**The 48 Laws of Power** Robert Greene, 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

*The 48 Laws Of Power* Robert Greene, 2010-09-03 THE MILLION COPY INTERNATIONAL BESTSELLER 'If power is your ultimate goal, this is the book you need' The Times Amoral, cunning, ruthless, and instructive, this piercing work distills three thousand years of the history of power into forty-eight well-explicated laws. As attention-grabbing in its design as it is in its content, this bold volume outlines the laws of power in their unvarnished essence, synthesizing the philosophies of Machiavelli, Sun-tzu, Carl von Clausewitz, and other great thinkers. Some laws require prudence (Law 1: Never Outshine the Master), some stealth (Law 3: Conceal Your Intentions), and some the total absence of mercy (Law 15: Crush Your Enemy Totally), but like it or not, all have applications in real-life situations. Illustrated through the tactics of Queen Elizabeth I, Henry Kissenger, P T Barnum, and other famous figures who have wielded - or been victimised by - power, these laws will fascinate any reader interested in gaining, observing or defending against ultimate control.

**Summary of The 48 Laws of Power** Alexander Cooper, 2021-04-24 Summary of The 48 Laws of Power The desire for power is a fundamental human behavior. When one feels that he has no power over others or events, he is likely to be depressed. Everyone wants power. Those who pretend to have no desire for power are either deceiving themselves or attempting to deceive others. Power is like a drug that makes you stronger each time you taste it. The more you get, the more you want. Even though it is a fundamental human behavior, the desire for power is considered impolite and selfish. It is

widely held that those who seek power must seem to have no interest in it, and on the contrary they must pretend to care only about others. The one who can disguise his pursuit of power with his care for others ends up becoming the most powerful. This seems paradoxical but the fact remains that you cannot honestly and forthrightly pursue power. You invariably have to disguise both your means and your ends. The 48 Laws of Power by Robert Greene is a collection of “laws” based on historical and philosophical anecdotes. These laws are amoral as they themselves don’t take into account any sense of right or wrong. Instead, the laws focus on how one can increase their influence over any situation, regardless of their moral consequences. This book explores the nuances of manipulating people around you for establishing power. The book focuses on how to gain power in any situation, regardless of whether it’s morally right or wrong, and it uses specific anecdotes from history to illustrate the “rules of power”. These laws may seem scandalously frank, but you can apply them without violating any of the strictures of public morality, which, according to Robert, is the way to get the best results. **The 48 Laws of Power (New Revision and Analysis)** Robert Greene, Tomas Santiago, 2022-12-09 People magazine called Robert Greene and Joost Elffers's The 48 Laws of Power beguiling and fascinating for their ability to condense three thousand years of history into just a handful of rules. The authors drew from the works of Machiavelli, Sun Tzu, and Carl von Clausewitz, as well as the experiences of historical figures such as Henry Kissinger and P.T. Barnum. Many laws advise

complete self-preservation (e.g., Law 15: Crush Your Enemy Totally), while others teach the importance of caution (Law 1: Never Outshine the Master), and yet others teach the value of confidence (Law 28: Enter Action with Boldness). To be sure, there is one thing that all laws have in common: a desire for complete dominance. The 48 Laws of Power, presented in a striking and eye-catching two-color format, is a must-read for anybody with an interest in winning, protecting yourself, or even just understanding the laws of engagement.
