Léon Clédat

Lexique, Syntaxe et Lexique-Grammaire / Syntax, Lexis & Lexicon-Grammar Christian Leclère,Éric

Laporte,Mireille Piot,Max Silberztein,2004-07-29 Maurice Gross, who died in December 2001, was a pioneer and leading thinker in the field of modern linguistics. Long before computers could facilitate large-scale, lexically-based language study, he and his team began building an exhaustive, empirically-based inventory of the lexicon-grammar of French which, thirty years later, still remains the most complete syntax-based lexicon available. Researchers all over the world have adopted the Gross model of description, which serves as a computational model for any language. As can be seen in the contributions in this volume, it has been applied to languages as different as Arabic, Chinese, English, Greek or Korean (as well as the major Romance languages, of course). In this volume the reader will also find a number of articles by eminent linguists who were close friends of Maurice Gross, and frequently in dialogue with him on linguistic issues. No matter whether they shared his theoretical views, or his particular empirical methods of description, they each had great respect for his work, especially for the close-grained linguistic analysis which has set a benchmark for future generations.

Manuel de conjugaison des verbes albanais Fatime Neziroski,2003-09-01 La langue albanaise est une des plus anciennes langues indo-européennes. Sa grammaire est riche et complexe. La conjugaison à elle seule exige une étude approfondie car elle présente des particularités qui lui sont propres, telles : l'omission du pronom personnel sujet, une forme active et une forme non-active, l'existence de deux modes verbaux inconnus en français. Ce manuel est un nouvel outil indispensable pour l'apprentissage de la langue albanaise.

Mieux Écrire en Français Michèle R. Morris,1988 This expanded edition serves as a comprehensive reference guide as well as a systematic, learner-centered approach for native English-speaking students. The author addresses the most common problems of writing in French, and progresses from words to sentences to paragraphs to the elaboration of accurate and authentic expository prose.

English-French Translation Christophe Gagne, Emilia Wilton-Godberfforde, 2020-12-29 *English-French Translation: A Practical Manual* allows advanced learners of French to develop their translation and writing skills. This book provides a deeper understanding of French grammatical structures, the nuances of different styles and registers and helps increase knowledge of vocabulary and idiomatic language. The manual provides a wealth of practical tasks based around carefully selected extracts from the diverse text types students are likely to encounter, from literary and expository, to persuasive and journalistic. A mix of shorter targeted activities and lengthier translation pieces guides learners through the complexities and challenges of translation from English into French. This comprehensive manual is ideal for advanced undergraduate and postgraduate students in French language and translation.

Patoiseries de "La Soutrane" Marcel Rémy, 2021-10-14 *Patoiseries de « La Soutrane »* (nom marchois de La Souterraine, Creuse), publié à l'origine en 1944, constitue l'un des plus longs et des plus anciens ouvrages écrits dans l'un des parlers du nord-ouest de la Creuse. Il s'agit d'une très importante ressource concernant le marchois, et plus généralement les parlers du Croissant (aire de transition entre les parlers d'oc, ou occitan, et les parlers d'oïl). L'ouvrage peut ainsi être mis en perspective avec la littérature de terroir, mais aussi avec la littérature en occitan limousin. Ce recueil fournit de précieuses informations sur les parlers marchois du milieu du XXe siècle. Cette nouvelle édition propose aussi une traduction en français, une introduction détaillée, ainsi qu'une transcription de trois textes en graphie occitane adaptée. En outre, plusieurs textes ont été enregistrés dans le cadre d'une émission de la radio RMJ de Magnac-Laval (Haute-Vienne), et sont proposés librement en ligne.
