Zentyal for network administrators : Version 3.0 ; Linux Small Business Server ; preparation for the certification exam Zentyal Certified Associate (ZeCa) [Anonymus AC10764564],2012 Zentyal, is the Linux small business server. The project started in 2004 and the mission was and still is to grant small and medium organisations with an affordable and easy-to-use computer network that will provide improved reliabiltity and security of their network infrastructure. The result is a solution that makes it possible to reduce both capital investment and operational costs by over 50 per cent. Currently, Zentyal is the open source alternative to Windows Small Business Server. Zentyal-based products and services offer an easy and affordable network management for SMBs and IT providers around the world. This manual describes the main technical features of Zentyal, helping the reader through theoretical introductions, practical examples, proposed exercises and professional tips, to facilitate the understanding of the concepts required for service management and to become productive in the administration of IT infrastructures within SMB environments using Linux systems. In addition, this manual assists with preparation for the certification exam ZeCA (Zentyal Certified Associate), an official certification that validates the knowledge and skills required for successful network administration using Zentyal.
