Fiction Literary Terms in John Cheever's Short Story "The Swimmer" Anne Sander, 2018

The Stories of John Cheever John Cheever, 2011-04-20 PULITZER PRIZE WINNER • NATIONAL BESTSELLER • A seminal collection from one of the true masters of the short story. Spanning the duration of Cheever's long and distinguished career, these sixty-one stories chronicle and encapsulate the lives of what has been called "the greatest generation." From the early wonder and disillusionment of city life in "The Enormous Radio" to the surprising discoveries and common mysteries of suburbia in "The Housebreaker of Shady Hill" and "The Swimmer," these are tales that have helped define the form. Featuring a preface by the Pulitzer Prize-winning author, *The Stories of John Cheever* brings together some of the finest short stories ever written. Cheever's crowning achievement is the ability to be simultaneously generous and cynical, to see that the absurd and the profound can reside in the same moment, and to acknowledge both at the detriment of neither. —The Guardian

A Distant Drummer Jamal Assadi, William Freedman, 2007 A Distant Drummer attends more to F. Scott Fitzgerald's aesthetic merits, ideas, style, techniques, context of his works and less to biographical details which, critics believe, are intricately interwoven within his works. In striving to respond to Fitzgerald's artistry away from the impulse of the author's personal experience, it is - in a very strange paradox - more attuned and, in consequence, closer to Fitzgerald, who wanted his fiction to be objectively judged and free of the stigma which besmirches his reputation.

The State of Race Sze Wei Ang, 2019-01-01 An innovative comparative study of the role racial stereotypes play in expressing state power under globalization. Contemporary ideas about race are often assumed to be products of specific locales and histories, yet we find versions of the same ideas about race across countries and cultures. How can we account for this paradox? In *The State of Race*, Sze Wei Ang argues that globalization has led to new ways of using racial stereotypes as shorthand for complex social relations in disparate national contexts. Literature then provides a key to understanding these labels and the role that race has played in shoring up state power since World War II. Ang contends that in an era marked by global economic dependence, the nation-state has only become more rather than less central to organizing social life via tropes of race that cast human and cultural differences in morally charged terms. Focusing on a series of Asian American and Malaysian texts, Ang tracks the significance of two figures in particular—the model minority and the communist spy. Appearing in novels, politics, and popular culture, these stereotypes anchor powerful narratives about race, global capital, and state sovereignty. In exploring the United States and Malaysia, two countries that seem to not have much in common, Ang reveals how they share very similar ways of conceptualizing race and sheds light on an emerging global story of value. “This book is an innovative and transnational study that demonstrates a rigorous and revelatory comprehension of Malaysian racial formation in a global context. The literary readings and their framing, as well as the incisive movement through key racial projects in Malaysia’s postcolonial history, are all exceptional.” — Josephine Nock-Hee Park, author of *Cold War Friendships: Korea, Vietnam, and Asian American Literature*

American Literature on Stage and Screen Thomas S. Hirschak, 2014-01-10 The 525 notable works of 19th and 20th century American fiction in this reference book have many stage, movie, television, and video adaptations. Each literary work is described and then every adaptation is examined with a discussion of how accurate the version is and how well it succeeds in conveying the spirit of the original in a different medium. In addition to famous novels and short stories by authors such as Nathaniel Hawthorne, F. Scott Fitzgerald, and Willa Cather, many bestsellers, mysteries, children's books, young adult books, horror novels, science fiction, detective stories, and sensational potboilers from the past two centuries are examined.
