremes of good and evil ended in possession and death. 'Breathtaking' Independent 'Extraordinary' Oliver Sacks, New York Times Review of Books

Signifying Bodies G. Thomas Couser, 2009-10-22 Sheds new light on the memoir boom by asking: Is the genre basically about disability?

The Complete Book of Sisters Luisa Dillner, 2010-10-07 A sister is for life: your best friend, or your worst enemy. She is the yardstick by which you measure how well you're doing and the keeper of your family secrets. She may be the first person you rush to when something wonderful happens or the one whose shoulder you cry on. She's the one you're compared to and the one to compete with. In this entertaining collection there are sisters ranging from the loving Brontës to the scrapping Mitfords (who could never remember who was in and who was out of favour), to the Pankhursts (who fought for women's suffrage only to fall out with each other), to sisters of Lenin and Hitler, and of Kings and Queens. There are sisters whose job it is to compete with each other, such as Venus and Serena Williams. 'It wasn't fun eliminating my little sister, but I have to be tough', said Venus. A Lewis Carroll poem says, 'never stew your sister'. If cooking her isn't allowed, what is the worst thing you can do to your sister? If you want to make sure she'll never forgive you, pinch her man or borrow her clothes.

Performance and Participation Anna Six, Helen Nicholson, 2017-09-16 This edited collection gathers together leading

voices in theatre and performance studies to debate the politics of participation and find points of connection across a range of performative forms – including community theatre, live art, applied theatre, one-to-one performance and marathon running. Arranged in three sections, 'Recognising Participation', 'Labours of Participation', and 'Authoring Participation', the book raises productive questions about how and why audiences are encouraged to participate in creating the artistic work. This intersection, the authors suggest, blurs the boundaries between producer and consumer, promising modes of engagement that are at once political, social and aesthetic. Applying theoretical ideas to concrete discussions of practice, this is an ideal resource for undergraduate and postgraduate students of applied theatre, political and socially-engaged theatre, participatory theatre making and performance studies.

Performance in the Twenty-First Century Andy Lavender, 2016-05-26 Performance in the Twenty-First Century: Theatres of Engagement addresses the reshaping of theatre and performance after postmodernism. Andy Lavender argues provocatively that after the 'classic' postmodern tropes of detachment, irony, and contingency, performance in the twenty-first century engages more overtly with meaning, politics and society. It involves a newly pronounced form of personal experience, often implicating the body and/or one's sense of self. This volume examines a range of performance events, including work by both emergent and internationally significant companies and artists such as Rimini Protokoll, Blast Theory, dreamthinkspeak, Zecora Ura, Punchdrunk, Ontroerend Goed, Kris Verdonck, Dries Verhoeven, Rabih Mroué, Derren Brown and David Blaine. It also considers a wider range of cultural phenomena such as online social networking, sports events, installations, games-based work and theme parks, where principles of performance are in play. Performance in the Twenty-First Century is a compelling and provocative resource for anybody interested in discovering how performance theory can be applied to cutting-edge culture, and indeed the world around them.

Aspects in Astrology Sue Tompkins, 2002-09-01 Illustrates how aspects can offer a profound depiction of an individual and his or her destiny. • Contains comprehensive sections full of interpretations for every planetary combination. • Concepts are explained through the use of actual birth charts and diagrams. • A core textbook at the Faculty of Astrological Studies in London. Aspects are an essential piece of the astrological puzzle when it comes to interpreting and using the information that astrology can give us. It is not enough to know the placement of the planets on the horoscope. It is the relationships between the stars and planets that let us grasp the destiny of the individual. Aspects describe the drama of our lives--the complex configurations that influence what will happen to us over time. Sue Tompkins, a fellow of the Faculty of Astrological Studies in London, shows how to interpret aspects when doing daily astrological readings. She uses the lives of real people to plot the aspects and offers examples of every possible planetary combination. Detailing the influence of oppositions, trines and elemental trines, and cardinal, mutable, and fixed crosses, Tompkins shows how aspects provide the energy in the chart that transforms the horoscope into something symbolizing an alive and vital human being. With Aspects in Astrology, Tompkins

provides both the novice and the experienced astrologer the evidence and concrete methods needed to grasp the vast knowledge offered to us by our horoscope.

The Survivors Steve Braunias,2024-07-01 True stories of death and desperation One survivor chooses loneliness. One chooses exile. One chooses oblivion. Some have violent tendencies, ruining lives indiscriminately. Some seal their own fate in slow motion; others do so in the blink of an eye. In The Survivors, award-winning true-crime writer Steve Braunias retells twelve mysteries of human nature - unusual stories of how people choose to survive their own lives, and their decisions, desires, impulses... and failings.

Virginia Woolf Louise A. DeSalvo,1990 In this amazing odyssey of two black women from the 1930s to the present, all the storytelling gifts of a brilliant Pulitzer Prize -- winning writer are abundantly displayed. When we first meet Baby, she's one of six black children abandoned by their parents during the Depression. They are roadwalkers -- homeless wanderers across the rural South, leading a dangerous, almost enchanted life. One by one they are saved, lost, or simply disappear, until only Baby and a brother are left, living off the land -- a primitive gypsy existence hauntingly described. Finally Baby is captured -- almost like a wild animal -- by the white farm manager of an old plantation where the children have been hiding. He sends her to an orphanage in New Orleans, where she guards the rich mythic content of her wandering against the invasive kindness of the nuns by covering the walls with strange, brilliant drawings of flowers and animals. We next see Baby decades later, through the eyes of her daughter, Nanda, who at thirty-six looks back at her own childhood. Baby and Nanda move into the middle class through Baby's eccentrically successful career -- first as a seamstress, then as a designer of dresses for rich white women. Raised a princess in the protective circle of Baby's magic, Nanda in her teens is suddenly catapulted into the white world when she is sent off to integrate a white Catholic girls' school in the East. Seeing herself as her mother saw herself -- alone in an alien place, Nanda finds an entirely different means of survival. A rich and wonderfully fresh -- often astonishing -- evocation of the black experience in the South, seen through the lives of two fascinating women.
