**John Coleman**

**Conspirators' Hierarchy** John Coleman,1992 Can you imagine an all powerful group, that knows no national boundaries, above the laws of all countries, one that controls every aspect of politics, religion, commerce and industry, banking, insurance, mining, the drug trade, the petroleum industry, a group answerable to no one but its members? To the vast majority of us, such a group would appear to be beyond the realms of possibilities and capabilities of any given organization. If that is what you believe, then you are in the majority. The conception of a secret, elite group exercising control of every aspect of our lives is beyond our comprehension. Americans are prone to say, It can't happen here, our Constitution forbids it. That there is such a body, called The committee of 300, is graphically told in this book. When most people attempt to address our problems, they speak or write about they; this book tells precisely who they are, and what They have planned for our future, how they have been at war with the American nation for 50 years, a war which we are on the brink of losing, what methods They use and exactly how they have brainwashed us. If you are Puzzled and perplexed as to why things are occurring that we as a nation don't like yet seem powerless to prevent, why it is that the United States always seems to back the wrong horse, Why the united states is in a depression from which it will not emerge, why our former social and moral values have been turned aside and seemingly buried; if you are confused by the many conspiracy theories, the conSPirators' hierarchy: the committee of 300 will clearly establish that these conditions have been deliberately created to bring us to our knees. Once you have read the applying truths contained in this book, understanding past and present political, economic, social and religious events will no longer be a problem. This powerful account of the forces ranged against the United States, and indeed the entire free world, cannot be ignored.

**The Mammoth Book of Conspiracies** Jon E. Lewis, 2012-02-16 Bang up to date with fresh cover-ups relating to Barack Obama, Michael Jackson and Afghanistan The 100 military, medical, religious, alien, intelligence, banking and historical cover-ups 'they' really don't want you to know about: The Military-Industrial Complex's fomentation of war with Iraq; the construction of concentration camps in the United States by FEMA (the Federal Emergency Management Agency); the use of alien 'Foo Fighters' by the Nazis and the Japanese during the Second World War; the miracle natural drug suppressed by Big Pharma; the Israelis' responsibility for the bombing of USS Cole; the real reason why CERN broke down; the murder of Paul McCartney - and you didn't even know he was dead. Entertainingly written and closely documented, The Mammoth Book of Conspiracies uncovers the 100 most secret cover-ups in an accessible A-Z format. It covers 95 new conspiracies even more fiendish than those detailed in The Mammoth Book of Cover-Ups by the same author, and provides fresh revelations regarding the five furthest-reaching conspiracies in that book, including the assassination of JFK and 9/11. The book includes a full bibliography and introduction.

**Where Were You Before The Tree of Life? Volume 6** Peter R. Farley, 2011-04-04 Volume 6 of 9 These books are the first to fully map out the history of alien interaction with the Earth, past, present, and into the near future. Extending the work of noted researchers such as Erich Von Daniken and Zecharia Sitchin, the book series goal is to show its readers the extensive repercussions this interaction has had on life on this planet, especially its formative role in the global conspiracy known as the New World Order.

*The Conspirator's Hierarchy* John Coleman, 2024-11-24 Certainly many of us are aware that the people who run our government are not the people who really control political and economic issues, domestic and foreign. This has led many of us to seek the truth in the alternative press, those newsletter writers who, like me, have investigated, but not always found, the reasons why the United States is so seriously ill. The injunction 'seek and you shall find' has not always been the case with this group. What we have found is that people mostly live in a kind of obscure fog, not bothering to find out where their country is going, firmly convinced that it will always be there for them. This is how the largest group of the population has

been manipulated to react, and their attitude plays right into the hands of the secret government. We often hear that 'they' are doing this, that or the other thing. 'They' literally seem to be able to get away with murder. 'They' are raising taxes, sending our sons and daughters to die in wars that don't benefit our country. 'They' seem beyond our reach, out of sight, frustrating and nebulous when it would be appropriate to take action against them. No one seems able to clearly identify who 'they' are. It's a situation that has persisted for decades. In the course of this book, we will identify these mysterious 'they' and then it will be up to the people to remedy the situation. On April 30, 1981, I wrote a monograph revealing the existence of the Club of Rome, identifying it as a subversive organization of the Committee of 300. This site was the first mention of these two organizations in the United States. I warned readers not to be fooled into thinking that the article was far-fetched and drew a parallel between my article and the warning issued by the Bavarian government when the secret plans of the Illuminati fell into its hands. More on the Club of Rome and the role of the Committee of 300 in American affairs later. Many of the predictions made in that 1981 article have since come true, such as the unknown Felipe Gonzalez becoming Prime Minister of Spain, and Mitterrand returning to power in France; the fall of Giscard d'Estang and Helmut Schmidt; the return to power of Swedish nobleman and Committee of 300 member Olof Palme (who has since been mysteriously murdered); the reversal of Reagan's presidency; and the destruction of our steel, car and housing industries under the Committee of 300's goal of post-industrial zero growth.
