## **"Shall I compare thee to a summer's day?" An Interpretation of Sonnet Nr. 18 by William Shakespeare**

Katharina Kirchmayer, 2010-06-08 Seminar paper from the year 2006 in the subject English Language and Literature Studies - Literature, grade: 3, University of Graz (Anglistik), course: Einführung in die Literaturwissenschaft I, language: English, abstract: There might be several reasons for the sonnet's popularity, but it certainly is a very special atmosphere which is created by William Shakespeare, comparing his strong and infinite love with the beauty of a summer's day (Shall I compare thee to a summer's day?). This term paper should be an interpretation of Shakespeare's famous Sonnet 18. First, some aspects of the historical background of Shakespeare should enable a better understanding of the author and the time in which the Sonnet was written. Further, the poem will be analysed according to its content (narrative features and setting). On the level of enunciation this paper will give an outline what the typical Shakespearian Sonnet's structures are (form, meter and rhyme scheme) and how Sonnet 18 is based on them. Then the poem will be analysed according to its phonological, morphological/syntactical and semantic figures.

**Shakespeare's Sonnets Exposed: Volume 1** fisher king, 2020-01-22 Shakespeare's Sonnets, the Bard's only self-published works, are arguably the most beautiful, tragic, mystifying and crazy compilation of words in the English language. For four hundred years they've been almost exclusively the domain of scholars and academics, and for four hundred years their dark magic has passed the rest of us by. Transcribed from the podcast series of the same name, this is the first in a series analysing Shakespeare's Sonnets which is aimed as much at those who have never encountered the sonnets before as at seasoned scholars. The analysis is based on the original 1609 Quarto edition and introduces a new reading based exclusively off the text and uncontaminated by contemporary theories. All proceeds will be going towards the production of a wonderfully illustrated graphic novel adaptation of Shakespeare's Sonnets!

**Stylistic Analysis of Robert Frost's 'The Secret Sits' and William Shakespeare's 'Sonnet 18'** Christoph Höbel, 2010-03 Seminar paper from the year 2004 in the subject English Language and Literature Studies - Linguistics, grade: 2,0, University of Trier (FB II Anglistik), course: Stylistics (of literary texts), language: English, abstract: The paper is divided in two parts: the first deals with the poem The Secret Sits by Robert Frost. It tries to illustrate and state the aims of linguistic stylistics. The second and bigger part deals with a principle of Stylistics: Stylistics requires precision of reference to the text in support of a particular interpretation, and emphatically not precision of interpretation (based on H.G. Widdowson). Starting from this principle the paper offers a stylistic interpretation of William Shakespeare's Sonnet 18.

*CliffsNotes on Shakespeare's Sonnets* Carl Senna, 2001-03-07 Numbering more than 150, Shakespeare's sonnets have contributed significantly to discussions of the elusive character of the Bard. While most of the poems are addressed to a young man, others invoke the renowned Dark Lady. Each sonnet is interpreted, focusing on language particular to the poem, as well as on how the sonnet form furthers meaning. In addition, Shakespeare's major themes of love and beauty; mutability; and time and immortality are explored.

**The 'Fair Youth' and the 'Dark Lady' in Shakespeare's sonnets and their relationship to the Poetic Persona**

Eva Schiffbauer, 2016-07-20 Seminar paper from the year 2016 in the subject English Language and Literature Studies - Literature, grade: 2,0, RWTH Aachen University (Institut für Anglistik, Amerikanistik und Romanistik der RWTH Aachen), course: The Sonnet - History of a Genre, language: English, abstract: Nowadays sonnets, or probably even lyric in general, are not very popular anymore. That was quite different in the Elizabethan era when sonnet-writing was widespread during the so called "sonnet vogue" at the end of the 16th century. A lot of sonnets were written during that time by poets like Sir Philip Sidney, Edmund Spenser or of course William Shakespeare, whose sonnet sequence contains 154 sonnets in total. Some of Shakespeare's sonnets are still very well-known today and are read and analysed by students in schools or universities. To get a better understanding of these poems, an important aspect one should be concerned with is the addressee of each sonnet. Shakespeare had two major addressees for his sonnets: The "Fair Youth" - respectively the "Young Man" - and the "Dark Lady" whose identities are still a matter of speculation even today. The first part of Shakespeare's sonnet sequence, namely sonnets 1-126, is directed to the "Young Man", while sonnets 127-154 are written to the "Dark Lady". But how are these figures - the young man and the dark lady - portrayed by the poetic persona? What does this portrayal tell the reader about the relationship between persona and addressee? Are these relationships of a similar nature or do they differ in some aspects? In this paper I am first going to deal with the "Fair Youth" sequence: There will be a short characterisation of this figure before I will concern myself with the relationship to the poetic persona. After a brief summary of these results the "Dark Lady" sonnets will be examined in the same manner while regarding the results about the "Young Man" I achieved before. These points will be executed by looking at several sonnets in detail. For the "Fair Youth" section these are going to be sonnets 18, 20, 26, and 116; for the "Dark Lady" sonnets I will deal with sonnets 127, 130, 129, and

144. At the end I will recapitulate the ascertained outcomes in a conclusion.
