*The United-Independent Compensatory Code/System/Concept Textbook - Original Edition* Neely Fuller,1984 The Compensatory Code is a term that means the sum total of everything that is thought, said, or done by one individual Non-White person, who is a Victim of Racism [Victim of White Supremacy].

Face-It Finding Answers Concerning Every Issue Today Dr. Ava S. Harvey Sr.,2019-03-20 The Black church has traditionally served as the unifying agent within the Black community. It was the locus of formation regarding morality training, spiritual awareness and social activism. It provided a safe space for African Americans to heal from the evil wounds of slavery, bigotry, Jim Crow, discrimination and racism. In recent years the role and place of the Black church in the life of African American people has begun to diminish. In no specific gender is this reality seen more clearly than in the absence of Black men from church pews. Across denominational lines, irrespective of geographical locations, backgrounds, and class, Black men are exiting the Black church at a rate that is both shocking and alarming. The key to restoring the Black church lies within the heart and hands of the Black man. This book seeks to offer a new strategy to reach, resource, and restore the Black man to his God-given position of prominence by facing the issues that have marred his identity.

**The United-independent Compensatory Code/system/concept** Neely Fuller (Jr.),2010 This word-guide is for the purpose of helping to compensate for the confusing use of words, so-called word-terms and/or definitions of words as used in what is called the English language, during the existence of The System of White Supremacy (Racism).--Page [two] of cover.

**The White Matrix** Nova T. Langston,2025-04-26 What if white supremacy isn't just an ideology or racial system... but performance art? In the 1999 movie *The Matrix*, people lived in a computer-generated illusion, completely unaware. What if I

told you--you're living in a human-generated one? Take your first step into new truth... The White Matrix rips off the mask of the roles millions play to uphold the illusions of white supremacy. From the Christian to the patriot, from the gaslighter to the reverse-racism victim, and many more, Langston exposes how these roles are performed in politics, media, and everyday life to keep the system alive. Set against the chaotic backdrop of the Trump presidency and beyond, this concise, powerful work is an unflinching dissection of racial deception. Langston not only reveals the show but hands you the script. Whether you're ready or not, within one hour, The White Matrix will change how you see the world...and yourself. Once you step inside, there's no going back.

*The Genesis of the Bible* Shaka Saye Bambata Dolo, 2012-03 This book is about Christianity, Islam, Judaism, and how the Arabs and Europeans took these Afrikan Religious Belief Systems from ancient Egypt, North Afrika and used them during The Trans-Sahara Afrikan Slave Trade by the Arabs in the name of Allah, and followed by The Transatlantic Afrikan Slave Trade by the Europeans in the name of Jesus, to enslave the bodies, minds, and souls of the Afrikan Race. This book is about the Jesus' Deception that has been passed on down through history by European historians, that is still being taught around the world today. This book takes a provocative intellectual, scholastic, historical, cultural, and sociological look at the Bible. This book identifies the names of the translators of the King James Bible of 1611 A. D., and when the chapters and verses in the Bible were created and who created them. The purpose of this book is to expose the historical, cultural, sociological, religious and theological lies of the Europeans and the Arabs. This book reveals the truth of the origination of The Bible, as There Is No Religion Higher Than The Truth. Join me in an intellectual odyssey through time. Here, I feel like a Lone Warrior standing before a mighty army. Come with me on this perilous pilgrimage as we travel through a parallel universe. I dedicate this book to my mother and father who gave me life. To the rest of my Native Afrikan family for supporting me and encouraging me on this publishing venture. To the Heavenly Father, without whom none of this would be possible. There are others I would also like to thank for being a part of helping me through this journey called Life, such as my professors at the Alabama State University where many a great scholars paths I have crossed. To my American family and friends in Mobile, Alabama who nurtured and taught me from childhood to adulthood. The many friends and colleagues I met in my travels all across America in my intellectual journey, and last but certainly not least, to my publisher for granting me the opportunity to speak to many all around the world in this forum. I am eternally indebted to you all-Thank you.

**Holding the Line** George White Jr., 2005-11-04 The rivalry between the United States and the Soviet Union intensified as Dwight D. Eisenhower entered the White House. However, the burning question for the vast majority of the world's population was not whether they would join the 'Free World' or the Soviet bloc, but whether they could achieve meaningful self-determination. Nowhere did the answer to that question loom larger than in Africa. The Eisenhower administration's confrontation with Africa demonstrates the significance of race in the creation and execution of American foreign policy. In

this new work, historian George White, Jr. explores the ways in which Eisenhower diplomacy, influenced by America's racialized fantasies, fears, and desires, turned the Cold War into a global sanctuary for the rehabilitation of Whiteness. In turn, American statesmen and bureaucrats justified the undermining of democracy and freedom by stuffing the multi-faceted realities of African aspirations and Western privileges into the straitjacket of a bi-polar worldview. Using as its foundation American relations with Ethiopia, Ghana, South Africa, and the Congo, *Holding the Line* demonstrates the power of race to warp perception and to severely limit the parameters and possibilities of human engagement. *Holding the Line* provides a fresh perspective on 1950s era U.S. foreign relations that remain salient in American diplomacy today. This is a book that will be of interest to students of American diplomatic history, Critical Race and Whiteness studies, American studies, and international relations.

**Africana Islamic Studies** James L. Conyers Jr., Abul Pitre, 2016-03-04 *Africana Islamic Studies* highlights the diverse contributions that African Americans have made to the formation of Islam in the United States. It specifically focuses on the Nation of Islam and its patriarch Elijah Muhammad with regards to the African American Islamic experience. Contributors explore topics such as gender, education, politics, and sociology from the African American perspective on Islam. This volume offers a unique view of the longstanding Islamic discourse in the United States and its impact on the American cultural landscape.

**The New Plantation** B. Hawkins, 2010-02-15 *The New Plantation* examines the controversial relationship between predominantly White NCAA Division I Institutions (PWI s) and black athletes, utilizing an internal colonial model. It provides a much-needed in-depth analysis to fully comprehend the magnitude of the forces at work that impact black athletes experiences at PWI s. Hawkins provides a conceptual framework for understanding the structural arrangements of PWI s and how they present challenges to Black athletes academic success; yet, challenges some have overcome and gone on to successful careers, while many have succumbed to these prevailing structural arrangements and have not benefited accordingly. The work is a call for academic reform, collective accountability from the communities that bear the burden of nurturing this athletic talent and the institutions that benefit from it, and collective consciousness to the Black male athletes that make up the largest percentage of athletes who generate the most revenue for the NCAA and its member institutions. Its hope is to promote a balanced exchange in the athletic services rendered and the educational services received.
